## R A M S H E D

Casa Roble Construction students are again building the popular Ram Shed custom storage sheds. These are less expensive than commercially built sheds and are built with superior materials and craftsmanship. They are made entirely by students and all proceeds from their sale go directly back to the program. We only build 8-10 per year and they sell quickly! Place your custom order now! **All prices include tax and delivery!**

### Ram Shed Standard Features

### Options Include

Ramp to Door	\$50.00
Extra Window	\$100.00
Workbench	\$40.00
Wall Shelving	\$100.00 Two walls
Roll up door	\$200.00 This is a 6-foot wide roll-up door that is commonly found on storage lockers. It rolls into a tube so it doesn't take up any rafter space, or get into the way of any shelves or equipment you may have. It is very strong and secure. This is a special price as a door of this size and style normally goes for \$300.00! Can only be placed on gable end.
Skylight	\$90.00
Roof Vent	\$60.00 Our sheds come with plenty of under eave venting, but some customers want extra.
Lighting/power	\$125.00 We will install a 4' dual fluorescent tube fixture, switch, and receptacle, however, <b><u>we do not supply power to the shed.</u></b> We will place a plug on the end of the wire that will allow you to plug the shed into a power source and have temporary power and lighting in the shed.
Paint	\$200.00 We will paint the shed the color of your choice. Two coats of primer, two coats of paint. Customer supplies the paint.

**Use the shapes below to show placement of windows and doors.**

Roof Ridge: Door generally goes under the ridge (roll-up door must).
