

Tactics

- We will develop grade level appropriate project based activities that integrate technology and hands-on learning.
- We will evaluate each student to identify their unique needs and abilities and provide effective support including goal setting, enrichment and intervention.
- We will actively engage our families and community as valued partners in the education process.

Your Role

The Planning Team met in August for an intense two-day session to develop this draft plan.

The results of their work are: a shared set of beliefs; a mission giving direction for the school; objectives on how to measure success; and strategies to achieve success. Now, the work begins.

Action Teams that will meet this fall are being formed for each of the identified tactics.

Del Dayo Elementary School

Strategic Plan **DRAFT**
2012 - 2015

DRAFT

www.sanjuan.edu/deldayo

Mission

At Del Dayo Elementary, a collaborative neighborhood school of excellence, we educate, challenge, inspire, and motivate our students in partnership with families, staff and community to develop a life long love of learning and curiosity by providing rigorous hands-on curriculum in a nurturing environment with respect and dignity.

Objectives

- **All students will successfully complete a challenging personal education plan at each appropriate level to help them meet their full potential.**
- **By 2015 each grade level at Del Dayo will implement project based activities that build student skills from Kindergarten through 6th grade, culminating with a 6th grade challenge project.**
- **By 2014, students will demonstrate grade level proficiency of technology skills that will enable them to succeed in the 21st century.**

We Believe That:

- Every person is unique and has equal worth.
- Everyone can and will learn.
- People learn in different ways and at varied paces.
- Education is the shared responsibility of students, families, teachers, staff, and community.
- Quality education expands opportunities throughout a person's life.
- Challenging people to meet high expectations leads to exceptional learning and remarkable results.
- Nurturing relationships and healthy environments are necessary for individuals to thrive.
- Diversity is a valuable asset that strengthens and enriches our community.
- Personal development and community well-being depend on individual responsibility.
- Everyone benefits when people willingly contribute to the well-being of others.
- Honesty and integrity are essential to build trusting relationships.
- Access to a quality public education is essential to our democracy.

Strategic Parameters

We will always operate schools which are physically and emotionally safe with environments conducive to learning.

School and program plans will always be aligned with the Strategic Plan of the district.

We will not tolerate behavior or language which demeans the dignity or worth of any individual or group.

No program or service will be retained unless it makes an optimal contribution to the mission and benefits continue to justify the costs.

We will not tolerate ineffective performance by any staff member.

As we focus on improving English-language arts and math, within a balanced curriculum.

No new program or service will be accepted unless:

- **It is consistent with the Strategic Plan,**
- **Its benefits clearly justify the costs, and**
- **Provisions are made for professional development, program evaluation and communication with constituents.**
