Wearing is caring: face coverings for all

All students, staff, and visitors are required to wear face coverings at our schools. Families are welcome to provide face coverings for their students. Schools will make disposable face coverings available for any student who does not have one.

Wash your hands before putting on your face covering.

Check to be sure the face covering fits snugly over the nose and mouth and under the chin and that there are no gaps around the sides.

Do NOT touch the face covering when wearing it.

Face coverings may be temporarily removed for snacks and meals. Use the straps to remove the face covering. Then, fold the outside corners together and store. Wash your hands after removing the face covering.
