

DIABETES

A person having a diabetic reaction could have the following signs & symptoms:

- Irritability and upset
- Sweating and feeling “shaky”
- Change in behavior
- Unconsciousness
- Rapid, deep breathing
- Seizure
- Fruity or sweet breath
- Rapid pulse
- Cramping
- Dizziness
- Listlessness
- Pallor
- Confusion

A person with diabetes should be known to appropriate school staff.

A history should be obtained and an emergency care plan should be developed at time of enrollment.
