

# Welcome to 6<sup>th</sup> Grade!

Welcome back to school, we are excited to be back with you to learn. We know this year will not look like any other we have experienced in school, but we are pleased that we get to experience it with you! Traditionally, we send a supply list for all the materials you will need to be successful in the classroom, but as you know this is not a traditional school year so we have included some ideas to help you begin the year learning from home.

Below are some ideas to help you set up and prepare for 6th grade, Distance Learning style.

1. Set up a space to learn

- ★ A quiet area to do your school work, a place where distractions will be limited.
- ★ A hard surface to work on. It will need to be big enough for a computer and an open notebook.
- ★ A comfortable chair.

2. Suggested materials that you will need in your learning space for 6th grade Distance Learning, these will be provided by the school or teacher as needed.

- ★ Computer
- ★ Internet connection
- ★ Dry Erase board
- ★ Dry Erase markers
- ★ 4 spiral notebooks
- ★ Graph paper or graph composition book
- ★ Pencils
- ★ Correcting pens (red)

The school is working on details for material distribution (including textbooks, and the materials listed above as needed) information with details about pick up will be emailed to families. If you do not have a computer and you were unable to check one out on August 4th, please contact the office .

We will see your student online on Thursday, August 13 at 9:00am. The schedule for the first two days of school, including links to the Zoom meeting, will be emailed and available in the Google Classroom the day before.

We can't wait to see you!

Mrs. Corey & Mrs. Teachout

*Note: District Board policy and Administrative Regulation 3260 state "A student enrolled in a school shall not be required to pay any fee, deposit, or other charge not specifically authorized by law."*
