Assignment #1

<http://www.mynextmove.org/explore/ip>

Complete the survey and write down what you found.

Career #1: _____

Description:

College degree: _____

Yearly income: _____

Career #2: _____

Description:

College degree: _____

Yearly income: _____

Assignment #2

<http://www.californiarealitycheck.com>

Take the survey. What kind of things would you like to have when out of college and start your career? A house? Maybe a pet? This survey adds it all up and tells you how much all the things you'll want will cost, and how much income per year you would have to make to be able to afford all these things. Then, it gives you a list of careers that will be able to bring in enough income per year to afford all those things.

Assignment #3

Average household income: How much did the average family make in Gold River during the years listed? (Total for the whole household. This may include one or both parents working full or part time) _____

How does the salary listed in your occupation compare with the average salary in Gold River?

Average value of the average home costs in Gold River:
