Block System

The school operates on a four-by-four block system. There are two blocks in the school year with four courses per block. Each block is 18 weeks with each course equivalent to a **year's** worth of study that is similar to the traditional two semester school. Within each block are two terms which last 9 weeks. Each term (9 weeks) is equivalent to one **semester**. Most courses are 18 weeks while others are 9 weeks only. Each term students earn 5 credits for each course – 10 per block. Students can earn up to 320 credits by their senior year with a required minimum of 280.

Marking/Grading System

Four-point scale of A=4, B=3, C=2, D=1, and F=0. Honors and Advanced Placement add one grade point for each class of C grade or better. Both weighted and un-weighted grades are reflected on the transcript, as well as a state GPA that excludes all ninth grade, physical education and ROTC grades. Courses taken at a community college do not appear on the transcript. Rank is determined from a student's cumulative grades for ninth through twelfth in relation to all students in that grade and may be based on weighted or un-weighted grade point averages. In cases where a course is repeated, only the higher grade is calculated into the GPA.

Graduation Requirements

280 credits are required for students who attend Del Campo for four years. Classes completed with a grade of D- or better earn 5 credits per term/semester.
