

## NAVIANCE FAMILY CONNECTION

Dear Del Campo Families,

We are excited to have Naviance Family Connection for our students in the district to help them with their college and career plans. We are now able to offer parents/guardians access to view their student's information and access the same tools your student has access to.

### **You may be asking what is Naviance Family Connection and why should I register?**

Naviance Family Connection is a comprehensive website that you and your student can use to make plans about graduation, colleges, and careers. With your parent/guardian account you are able to view your student's work within Family Connection and other resources available for our school, like upcoming meetings and events, local scholarship opportunities, and other resources for college and career information.

### **Family Connection allows your student to:**

- **Create plans for the future** – Create course plans, and complete tasks assigned by the school to better prepare your student for future college and career goals.
- **Get involved in the planning and advising process with their high school counselor** – Build a resume, complete online surveys, and manage timelines and deadlines for making decisions about colleges and careers.
- **Research colleges that best fit the student's needs** – Compare GPA, standardized test scores, and other statistics to actual historical data from our schools for students who have applied and been admitted in the past.
- **Research careers** – Research hundreds of careers and career clusters, and take career assessments to match careers to your student's unique personality.
