INITIAL IMPRESSIONS

GALLERY WALK

SEE: For this activity, you will be observing your surroundings, the classroom, to form initial impressions about me, your teacher. What do I enjoy doing in my spare time? What do I value? What are some of my likes? What type of teacher am I? Choose 6 pieces of evidence/artifacts located in the classroom that you believe reveal something about me and record them in the **SEE** box. Make sure to choose artifacts that offer unique insights into who I am.

THINK: After you are done observing your surroundings and choosing your artifacts, you will write your conclusions (in each **THINK** box) – information you believe to be true about me based on the evidence you gathered. Make sure to thoroughly explain how the evidence supports your initial impressions.

WONDER: Once you are done recording your initial impressions, write down three questions that were not answered during the Gallery Walk that you still **WONDER** about me.

SEE What do you SEE ?	THINK Tell me what you THINK . Based on the artifact/evidence that you gathered, what is your initial impression about me?

WONDER

Write three questions that you still **WONDER** about me.
