GALLERY

walk

The goal of this **Gallery Walk** is to view some of your classmates' **Reading Journey Projects**.

In an orderly fashion, when I tell you to begin, you will move around the room, spending two minutes at each project. By the end of the **two minutes**, you will need to have recorded on your paper what you **liked** about the project or what you **connected** with on the project.

RULES

1. Do **not** write on, destroy, or ruin another student's project.
2. This is an individual assignment; you are **not** working with a partner.
3. There is **no talking** during the Gallery Walk. This will allow you to really think about what you are observing.
