

Creating Your Works Cited Page

1. Login to your **Google Docs account**
2. Open up your research folder to the **Bibliography**
3. Remember you are looking up only the **sources** that you used for your research
4. Go to **www. Easybib.com**
5. Click on the **Book Tab**
6. Type in the **title** of the first **book source**
7. Look through choices and press select when you find the correct one
8. Review citation and add information if you have it
9. Press **Create Citation**
10. Click on the **Book Tab** again and type in the title for your second book source. Repeat this step for each book source that you used.
11. If citing an **Internet Source**, make sure that the **Website** tab is selected. Open up a **New Window** and type in the **Google modified URL**. Once the website is displayed, copy the **Real URL** and paste it under **Website** tab where it says **Cite Source**.
12. When you have **cited all of the sources**
 - Go to the **bottom of the page** where it lists your citations in perfect MLA format.
 - Press **Select All**
 - Press **Export**
 - Press **Save to Google Docs**
13. Add your **last name** in the **Header** (Upper right side). **No page #** yet (you will type it in later).
