

RIO PTSA Membership

Dear Rio Parents, Students and Staff:

Please consider joining the 2018-2019 Parent Teacher Student Association today. PTSA provides input and resources to enrich the experience at Rio inside and outside the classroom. The organization specifically finances classroom and academic enhancements, college preparation initiatives, student aid, scholarships, academic competitions and landscaping to beautify our campus environment. Thank you in advance for your help.

A Message from the PTSA President

We all want to prepare our children for college and a career but more importantly to inspire our kids to be the best version of themselves they can be. Being involved and invested in our Rio Community is an excellent way to enhance the high school experience and bring the best out of everyone! The strength and the character of Rio depend on the involvement of our entire community. I am asking for everyone to help to build this sense of connectedness that's grown out of the membership and participation of parents, teachers, and students. Involvement in our school will enrich EVERYONES experience! Join us, help us, and be a part of this great community! **#We Choose Rio!**
