

Hello, My name is Mrs. Amanda and I am a Instructional Assistant in Mrs. Ferguson's class. I am happy to start my fourth year at Cottage Elementary. I am a current college graduate with a Bachelors in Early Childhood Education. I am going to enroll in a Teacher Credential Program this school year. I have been employed with the San Juan School district for 6 years.

I enjoy camping, traveling, and spending time with my family. I am also newly married and have 4 children. My daughter is in middle, I have one son in high school and my other son is starting college this semester, and now I have a new baby girl who is almost 2 months old. We love to travel during the summer, with this last one being an exception.

I am looking forward to meeting all of the amazing new and returning students, and their families this year!

Sincerely,

Amanda Valenti
