Beth Engelsgaard

**email:** [bengelsgaard@sanjuan.edu](mailto:bengelsgaard@sanjuan.edu)

We can also be contacted through Class Dojo

# Zoom Protocol

1. Our goal is for your child to be able to work independently during zoom meetings. Please show them how to mute/unmute and allow them to participate with minimal parent support. Please be nearby in case your child needs help, but you do not need to sit next to them for the whole meeting.
2. Please try to find a quiet place for your child. We have been experiencing a lot of background noise which affects the ability for some children to focus.
3. Please have your child sitting in a chair at a table or desk so that they can fully participate.
4. Please have your child arrive on time. We start promptly at 9:15 and 11:00.

# Zoom Tips

1. Be sure your child knows how to mute/unmute themselves.
2. Make to sure to “pin” the teacher so that the teacher’s image stays up on the screen. That way, the student can see, focus, and follow along with the teacher.

# Student of the Week!

During our Zoom meetings we will be watching for students who are following our Zoom rules. We will also be carefully looking at who is working hard on their Seesaw/Zoom assignments.

The student will be chosen and put into the Bitmoji (virtual classroom) each Monday. We will schedule a “lunch with the teacher” Zoom style one day during the week.

We will have a student interview on our Zoom meeting on Monday.

# Communication:

- Check your Seesaw inbox for the weekly schedule of assignments each day.
- We will also be putting out a Kindergarten Newsletter in the Seesaw inbox each week to tell you our focus for the week.
- We encourage you to give us feedback as we are navigating this new way of learning with you.
