

AP Language Summer Reading 2021-2022

Summer is for restoring, rebuilding, relaxing--but for AP Language students summer is also for reading. As your AP Language teachers we hope that you fill your summer with great literature. A minimum requirement, however, is that you complete the two selected titles detailed below and come to class the first day ready to discuss them. As good readers often do, you may take notes or annotate, but you are not required to complete any specific preparation other than to carefully read and enjoy these two classic books.

1. *The Narrative of the Life of Frederick Douglass* by Frederick Douglass (96 Pages). Non-fiction. Available from the Rio Book Room, Amazon and the public library.
2. *The Good Lord Bird* by James McBride (458 pages). Fiction. Available from Amazon and the public library.
