School Accountability Report Card

Reported Using Data from the 2012-13 School Year

Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.

Our school staff and parent community are working together to provide a successful learning environment for all students. Our school mission and goals are guided by our Strategic Plan which was approved in May 2012. The school community is updated on our progress through our school newsletter and our parent leadership groups. If you would like additional information about our strategic plan, you may call our school office at (916) 971-5234.

The mission of Arlington Heights Elementary School created collaboratively with staff, parents and community through site strategic planning is as follows: In partnership with families and community the mission of Arlington Heights Elementary School is to ensure that each student builds a strong, innovative academic foundation by instilling an appreciation for human values, utilizing challenging and engaging instruction and inspiring lifelong learners.

School Profile

Arlington Heights Elementary is one of 35 elementary schools in the San Juan Unified School District. The curriculum provided is aligned to the California Content Standards.

The 300 students attending Arlington Heights are 69.7% white, 14.0% Hispanic/Latino, 6.5% African American, and 9.8% other ethnicities. Thirty of our students are English language learners, with Spanish, Russian and Ukrainian being the predominate languages, and 53% of students are socioeconomically disadvantaged. Additionally, 6.7% are receiving special education services. The curriculum provided is aligned to the California Content Standards. The school supports cultural awareness on a daily basis through its diverse literature selections and other school activities. Arlington Height's programs reflect the interests and needs of its students and the surrounding community.

Second Step Violence Prevention

Our primary classes (K-2) uses this curriculum on a weekly basis to help students develop empathy toward their peers. Empathy is the key social foundation which is the basis for problem solving and conflict resolution. This curriculum provides students the opportunity to learn and practice social skills through role playing different social scenarios and applying empathy or problem solving steps to resolve the conflict. Grades 3-5 have weekly class meetings with a specific skill focus on prosocial behaviors. Class meetings provide the context for students to learn the prosocial skills that will foster collaboration through discussion and role playing to increase self-esteem and positive problem solving strategies.

Universal Access

During our two hour Language Arts block 30-40 minutes, 4 days/week students are working independently on previously taught skills, reading AR/leveled books, extension activities or projects. Some students are working in small groups with the teacher to reinforce or reteach literacy skills. Teachers use formative assessment and progress monitoring to determine how to personalize instruction during Universal Access.

Writing Workshop

Writing Workshop is being implemented this year in all grades aligned with the Common Core State Standards. Teachers explicitly teach students how to become writers by applying the writing process and using authentic examples from children's literature written by "real" authors and nonfiction books. Students are provided a writer's notebook to collect their memories and topics of interest to them. Writing Workshop is a structured time of day where students learn that through their writing - thoughts and feelings matter.

Awards Assemblies

Each trimester our school has grade level assemblies. Awards are given for citizenship, academic achievement and attendance.

Community Building Assembly - Mustang Rally

Twice a month we will hold an all school assembly to focus on positive awards for citizenship, character education, classroom recognition and school spirit. During the assembly, students who have earned Arli-Caught You slips will be placed in a drawing to spin a prize wheel. As needed, we will also teach school-wide expectations for recess rules and procedures.

Bridges Afterschool Program for Grades 1-5

Bridges is a free after school program provided by San Juan Unified School District and Sunrise Parks and Recreation District. Bridges provides homework support, school enrichment activities and recreation/games.

Band/Choir/Violin

Students in third through fifth grade have an opportunity to participate in our before school Performing Arts programs.

Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

-
- The Arlington Parent Teacher Club is extremely active in supporting the school financially as well as with school wide activities such as, staff appreciation luncheon, field trips, assemblies, Winterfest, Jog-a-thon, Author Day, Red Ribbon Week, and Family Fun Night.
 - Classroom Volunteers- We have tremendous support from our parents as classroom and school volunteers.
 - Site Council – Cooperative teacher/parent body that facilitates updates to school goals, programs and the Safe School Plan.
 - Parents of English language learners are encouraged to attend our English Language Advisory Committee (ELAC).
 - A parent represents the school by attending the Superintendent's Parent Advisory Committee (SPAC).

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may email Ericka Mitchell at arlington.ptc@gmail.com or contact the Arlington Heights Elementary school office at 971-5234.

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

Standardized Testing and Reporting Results for All Students - Three-Year Comparison

California Physical Fitness Test Results (School Year 2012-13)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2010	2011	2012
Statewide	4	4	5
Similar Schools	1	3	2

Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change

Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2013 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2013 Growth API at the school, LEA, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate: English-Language Arts	Yes	Yes
Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	No	No
Met Percent Proficient: Mathematics	No	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	N/A	Yes

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

This school is linked directly to the San Juan Unified School District's Safe Schools Program. In partnership with the Sacramento County Sheriff's Department and the City of Citrus Heights Police Department (CHPD), each school becomes part of a safety zone that is patrolled daily by a sheriff's deputy assigned specifically to specific geographic zone or CHPD officer assigned to a particular school or small group of schools within the City of Citrus Heights. In addition to daily support from a designated Sheriff's deputy or CHPD officer, this school is a part of the San Juan Unified School District's Safe Schools Task Force, which is comprised of safety teams from each of the school sites. Each school safety team meets regularly to discuss safety issues and to take steps to be proactive in preventing various types of school-related safety issues. Law enforcement provides speakers to address students, staff and community groups. Our safety team receives regular training through the Task Force. The School Site Council is responsible for updating our comprehensive school safety plan on a yearly basis. Every San Juan classroom has a standardized "Safety Folder" which serves as a guide for teachers and also includes the site specific crisis response procedures.

The School Safety Plan was approved February 2013 by the School Site Council and last reviewed by the Arlington Heights staff in August 2013. The plan includes a description of the responsibilities of the school safety team, our measures for a safe school environment and areas of focus for improvement.

Suspensions and Expulsions

Rate	School			District		
	2010-11	2011-12	2012-13	2010-11	2011-12	2012-13
Suspensions	6.33	10.5	6.3	16.45	19.4	13.2
Expulsions	0	0	0.0	0.19	0.1	0.1

Note: The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

VI. School Facilities

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

Arlington Heights Elementary School completed a major modernization during the 1999-2000 school year. Currently, there is sufficient space to house the student population. There is site custodial staff that cleans the building, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held and badges are required for all visitors and personnel. During the summer of 2010 a large landscape and irrigation project was completed through Measure J. Work included repair, seal and stripe of the front parking lot, hard court and fire lane; expansion of drop-off and pick-up areas; new compliant loading zone and paths to the site. The irrigation system was upgraded to fully automatic operation. New trees and low maintenance landscaping was installed and a new concrete plaza area was formed in front of the school.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in February 2013 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

School Facility Good Repair Status (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The Overall Rating

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13)

The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE Improving Teacher and Principal Quality Web page at www.cde.ca.gov/nclb/sr/tq/.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100	
All Schools in District	81	19
High-Poverty Schools in District	81	19
Low-Poverty Schools in District		

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

VIII. Support Staff

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

IX. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: September 24, 2013

San Juan Unified held a public hearing on September 24, 2013 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2013 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/departments.cfm?subpage=125110>.

In 2011, the Governor and State Legislature extended the suspension of SBE adoptions of instructional materials until the 2015-16 school year (EC Section 60200.7). While the suspension of adoptions ends in July 2015, at this time there is not yet a schedule established in law for the cycle of future adoptions.

However, in 2012 the Governor and State Legislature enacted AB 1246 (Brownley) which established EC Section 60207 and thereby authorized the SBE to adopt new Common Core State Standards (CCSS)-aligned K-8 instructional materials for mathematics no later than March 2014. More information about this scheduled adoption is available on the CDE Mathematics Web page.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	2002: Houghton Mifflin- Legacy of Literature 2009: Scholastic, Inc.- Read 180 2007: Pro-Ed, Inc - Reading Milestones 3rd Edition	Yes	0.0

X. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

Level	Expenditures Per Pupil			Average Teacher Salary
	Total	Supplemental/Restricted	Basic/Unrestricted	
School Site	\$5,558	\$578	\$4,980	\$67,229
District	---	---	\$5,013	\$71,297
Percent Difference: School Site and District	---	---	-0.7	-3.52%
State	---	---	\$5,537	\$69,704
Percent Difference: School Site and State	---	---	-11.88%	-2.34%

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

Basic/Unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. In FY 2011-12, the district spent \$7,732,354 in restricted general fund for positions that would have usually been paid for by unrestricted dollars (SF-0) due to receiving American Recovery and Reinvestment Act (ARRA) Education Jobs Funds (EJF). The positions that were paid for included 21.0 FTE for Counselors, 24.0 FTE for Principals and 18.0 FTE for Vice Principals. Due to this change, many schools showed a decrease in unrestricted costs and an increase in restricted costs.

In FY 2011-12, the district spent \$3,163,102 in restricted general fund from the Economic Impact Aid (EIA) grant. The expenses were coded with a central location (000) in 2011-12, when in the previous year the dollars were coded to site locations. The impact of this change will show a decrease in restricted expenses.

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators with its major initiatives such as Writing Workshop, Bookshop, Disciplinary Literacy, Balanced Math, UCD History Project, CSUS Math Project, Expository Reading and Writing Course, and Critical Literacy. Many voluntary professional development opportunities are provided throughout the year after school, on Saturdays, and during summer and vacation breaks. This includes training sponsored by district departments, BTSA, grant-funded projects, and the San Juan Teacher's Association. Many teachers and administrators also take advantage of opportunities with SCOE, CDE, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the District Theory of Action. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards (CCSS), teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by PAR/BTSA teachers.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
