

John Barrett Middle School
School Accountability Report Card
Reported Using Data from the 2013-14 School Year
Published During 2014-15

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

School Description and Mission Statement (Most Recent Year)

Mission Statement:

As an innovative community of creative thinkers, John Barrett Middle School's mission is to develop the personal, academic and social growth of our students as they strive to reach their greatest potential by setting high expectations while inspiring a passion for life-long learning, strengthening 21st century skills, and fostering individual responsibility within a safe, nurturing environment.

School Profile:

John Barrett Middle School is a 6th, 7th and 8th grade neighborhood school located in Carmichael, CA. Our current enrollment is just under 700 students with an ethnic breakdown as follows: 70% White, 14% Hispanic or Latino, 7% Black or African American, 3% Asian and 6% other races. It is one of eight middle schools in the San Juan Unified School District. It provides students a comprehensive curriculum aligned to California Content Standards. John Barrett Middle School provides an educational environment where each student can excel to his/her own potential. Barrett encourages excellence, positive social and personal responsibility for all students. Barrett is committed to measurable educational improvements.

Principal's Message:

John Barrett Middle School provides a safe and caring environment for all of our students and we emphasize strong academics as well as the arts. Barrett is a unique school with many programs designed to meet the needs of individual students. Our school offers a balanced, academically rich program, which is carefully aligned with state standards. Classrooms are filled with student work reflecting creativity and higher level thinking skills. The students at Barrett demonstrate exceptional competency in the academics as well as care and concern for their classmates, positive self-esteem, self-discipline, and a terrific attitude about themselves and their school. In transitioning to the new California Common Core Standards, we focus on problem solving skills, higher level thinking skills and an ability to analyze thoughtfully and creatively in all aspects of their education. Along with our focus on the academic needs of our students, we also offer a wide variety of extracurricular activities including sports opportunities, academic competition teams, student performance groups, and a variety of clubs. We welcome each and every one of you to our school and look forward to sharing our "Bronco Pride" with you.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program.

Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

Year and month in which data were collected: September 23, 2014

San Juan Unified held a public hearing on September 23, 2014 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2014 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/textbooks>.

In 2011, the Governor and State Legislature extended the suspension of SBE adoptions of instructional materials until the 2015-16 school year (EC Section 60200.7). While the suspension of adoptions ends in July 2015, at this time there is not yet a schedule established in law for the cycle of future adoptions.

However, in 2012 the Governor and State Legislature enacted AB 1246 (Brownley) which established EC Section 60207 and thereby authorized the SBE to adopt new Common Core State Standards (CCSS)-aligned K-8 instructional materials for mathematics no later than March 2014. More information about this scheduled adoption is available on the CDE Mathematics Web page.

School Facility Conditions and Planned Improvements (Most Recent Year)

Barrett Middle School, originally constructed in 1957, has had several modernization/improvements projects over the years; the first major modernization was in 1997. Currently, there are enough classrooms to house the student population. Each classroom has a fire and intrusion monitoring and alarm system, telephone, and internet connections. In 2006, utilizing Measure J Bond funds, the science rooms were upgraded with cabinets, counters, power, gas, flooring and paint. Site custodial staff clean the buildings. The district provides landscape maintenance and support to keep all the school systems functioning. In the summer 2004 & 2005 the hard court and parking lot were resurfaced under Measure J bond. During the summer of 2008 the entire site was painted through Deferred Maintenance funds and had a major landscape and irrigation project funded by Measure J. Security screens were installed in the front of the school. In the summer of 2010 two portables were renovated. All restrooms site-wide were reconfigured and renovated in Summer 2013 using Measure J funds. This included all plumbing, fixtures, partitions, floors, walls, path of travel and upgrades to meet ADA requirements.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in March 2014 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

California Assessment of Student Performance and Progress / Standardized Testing and Reporting Results for All Students in Science (Three-Year Comparison)

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of English, mathematics, and physical education.

California Physical Fitness Test Results (School Year 2013-14)

Grade Level	Percent of Students Meeting Fitness Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

Barrett has an active PTA which meets regularly to plan fundraisers, coordinate school dances and extracurricular events and contribute to department stipends. We have many parents who assist in the office and in classrooms. Parents are also involved with students as chaperones on day field trips, overnight field trips and at school dances. We encourage parents to be involved in school activities and rely on frequent communication with school personnel. Our large music, intramural, performing and visual arts programs have huge audiences who enjoy student successes with us.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact John Barrett Middle School's principal, Mr. Givens, at (916) 971-7842 or by email at brent.givens@sanjuan.edu.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2011-12	2012-13	2013-14	2011-12	2012-13	2013-14	2011-12	2012-13	2013-14
Suspensions	24.2	19.8	16.0	9.8	8.3	7.4	5.7	5.1	4.4
Expulsions	0.1	0.3	0.4	0.1	0.1	0.0	0.1	0.1	0.1

Note: The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

School Safety Plan (Most Recent Year)

Barrett's comprehensive safety plan is reviewed and updated by a safety committee comprised of teachers, administration and staff. The committee meets on a regular basis and evaluates our school's student safety issues and emergency preparedness plans.

This school is linked directly to the San Juan Unified School District's Safe Schools Program. In partnership with the Sacramento County Sheriff's Department and the City of Citrus Heights Police Department (CHPD), each school becomes part of a safety zone that is patrolled daily by a sheriff's deputy assigned specifically to specific geographic zone or CHPD officer assigned to a particular school or small group of schools within the City of Citrus Heights. In addition to daily support from a designated Sheriff's deputy or CHPD officer, this school is a part of the San Juan Unified School District's Safe Schools Task Force, which is comprised of safety teams from each of the school sites. Each school safety team meets regularly to discuss safety issues and to take steps to be proactive in preventing various types of school-related safety issues. Law enforcement provides speakers to address students, staff and community groups. Our safety team receives regular training through the Task Force. The School Site Council is responsible for updating our comprehensive school safety plan on a yearly basis and it was reviewed, approved and signed on May 14, 2014. Every San Juan classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. School staff reviewed the safety procedures on August 12, 2014 during our staff professional development meeting.

Types of Services Funded (Fiscal Year 2013-14)

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>. In FY 2011-12, the district spent \$7,732,354 in restricted general fund for positions that would have usually been paid for by unrestricted dollars (SF-0) due to receiving American Recovery and Reinvestment Act (ARRA) Education Jobs Funds (EJF). The positions that were paid for included 21.0 FTE for Counselors, 24.0 FTE for Principals and 18.0 FTE for Vice Principals. Due to this change, many schools showed a decrease in unrestricted costs and an increase in restricted costs. In FY 2011-12, the district spent \$3,163,102 in restricted general fund from the Economic Impact Aid (EIA) grant. The expenses were coded with a central location (000) in 2011-12, when in the previous year the dollars were coded to site locations. The impact of this change will show a decrease in restricted expenses.

Teacher and Administrative Salaries (Fiscal Year 2012-13)

For detailed information on salaries, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Professional Development

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators with its major initiatives such as Writing Workshop, Disciplinary Literacy, Critical Math, UCD History Project, CSUS Math Project, Expository Reading and Writing Course, K-3 Reading and Critical Literacy. Many voluntary professional development opportunities are provided throughout the year after school, on Saturdays, and during summer and vacation breaks. This includes training sponsored by district departments, BTSA, grant-funded projects, and the San Juan Teacher's Association. Many teachers and administrators also take advantage of opportunities with SCOE, CDE, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the District Theory of Action. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards (CCSS), teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by PAR/BTSA teachers.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
