## School Accountability Report Card

### Reported Using Data from the 2014-15 School Year

#### Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (Most Recent Year)

### PRINCIPAL'S MESSAGE

Welcome to Oakview Community! We strive to provide every student with a positive experience and the necessary supports to reach his/her maximum potential. Our instruction is personalized to meet the needs of each student.

We work to ensure all staff are implementing effective instructional strategies, integrating technology and utilizing assessment data to actively engage each student. This is measured by each student's personal growth and the total percentage of students demonstrating proficiency. Teachers meet collaboratively to evaluate assessments and use data (MAP, CASSP, additional reports from Data Director, DIBELS, Accelerated Reader, curriculum embedded assessments) to plan instructional, targeted interventions, and goal setting. Our ongoing goal is to develop and implement a comprehensive, ongoing cycle of learning for students and faculty. This year, staff development includes Just Think Math (JTM), the newly adopted Envision math curriculum and the teaching of reading comprehension. The school focus this year is to identify the best way in which to teach reading comprehension while providing students with classroom libraries that are well organized and have an abundance of appropriately leveled reading materials. We will use guided reading groups, interactive read alouds and shared reading. Teachers will be allocated time and materials to assist with enhancing their classroom libraries.

Oakview fosters a collaborative culture; members of the school community working together effectively to promote student's success. Our strategic plan provides a framework for our school's goals and objectives. The many different voices, experiences, and styles of the school community add to its strength and vitality. Resources from donations and Parent Teacher Club (PTC) are coordinated to enhance the school's program and the overall experience of each child. This is a truly special community!

### MISSION STATEMENT

The mission of Oakview Community School, created collaboratively with staff, parents and community through site strategic planning is as follows:

Inspiring innovative, compassionate and confident learners, our mission at Oakview Community School is to empower each student to become a successful, self-motivated, critical thinker and problem solver, through challenging, student-driven instruction with the integration of technology in a diverse learning community.

### SCHOOL PROFILE

Oakview Community Elementary is one of 42 elementary schools in the San Juan Unified School District. The 377 students attending Oakview Community are 76.3 % white, 14.2 % Hispanic/Latino, 1.6 % Asian/Asian American, and 3.5 % other ethnicities. 7.4 % (31) students are designated as English Language Learners, with Spanish or Ukrainian as a primary language, an 45.5 % of students are socioeconomically disadvantaged. The curriculum provided is aligned to the Common Core State Standards. The school supports cultural awareness on a daily basis through its diverse literature selections and other school activities.

The Oakview Community School encourages all members to be active participants in our children's education through classroom participation, school events, student conferences, homework, and parent education. Teamwork among staff, parents, and community members maximizes the resources and support available to our students. Our school community shares responsibility for student success.

We nurture our students as individuals with social, emotional, physical and academic needs. Learning is not limited to the boundaries of the classroom. Students will use a variety of resources and technology to enhance their ability to learn meaningful information. We provide opportunities for students to explore their interests, develop their talents and creativity, and broaden their horizons. Teachers will instill a contagious love of learning so that children are eager to learn.

The families will recognize how important they are in their child's education by being involved with the school. They will work as a partner with teachers and administrators to share the responsibility of setting high expectations for all children through on-going communication and support.

**WE BELIEVE THAT:**

- Every person is unique and has equal worth.
- Everyone can and will learn.
- People learn in different ways and at varied paces.
- Education is the shared responsibility of students, families, teachers, staff, and community.
- Quality education expands opportunities throughout a person's life.
- Challenging people to meet high expectations leads to exceptional learning and remarkable results.
- Nurturing relationships and healthy environments are necessary for individuals to thrive.
- Diversity is a valuable asset that strengthens and enriches our community.
- Personal development and community well-being depend on individual responsibility.
- Everyone benefits when people willingly contribute to the well-being of others.
- Honesty and integrity are essential to build trusting relationships.
- Access to a quality public education is essential to our democracy.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Year and month in which data were collected: September 22, 2015

San Juan Unified held a public hearing on September 22, 2015 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485>

In July 2009, EC Section 60200.7, delayed all instructional materials adoptions and the development of curriculum frameworks and evaluation criteria until the 2015-16 school year. Since then specific legislation has authorized the State Board of Education to conduct adoptions in mathematics (Assembly Bill 1246) and English language arts/English language development (Senate Bill 201). For more information regarding San Juan's textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Pilot%20adoption%20Schedule.pdf>.

### School Facility Conditions and Planned Improvements (Most Recent Year)

#### School Facilities

Oakview Community School was modernized during 1996. A new heating and air-conditioning system was added during the summer of 2000. The modernization scope included roof/repair or replacement, interior, and exterior painting, window system replacement, energy-efficient lighting upgrade, new doors with handicapped accessible hardware, restroom restoration, electrical infrastructure upgrade to provide for internet, cable, telephone, fire, intrusion, and intercom system, throughout the school. Currently, there is sufficient space to house the student population. There is a site custodial staff that cleans the building, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. Field repair, driveway resurfacing, and irrigation system retrofit continue to be a concern. One classroom wing and the multi-purpose room were modernized during the summer of 2003. All classrooms were carpeted during the fall of 2003. In 2005 East Valley Church donated time and materials to put in new concrete walkways, sod, shrubs and a new sprinkler system.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in December 2015 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### California Assessment of Student Performance and Progress Results for All Students (School Year 2014-15)

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (Most Recent Year)

#### Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Oakview Community Principal, Shana Walters, at 916-986-2216 or PTC President, Shelby Penman at OakviewPTC@hotmail.com

## Parent Involvement

Parent involvement and participation is valued and encouraged at Oakview. All parents are invited to join and work in the classroom, and to actively support the varied Parent Teacher Club (PTC) activities. Out PTC, School Site Council (SSC) and our English Learner Advisory Committee (ELAC) work with the staff and community to support the rich learning environment that addresses the whole child. Staff members volunteer their time to work together to bring a variety of parent involvement activities into our yearly schedule. Parents and staff work together to shape our school program and to make it exciting and challenging for all students. Parents are an active and vital part of the Oakview Community.

## State Priority: School Climate

### School Safety Plan (Most Recent Year)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. In partnership with the Sacramento County Sheriff's Department and the City of Citrus Heights Police Department (CHPD), each school becomes part of a safety zone that is patrolled daily by a sheriff's deputy or CHPD officer. The Deputy Sheriffs are assigned to a specific schools which are identified by geographic zones. The Deputy Sheriffs may move from one the geographic zone to another as safety needs dictate. The CHPD Police Officers work identified schools within the City of Citrus Heights and respond as safety needs dictate. In addition to daily support from a designated Sheriff's deputy or CHPD officer, this school is a part of the San Juan Unified School District's Safe Schools Task Force, which is comprised of safety teams from each of the school sites. Each school safety team meets regularly to discuss safety issues, update their site emergency plans, and to take steps to be proactive in preventing various types of school-related safety issues. Law enforcement provides speakers to address students, staff and community groups. Our safety team receives regular training through the Safe Schools Task Force. Each school site is responsible for updating their Comprehensive School Safety Plan by March 1st of every year. The plan must be approved by the School Site Council before being submitted to the district Safe Schools Manager. Every San Juan classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. This school meets or exceeds the Education Code requirements for fire drills and lock down drills.

Note: Cells with N/A values do not require data.

**Types of Services Funded (Fiscal Year 2014-15)**

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

In FY 2011-12, the district spent \$7,732,354 in restricted general fund for positions that would have usually been paid for by unrestricted dollars (SF-0) due to receiving American Recovery and Reinvestment Act (ARRA) Education Jobs Funds (EJF). The positions that were paid for included 21.0 FTE for Counselors, 24.0 FTE for Principals and 18.0 FTE for Vice Principals. Due to this change, many schools showed a decrease in unrestricted costs and an increase in restricted costs.

In FY 2011-12, the district spent \$3,163,102 in restricted general fund from the Economic Impact Aid (EIA) grant. The expenses were coded with a central location (000) in 2011-12, when in the previous year the dollars were coded to site locations. The impact of this change will show a decrease in restricted expenses.

**Teacher and Administrative Salaries (Fiscal Year 2013-14)**

## Professional Development (Most Recent Three Years)

---

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts and mathematics, and the ELA/ELD Framework. Specific professional development initiatives include: Critical Literacy, K-1 Reading, Making Meaning Through Close Reading and Writing, Engineering and Mathematics Inspiring Thinking Solutions (EMITS), Math to the Core, Expository Reading and Writing Course (ERWC), and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards (CCSS), teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
