School Accountability Report Card

Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (Most Recent Year)

Principal's Message

Rio Americano High School is proud of its rich academic tradition and continues to strive to better support struggling students. Focusing on areas of improvement has allowed Rio Americano to improve on an already great reputation.

Rio Americano is proud of the AP programs, performing arts, CIVITAS (Political studies and community service program), extracurricular programs, and the superior counseling program it has for students to be involved with. These programs open up doors to students that they could not receive at other high schools in the Sacramento region.

Rio Americano is also extremely proud of the vast parent support it receives from the community. There are many booster groups, PTSA, VICCI, and general volunteering that allow students access to programs that may not be here without the volunteers.

Rio Americano is an exciting place to be for students, staff and parents.

Mission Statement

The mission of Rio Americano High School was created collaboratively with staff, parents, and students through site strategic planning and is as follows:

Rio Americano, a high school with proven academic excellence, will educate and inspire each student to succeed and meet the challenges of the future through innovative programs and college preparatory curriculum within a supportive, nurturing environment.

School Profile

Rio Americano High School is one of 9 comprehensive high schools in San Juan Unified School District. Rio Americano offers an academic program aligned with California Content Standards which is designed to prepare students for success in the workplace and in post secondary schooling.

Rio offers a wide variety of programs to support all students and has just completed a Site Strategic Plan for the next three years.

- Special Education program addresses the needs for the Orthopedically/Physically Handicapped, Autistic, and Learning Disabled students.
- Three full time counselors provide comprehensive counseling to assist students in academics, personal/social and career realms.
- The Student Assistance Program offers services for students dealing with personal factors interfering with academic success.
- Solutions/504 Committee works with students and parents to examine strategies to improve academic success.
- Attendance improvement program with a school community liaison provides assistance to students and families when barriers to school attendance or other behaviors that may result in suspension or expulsion.
- Volunteers in College and Career Information (VICCI) facilitate individual interviews regarding successful entrance into post-secondary education and adult life.
- VICCI sponsors two college information and workshop nights annually inviting over 100 post-secondary institutions to participate in the information fairs.
- AP courses are available in 13 subject areas for students with one-third of all Rio students participating in one or more of the 23 sections.
- 9 Honor sections are offered in English 1, English 2 and English 3.
- Academia CIVITAS is a political studies academy providing an accelerated four-year curriculum.
- AVID (Advancement via Individual Determination) offers support for underrepresented or academically challenged populations desiring to pursue post-secondary education. Rio currently has 8 sections of AVID.
- Student Publications, Jazz Band and Reader's Theater courses produce state and national award winning products/performances.
- The vocational offerings are complemented with two R.O.P. programs and Wood Shop.

- After-school tutoring is offered three days a week staffed by peer, volunteer and paid tutors. Before school tutoring is offered daily by staff in science and math.
- Student Government advances the goals of the student body, oversees all student activities and manages the student body budget while providing an efficient means of representation and communication to the administration and community.
- Award winning Student Activities provides the opportunity to apply academic content in areas such as Moot court, Mock Trial, Academic Decathlon, Speech and Debate, Science Bowl and Science Olympiad.
- A wide variety of clubs provide students the opportunity to demonstrate leadership while addressing civic, philanthropic and recreational pursuits.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Year and month in which data were collected: September 22, 2015

San Juan Unified held a public hearing on September 22, 2015 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485>

In July 2009, EC Section 60200.7, delayed all instructional materials adoptions and the development of curriculum frameworks and evaluation criteria until the 2015-16 school year. Since then specific legislation has authorized the State Board of Education to conduct adoptions in mathematics (Assembly Bill 1246) and English language arts/English language development (Senate Bill 201). For more information regarding San Juan's textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Pilot%20adoption%20Schedule.pdf>.

School Facility Conditions and Planned Improvements (Most Recent Year)

Rio Americano High School's modernization continues with the installation of low voltage wiring addressing the intercom and emergency alarm systems and installation of surveillance cameras throughout campus. Previously, work included roof repair/replacement, new doors and hardware, new lighting, upgraded electrical service, a new heating and air conditioning system, and interior and exterior paint. Currently, there are enough classrooms to house the student population, but some teachers must share classroom space. Restrooms were refurbished during modernization with some made handicapped accessible. Each classroom has a fire and intrusion monitoring and alarm system, telephone, and internet connections. There is a site custodial staff to keep the buildings clean as well as a site maintenance custodian who keeps the various systems of the school operational. The district provides gardening and landscape maintenance as well as support to keep the major systems such as plumbing, heating, and air conditioning functioning. A concern of the school is the condition of the play fields. Summer 2008 the remaining parking lots were overlaid along with adding an additional student parking lot entrance/exit, funded by Measure-J Bond. All interior courtyards had the concrete removed and replaced through Measure-J Bond.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in November 2015 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Career Technical Education Programs (School Year 2014-15)

San Juan Unified defines their career paths following the strict criteria set within the Perkins Act and/or the California Partnership guidelines. Although most completion data is collected through our ROP regionally (Sacramento County Office of Education), the CTE department collects data on the number of students moving through our local sequences. Some ROP courses, because of the time requirements, internship element and industry standards they meet, are defined as a sequence within themselves. Introductory CTE courses are found throughout our schools, concentrators are students who take a second level course within the same career path, and students are referred to as completers when they complete a sequence of courses leading to certification, employability, and/or further technical training. ROP course are defined as completer based on length of course, sequence, and skill development.

The ROP capstone course leads to a certificate/industry skill sheet or license if applicable. The program also provides the student with academic and technical knowledge and skill through integrated academic and technical instruction. The programs prepare students to enter current or emerging careers for further training within the career path for which there is gainful employment. Students enrolled in the programs are provided strong experiences in all aspects of an industry.

San Juan Unified also provides students career preparation through enrollment in California Partnership Academies. We have four California Partnership Academies in the areas of: business–finance/entrepreneurship, pre-engineering, Sports Careers and Opportunities in Recreation (SCORE), and small business entrepreneurship. Our schools have numerous career paths opportunities beyond the state funded California Partnership Academy. We have career pathways in:

- Computer Graphics I
- Computer Graphics II
- Computer Graphics III
- Computer Graphics IV
- Home Technology Integrator
- Robotics
- Woodworking Technology I
- Woodworking Technology II

How does this class support student achievement?

When students experience CTE courses they have the opportunity to see the relationship between applied academic standards and the real world. Students find purpose in their studies and are provided an opportunity to apply their academic and industry skills to every day problems.

How does the school address the needs of all students in career preparation?

Through the IEP process special education students may be scheduled into CTE courses. Students are provided the support and necessary curriculum modification as outlined in the IEP. CTE provides extended testing time, extra assignment time and support where appropriate. Since our CTE courses work to integrate and support the academic standards, the students will be exposed to “hands on” activities and participate in solving real life problems.

How are the courses evaluated for effectiveness?

The capacity to serve a “significant” number of students and the degree to which the program attains specific outcomes are assessed yearly. Completion rates, graduation rates, and the passing rate on the California High School Exit Exam (CAHSEE) along with completion of a sequence are all evaluated yearly. The number of completion certificates issued and the attainment of specific industry skills is analyzed. Data on attendance is also collected.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Karen Cassady, Principal's Secretary, at Rio Americano High School at 916-979-8860.

Parent Involvement

Rio's 2013 California Distinguished School Recognition is based, in part, on the very active parent and community involvement.

- The PTSA assists in the achievement of school and community goals. They have spearheaded a campus revitalization campaign through the development of a landscape committee and gained the support of community members, parents, staff and students alike. To date, the committee has worked hard on their vision for a visually appealing and student friendly campus.
- Boosters are active in Athletics, Music, Science and CIVITAS providing the vital parental support and fund raising energies to sustain the quality programs offered on campus.
- Opportunities to compare colleges and universities are provided through VICCI (Volunteers in College and Career Information) College Information Nights. Additionally, juniors and seniors participate in mock interviews providing transition skills to the adult world.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

School Safety Plan (Most Recent Year)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. In partnership with the Sacramento County Sheriff's Department and the City of Citrus Heights Police Department (CHPD), each school becomes part of a safety zone that is patrolled daily by a sheriff's deputy or CHPD officer. The Deputy Sheriffs are assigned to a specific schools which are identified by geographic zones. The Deputy Sheriffs may move from one the geographic zone to another as safety needs dictate. The CHPD Police Officers work identified schools within the City of Citrus Heights and respond as safety needs dictate. In addition to daily support from a designated Sheriff's deputy or CHPD officer, this school is a part of the San Juan Unified School District's Safe Schools Task Force, which is comprised of safety teams from each of the school sites. Each school safety team meets regularly to discuss safety issues, update their site emergency plans, and to take steps to be proactive in preventing various types of school-related safety issues. Law enforcement provides speakers to address students, staff and community groups. Our safety team receives regular training through the Safe Schools Task Force. Each school site is responsible for updating their Comprehensive School Safety Plan by March 1st of every year. The plan must be approved by the School Site Council before being submitted to the district Safe Schools Manager. Every San Juan classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. This school meets or exceeds the Education Code requirements for fire drills and lock down drills.

Types of Services Funded (Fiscal Year 2014-15)

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>. In FY 2011-12, the district spent \$7,732,354 in restricted general fund for positions that would have usually been paid for by unrestricted dollars (SF-0) due to receiving American Recovery and Reinvestment Act (ARRA) Education Jobs Funds (EJF). The positions that were paid for included 21.0 FTE for Counselors, 24.0 FTE for Principals and 18.0 FTE for Vice Principals. Due to this change, many schools showed a decrease in unrestricted costs and an increase in restricted costs. In FY 2011-12, the district spent \$3,163,102 in restricted general fund from the Economic Impact Aid (EIA) grant. The expenses were coded with a central location (000) in 2011-12, when in the previous year the dollars were coded to site locations. The impact of this change will show a decrease in restricted expenses.

Professional Development (Most Recent Three Years)

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts and mathematics, and the ELA/ELD Framework. Specific professional development initiatives include: Critical Literacy, K-1 Reading, Making Meaning Through Close Reading and Writing, Engineering and Mathematics Inspiring Thinking Solutions (EMITS), Math to the Core, Expository Reading and Writing Course (ERWC), and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards (CCSS), teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
