## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

#### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2016-17)

### Mission Statement

As a community of critical and creative thinkers, the mission of Charles Peck Elementary is to inspire, challenge, and empower every student to reach their innermost potential and become a contributing member of an ever-changing world through strategic, targeted, and innovative instructional practices and shared accountability with students, families, and the community in a safe and nurturing environment.

### School Profile

Charles Peck Elementary is one of 41 elementary schools in the San Juan Unified School District. The 324 students attending Charles Peck are approximately 52% white, 21% Hispanic/Latino, 20% African American, 5% Asian/Asian American, and 3% other ethnicities. 18% of our students are English Language Learners, with Spanish as a primary language, and 81% of students are socioeconomically disadvantaged. The curriculum provided is aligned to the California Content Standards. The school supports cultural awareness on a daily basis through its diverse literature selections and other school activities.

The mission of Charles Peck Elementary School is to provide all students with a foundation of skills, knowledge, and attitudes that will enable them to be motivated learners who reach their individual potentials. High expectations for students reflect a school-wide belief that all students will achieve when provided the appropriate instruction in an encouraging and safe environment.

Title I federal dollars fund a 100% Title I Intervention Support Teacher, instructional assistant support Kindergarten, a .5 counselor, release days for staff development and collaboration, and curriculum materials and supplies as well as technology upgrades. All K-5 classrooms have Promethean Activboards. A 50% EL Specialist supports bilingual students within the classroom and in small groups.

The following programs support the grade level standards-based instruction at Charles Peck: Scholastic Guided Reading, Mondo Bookshop, Scholastic Read 180, System 44, Read Naturally, Accelerated Reader, Writers Workshop, Step Up To Writing, Super 6 Comprehension Strategies, and SIPPS. PBIS (Positive Behavior Intervention Support) promotes positive behavior choices through explicit instruction, positive recognition and consistent natural consequences. In addition to PBIS, we fully support the use of Restorative Practices to build community and nurture and sustain positive relationships. The Bridges After School program provides child care, instructional support and games and activities until 6 PM. The school's Safety Team attends training, conducts emergency drills and collaborates together in establishing site safety procedures.

We use the Common Core State Standards and ongoing assessment to guide our instruction and communicate academic growth to families throughout the year. We will continue to encourage a college bound culture with our students and promote positive character traits of safety, respect, responsibility, citizenship, fairness, and friendship as a school focus.

We value your support as a parent/guardian and partner in educating our students, and encourage open communication and collaboration between families and school. We encourage parents/families to partner with us in promoting a positive learning environment here at Charles Peck School.

As the principal and instructional leader, I believe that all students can and will learn given the appropriate instruction and supports. I also believe that learning is a life-long endeavor and that education opens the doors to many opportunities in the lives of our students and that it will continue to do so as they grow into productive citizens. I lead an amazing team whose commitment to students, teaching, and learning is inspiring and sincere. Our Charles Peck staff participates in ongoing professional development ensuring that our students receive quality first instruction and any educational and/or behavioral supports they need in order to reach their full potential as learners and leaders. They are equally dedicated to engaging families as partners at Charles Peck.

**A. Conditions of Learning**

**State Priority: Basic**

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)**

**Year and month in which data were collected:** September 22, 2015

San Juan Unified held a public hearing on September 22, 2015 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7, delayed all instructional materials adoptions and the development of curriculum frameworks and evaluation criteria until the 2015-16 school year. Since then the State Board of Education has adopted frameworks for ELA/ELD, Math and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan’s textbook adoption schedule, please visit our website:

**School Facility Conditions and Planned Improvements (Most Recent Year)**

Charles Peck, originally constructed in 1961, was modernized during the 2000-2001 school year. Currently, there is sufficient space to house the student population. Site custodial staff clean the buildings, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. In 2009, the entire school had the exterior painted through Deferred Maintenance Funding. Using Measure J funds, a site-wide landscape and irrigation project was completed Winter 2013. This included ornamental fencing, sidewalks and ramps, storm drains and sewer lines, grass, plants and trees. All restrooms site-wide are being reconfigured and renovated using Measure J funds. This project is scheduled for completion January 2014. It includes all plumbing, fixtures, partitions, floors, walls, path of travel and upgrades to meet ADA requirements.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in August 2016 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

#### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

	4	23	23	100.0	
	5	15	15	100.0	6.7

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The “Proficient or Advanced” is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2015-16)

Grade Level	Percent of Students Meeting Fitness Standards

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2016-17)

There are various ways that parents can be involved in the school community. The Charles Peck School Site Council, comprised of members of whom half are parents, takes an active role in developing and monitoring the School Improvement Plan. The focus of improvement is developing students' literacy and mathematical ability, the use of technology, and the fostering of a positive learning climate. The Charles Peck Newsletter is a bulletin sent home to inform parents about school activities and events, as well as parent education opportunities. Some examples include homework strategies, curriculum support, and effective routines. Classroom teachers regularly send home newsletters and/or informal progress notes. Parents are informed about their children's accomplishments through formal and informal parent conferences, progress notices, report cards, telephone calls, emails, and notes. Parents are encouraged to volunteer their time in the classroom and in the library, as well as attend events such as the primary 100 Day activities, Jog-A-Thon, ongoing SSC, and fundraisers, etc. Our monthly ELAC, Parent/Principal, and SSC meetings along with Family Engagement Events which focus on academic achievement for all students, building positive character traits, and parent/family involvement will continue to keep our professional learning community on track to achieving each step outlined in our Strategic Plan.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school office at 867-2071 and/or leave a message for our Parent Liaison, Shantel Tibbets at ta2dmom4@gmail.com

### State Priority: School Climate

#### School Safety Plan (School Year 2016-17)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. In partnership with the Sacramento County Sheriff's Department and the City of Citrus Heights Police Department (CHPD), each school becomes part of a safety zone that is patrolled daily by a sheriff's deputy or CHPD officer. The Deputy Sheriffs are assigned to specific schools which are identified by geographic zones. The Deputy Sheriffs may move from one the geographic zone to another as safety needs dictate. The CHPD Police Officers work identified schools within the City of Citrus Heights and respond as safety needs dictate. The Deputy Sheriff's and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor or other person. In addition to daily support from a designated Sheriff's deputy or CHPD officer, this school is a part of the San Juan Unified School District's Safe Schools Task Force, which is comprised of safety teams from each of the school sites. Each school safety team meets regularly to discuss safety issues, update their site emergency plans, and to take steps to be proactive in preventing various types of school-related safety issues. Law enforcement provides speakers to address students, staff and community groups. Our safety team receives regular training through the Safe Schools Task Force. Each school site is responsible for updating their Comprehensive School Safety Plan (CSSP) by March 1st of every year. As part of the update, each school site meets at least once per year with a law enforcement officer to review the CSSP and they hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district Safe Schools Manager. Every San Juan classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. Each school

site conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by State law.

The Charles Peck Site Safety Team consists of a group of teachers, staff, and parents who come together regularly to discuss safety issues in order to be proactive in safety and security issues at our school. The Safety Team has a responsibility to make sure that procedures are reviewed and updated when necessary so that we can be assured that we are providing the safest environment possible for our students, your children. We do so on a yearly basis. Charles Peck’s Safety Team members are:

- Mary Cardoso, Principal
- Bruce Snyder, Head Custodian
- TBA, Secretary
- Amanda Sundberg P.E. Specialist
- Jacklin Shantel Tibbetts, Parent/Parent Liaison
- Stacey Mamea, ICT
- Shelly Littlefield, 4th Grade Teacher

Our focus at Charles Peck Elementary School is to create an atmosphere of trust, interest, support and success for all students in a highly structured learning environment stressing academic performance. Charles Peck is a place where structured policies are in place and a discipline code is established in order to provide a safe, well-maintained and nurturing learning environment where children can grow to be responsible citizens making responsible decisions. Our school Comprehensive Safety Plan is updated every year.

### Types of Services Funded (Fiscal Year 2015-16)

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

In FY 2011-12, the district spent \$7,732,354 in restricted general fund for positions that would have usually been paid for by unrestricted dollars (SF-0) due to receiving American Recovery and Reinvestment Act (ARRA) Education Jobs Funds (EJF). The positions that were paid for included 21.0 FTE for Counselors, 24.0 FTE for Principals and 18.0 FTE for Vice Principals. Due to this change, many schools showed a decrease in unrestricted costs and an increase in restricted costs.

In FY 2011-12, the district spent \$3,163,102 in restricted general fund from the Economic Impact Aid (EIA) grant. The expenses were coded with a central location (000) in 2011-12, when in the previous year the dollars were coded to site locations. The impact of this change will show a decrease in restricted expenses.

### Professional Development (Most Recent Three Years)

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Engineering and Mathematics Inspiring Thinking Solutions, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
