School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Principal's Message

Welcome to El Camino High School's Annual School Accountability Report Card. This is where you'll find valuable information about our academic achievement, professional staff, curricular and co-curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities. The community of El Camino Fundamental High School is committed to high expectations, high achievement, responsibility, and mutual respect for all students. A safe, positive environment nurtures and enables all students to reach their potential as lifelong learners and responsible, enlightened citizens. El Camino maintains academic rigor in an atmosphere that promotes respect for one another, development of personal responsibility, and readiness for the world beyond the classroom.

Mission Statement

Embodying the Respect, Responsibility, and Readiness inherent in our Fundamental spirit and tradition, the mission of the El Camino Fundamental High School Community is to challenge and inspire each student to be a creative, life-long learner and enlightened, contributing citizen by ensuring that students construct meaning through rigorous 21st Century learning in a caring, inclusive environment.

School Profile

El Camino Fundamental High School is one of 9 comprehensive high schools in San Juan Unified School District. El Camino offers an academic program, aligned with California Content Standards, which is designed to prepare students for success in the workplace, in post-secondary schooling, and in citizenry. El Camino offers a full complement of Advanced Placement and Honors classes; a four year Eagle Polytechnic Institute that prepares students to enter the field of pre-engineering or technology through project-based learning in core classes; a four year AVID (Advancement Via Individual Determination) program; and a rich visual, musical, and dramatic arts program.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Low-Poverty Schools in District	96.3	3.7

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: September 22, 2015

San Juan Unified held a public hearing on September 22, 2015 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485>

In July 2009, EC Section 60200.7, delayed all instructional materials adoptions and the development of curriculum frameworks and evaluation criteria until the 2015-16 school year. Since then the State Board of Education has adopted frameworks for ELA/ELD, Math and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website:

School Facility Conditions and Planned Improvements (Most Recent Year)

El Camino High School, originally constructed in 1951, has undergone two phases of modernization; one in 1998 and the second in 2004. Each classroom has a fire and intrusion monitoring alarm system, telephone, school wide all-call system, and internet drops, along with WiFi connectivity throughout most of the campus. A dedicated custodial team and maintenance custodian keep the school safe, clean and operational. Playing fields and hard court tennis courts were refurbished, and the entire school's asphalt was resurfaced in the summer of 2005. During the summer of 2005 a new Science room portable was constructed. A two-year program to renovate student restrooms throughout the school and make them ADA compliant began the summer of 2012 and was completed Fall 2013 using Measure J funds. An HVAC system was installed in the large gym using Measure J funds in Fall, 2013. The gym was also wrapped in insulation for energy efficiency and painted. These improvements are a welcome change to our campus. Currently, in the planning stages is a new all-weather track and synthetic turf field. The project, funded by Measure N, will consist of a new all-weather running track and synthetic turf. The new running track will consist of running lanes with integral striping to accommodate official high school events. The project will include all of the necessary concrete, asphalt, drainage and fencing to support the track. Some ADA improvements may be required along with access to the existing restroom facilities. The turf field will include drainage for the field, markings for football, soccer, goal posts. Anticipated start date is May, 2014 with a targeted completion of August 2014. During Summer of 2015 had full exterior paint, all new weather strip on doors, sealed and painted the parking lot and converted to an all LED interior lighting system.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in September 2016 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Students with Disabilities	11	29	29	100.0	13.8

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education Programs (School Year 2015-16)

San Juan Unified defines their career paths following the strict criteria set within the Perkins Act and/or the California Partnership guidelines. Although most completion data is collected through our ROP regionally (Sacramento County Office of Education), the CTE department collects data on the number of students moving through our local sequences. Some ROP courses, because of the time requirements, internship element and industry standards they meet, are defined as a sequence within themselves. Introductory CTE courses are found throughout our schools, concentrators are students who take a second level course within the same career path, and students are referred to as completers when they complete a sequence of courses leading to certification, employability, and/or further technical training. ROP course are defined as completer based on length of course, sequence, and skill development.

The ROP capstone course leads to a certificate/industry skill sheet or license if applicable. The program also provides the student with academic and technical knowledge and skill through integrated academic and technical instruction. The programs prepare students to enter current or emerging careers for further training within the career path for which there is gainful employment. Students enrolled in the programs are provided strong experiences in all aspects of an industry.

San Juan Unified also provides students career preparation through enrollment in California Partnership Academies. We have four California Partnership Academies in the areas of: business–finance/entrepreneurship, pre-engineering, Sports Careers and Opportunities in Recreation (SCORE), and small business entrepreneurship. Our schools have numerous career paths opportunities beyond the state funded California Partnership Academy. We have career pathways in:

- Computer Assisted Design
- Drafting
- Manufacturing Metals III
- Computer Applications
- Manufacturing Metals I
- Radio/TV
- Manufacturing Metals II

At El Camino Fundamental High School we are proud to have the Eagle Polytechnic Institute which is a 4-year Academy for students interested in a variety of Engineering disciplines. Coursework includes Metal Technology, Computer Assisted Design, Engineering, and Radio and Television Production among others. Students work on interdisciplinary projects designed to bring all facets of their education together in collaborative work meeting the goals of providing a 21st Century education. This integrated approach helps to support student achievement as all Academy teachers work closely together planning curriculum and assessing the learning of their Academy students while providing for hands-on experiences that enrich their education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

El Camino enjoys the benefits of a supportive community and dedicated parents. Numerous opportunities, both informal and formal, exist at El Camino that provide ties between the school and the community. The following organizations provide ongoing, formal support of and connection with El Camino:

- Athletic Boosters Club
- PTSA (Parent Teacher Student Association)
- Performing Arts Boosters Club
- School Site Council
- Key Club in partnership with Kiwanis Club
- Community Service Components in Athletic and Student Activity organizations
- ELAC (English Learners Advisory Committee)
- Strategic Planning Team
- El Camino Alumni Association
- Site Strategic Planning Committee and Action Teams
- WASC Focus Group participation

Please contact Principal's Secretary Krista Kunert by phone at (916) 971-7426 or by email at krista.kunert@sanjuan.edu for more information on how to become involved with any of these groups. You may also obtain information on our school website at: www.sanjuan.edu/elcamino.

School Safety Plan (School Year 2016-17)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. In partnership with the Sacramento County Sheriff's Department and the City of Citrus Heights Police Department (CHPD), each school becomes part of a safety zone that is patrolled daily by a sheriff's deputy or CHPD officer. The Deputy Sheriffs are assigned to specific schools which are identified by geographic zones. The Deputy Sheriffs may move from one the geographic zone to another as safety needs dictate. The CHPD Police Officers work identified schools within the City of Citrus Heights and respond as safety needs dictate. The Deputy Sheriff's and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor or other person. In addition to daily support from a designated Sheriff's deputy or CHPD officer, this school is a part of the San Juan Unified School District's Safe Schools Task Force, which is comprised of safety teams from each of the school sites. Each school safety team meets regularly to discuss safety issues, update their site emergency plans, and to take steps to be proactive in preventing various types of school-related safety issues.

Law enforcement provides speakers to address students, staff and community groups. Our safety team receives regular training through the Safe Schools Task Force. Each school site is responsible for updating their Comprehensive School Safety Plan (CSSP) by March 1st of every year. As part of the update, each school site meets at least once per year with a law enforcement officer to review the CSSP and they hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district Safe Schools Manager. Every San Juan classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. Each school site conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by State law. This school meets or exceeds the Education Code requirements for fire drills and lock down drills. Our school site safety plan is updated by Administration prior to the beginning of each year and approved by our School Site Council each March. The last update and discussion with school staff was in March of 2016 and contains all of the rules, policies, and procedures related to safety on our campus.

Types of Services Funded (Fiscal Year 2015-16)

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state. Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

In FY 2011-12, the district spent \$7,732,354 in restricted general fund for positions that would have usually been paid for by unrestricted dollars (SF-0) due to receiving American Recovery and Reinvestment Act (ARRA) Education Jobs Funds (EJF). The positions that were paid for included 21.0 FTE for Counselors, 24.0 FTE for Principals and 18.0 FTE for Vice Principals. Due to this change, many schools showed a decrease in unrestricted costs and an increase in restricted costs.

In FY 2011-12, the district spent \$3,163,102 in restricted general fund from the Economic Impact Aid (EIA) grant. The expenses were coded with a central location (000) in 2011-12, when in the previous year the dollars were coded to site locations. The impact of this change will show a decrease in restricted expenses.

Professional Development (Most Recent Three Years)

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Engineering and Mathematics Inspiring Thinking Solutions, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
