School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Mission Statement

Valuing diversity and Full Inclusion, the mission of Cameron Ranch School is to ensure that each student becomes an informed critical thinker, strong communicator, and self-directed learner through personalized, rigorous instruction, utilizing technology, and modeling positive character traits in a safe, nurturing, respectful environment, in partnership with parents and community.

School Profile

Cameron Ranch Elementary is one of 33 elementary schools in the San Juan Unified School District. The curriculum provided is aligned to the Common Core State Standards. The school supports cultural awareness on a daily basis through its diverse literature selections and other school activities.

As a full inclusion site for children with developmental disabilities Cameron Ranch is dedicated to developing the individual potential of all students. We believe that each student has the right to be successful academically and socially. We encourage in all students' sensitivity to diversity and a sense of community responsibility. Staff and community work together to share knowledge and ideas to provide a rich learning environment for students.

We base our school behavior and discipline on Positive Behavior Intervention System (PBIS). We practice discipline with compassion.

WE PROMISE TO LOVE AND RESPECT EACH CHILD AND EXPECT EACH CHILD AND ADULT TO SHOW US RESPECT.

The Cameron Ranch principal, teachers, and staff value diversity and excellence. Our mission is to educate and inspire each student to succeed and responsibly contribute to a radically evolving world by providing innovative, rigorous, student-focused instruction and programs in a safe, caring, and collaborative learning community.

We are a Response to Intervention school, which addresses the individual needs of each student. We have implemented a scientific, research-based balanced literacy program with the belief that every student can learn to read and write. Within our balanced literacy program we differentiate instruction employing a number of strategies to meet the varied needs of individual students.

Cameron Ranch is a data driven school. All staff members have been trained on using the Luminate system and gathering information streamlines their daily instructional learning path for each student. Luminate provides teachers with information needed to plan focused instruction and provides internal accountability. Teachers are able to measure and monitor student progress using this data so that instruction is precise and personalized.

We ensure that all students have access to core curriculum, all teachers are highly qualified, and interventions are checked frequently for proper placement of students. Teachers provide rigorous instruction based on Common Core State Standards.

We pay close attention to the culture and climate of our school. We provide varied opportunities for our children to learn in an environment that is safe and fosters personal and academic growth.

Cameron Ranch staff hold high expectations for all stakeholders. We practice the beliefs that every person is unique and has equal worth, that every student can and will learn and that diversity is a valuable asset that strengthens and enriches our community. Through these multiple beliefs we have been able to start closing the achievement gap.

We believe that parent involvement is the key to building a sound foundation that encourages academic and personal achievement. Parents are invited regularly to attend visitation mornings. During this visitation the parent shadows their student, thus developing an understanding of what our expectations are, how the instructional rigor is scaffolded for students throughout each day and how they can support their child's educational experience.

Professional development occurs weekly at Cameron Ranch. We provide time for grade level collaboration and professional learning communities. We recognize the importance of ongoing teacher learning and that it is directly linked to instructional practices and strategies. In the past three years we have based our professional development around PBIS, Luminate, Universal Access, Guided Reading, Critical Literacy, Running Records, and Writer's Workshop. All of these trainings support classroom teaching strategies, school and class organization, balanced literacy instruction, intervention and assistance and home, school and community partnerships.

Cameron Ranch offers an After School Bridges program. Bridges After-School/ASSETs Programs provide homework support, enrichment and pro-social recreation in a safe and positive environment. The Bridges After-School/ASSETs Programs currently serve over 3,000 students, grades K-12, at 32 sites. Student success is supported through the implementation of each of the four components of the program: Homework support, enrichment/disguised learning, pro-social skills/recreation, and parent support and empowerment. Strong relationships between program staff, school staff, parents and students are key! If you are interested in this program please contact the school office.

Principal's Message

- We will ensure all staff are implementing rigorous instructional strategies using personalized learning plans, integrating relevant technology and utilizing individualized assessment data to increase student proficiency.
- We will actively engage families and community as partners in the educational process.
- We will identify, model, and integrate positive character traits, to ensure all students become contributing, responsible, and caring members of our diverse community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Year and month in which data were collected: September 22, 2015

San Juan Unified held a public hearing on September 22, 2015 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485>

In July 2009, EC Section 60200.7, delayed all instructional materials adoptions and the development of curriculum frameworks and evaluation criteria until the 2015-16 school year. Since then the State Board of Education has adopted frameworks for ELA/ELD, Math and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Piloting%20adoption%20Schedule.pdf>.

School Facility Conditions and Planned Improvements (Most Recent Year)

Cameron Ranch was modernized and a new multipurpose room was added during the 2000-2001 school year. Expanded parking was provided at the front of the school, as well as a new ramp leading down to the resurfaced blacktop playground area. Two portable classrooms were totally remodeled. Currently there is sufficient space to house the student population. Discovery Club has its own classroom. There is a site custodial staff that cleans the building, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. A major landscape and irrigation project was completed during the summer of 2008 through Measure J Bond. A low voltage upgrade which includes intercoms, fire and intrusion alarms, is scheduled for completion Spring 2014.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in September 2016 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	26	27	45	44	48	48
Mathematics (grades 3-8 and 11)	23	16	35	33	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**CAASPP Test Results in ELA by Student Group
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	180	171	95	26.9

English Learners	39	32	82.05	25
Students with Disabilities	35	32	91.43	3.13

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	10.9	13	

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents are a valuable asset to the entire school community. Through PTO, the school benefits from the beautification projects, assemblies, fund raising, and social opportunities through ice cream socials, BBQ's, and parent programs. Parents are also active on the School Site Council and English Learner Advisory Council advising, exploring, and observing programs funded by Title 1 and LCFF money received from the state. Each year parents sign a compact with their student and the teacher pledging support to the academic programs. Many parents drive on field trips, assist with at-home tasks, volunteer in the classroom, serve as representatives to the DELAC and the Superintendent's Council.

Bi-weekly newsletters, our new website, Cameron Ranch Facebook, Connect-ed, Principal coffee chat and frequent teacher correspondence keep parents informed of events and activities, as well as school changes. Parents provide valuable feedback regarding our programs and their students' success through our monthly parent committees and Parent Survey which is given every spring.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Kimber Rice, Cameron Ranch Elementary at 575-2302 or kimber.rice@sanjuan.edu

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2017-18)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. In partnership with the Sacramento County Sheriff's Department and the City of Citrus Heights Police Department (CHPD), each school becomes part of a safety zone that is patrolled daily by a sheriff's deputy or CHPD officer. The Deputy Sheriffs are assigned to specific schools which are identified by geographic zones. The Deputy Sheriffs may move from one the geographic zone to another as safety needs dictate. The CHPD Police Officers work identified schools within the City of Citrus Heights and respond as safety needs dictate. The Deputy Sheriff's and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor or other person. In addition to daily support from a designated Sheriff's deputy or CHPD officer, this school is a part of the San Juan Unified School District's Safe Schools Task Force, which is comprised of safety teams from each of the school sites. Each school safety team meets regularly to discuss safety issues, update their site emergency plans, and to take steps to be proactive in preventing various types of school-related safety issues. Law enforcement provides speakers to address students, staff and community groups. Our safety team receives regular training through the Safe Schools Task Force. Each school site is responsible for updating their Comprehensive School Safety Plan (CSSP) by March 1st of every year. As part of the update, each school site meets at least once per year with a law enforcement officer to review the CSSP and they hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district Safe Schools Manager. Every San Juan classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. Each school site conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by State law.

The Cameron Ranch Comprehensive Safety Plan was updated and approved at our May 2017 School Site Council meeting after input from parents and staff. It was shared with faculty on March 14, 2017. The areas of strength and concern were discussed and based on the recommendation refinements were made to Section I - School demographics and School Committee Members, Section IV - Updating the section which refers to areas of pride and strength with current focus areas including Positive Behavior Intervention Strategies and Responsive Classroom practices.

Professional Development (Most Recent Three Years)

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Engineering and Mathematics Inspiring Thinking Solutions, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
