## School Accountability Report Card

### Reported Using Data from the 2016-17 School Year

#### Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2017-18)

---

### MISSION STATEMENT

Guiding the discovery of knowledge, Mission Avenue Open School inspires and engages all students to become responsible citizens and creative, confident, critical-thinking problem solvers through student-centered interdisciplinary learning, enhanced by experiential explorations in respectful collaborations within our community.

### SCHOOL PROFILE

Mission Avenue Open School is an officially-designated alternative school in the San Juan Unified School District.

Mission School is guided by a unified philosophy that provides a high quality, standards-based, and comprehensive elementary school education through experiential learning. This is called the Open Philosophy and is based, in part, on Piaget's developmental learning theory, Dewey's constructivist learning theory, Montessori's use of manipulative materials, and Kohl's thematic, integrated curriculum. In open classrooms, emphasis is placed on individuality and reaching each child's potential. We have found that the best way to provide for this is through the following practices and themes: differentiation of instruction, experiential learning and constructivism, student-centered collaborative classrooms, field education, and parent involvement at all levels of the school program.

We believe applications of technology are critical to teaching and learning at all grade levels. To support this belief we have a parent-led group called MAST whose primary goal is to raise funds to outfit all classes with iPads, NetBooks, or desktop computers. Additionally each of our classrooms has an interactive whiteboard or an Apple TV set up. All classrooms are WiFi enabled as we recognize that use of the Internet is one technological key for students' success and, as such, plays an important role in hands-on learning, daily practical applications, and 21st century skills which are so important for each student's future.

To support our belief that participation in the visual and fine arts is a critical component in each child's educational program, Mission School offers band and choir programs, as well as multiple opportunities for all children to perform in grade-level and school-wide performances.

### PRINCIPAL'S MESSAGE

Children are a gift--each day that we see them engaged in learning alongside us, we recognize and are thankful for that gift! Our philosophy at Mission is much more than a slogan, much more than a sign we hang on the building . . . our philosophy, our community and our teaching methods are our PRIORITY, and the success we see is the result.

At Mission Avenue Open School, we are committed to the idea that parents are an integral part of the learning experience, both inside and outside the classroom. Learning is best accomplished when teachers, parents, and students work as a team. Hand in hand, as part of the team, making academic choices, setting goals, and evaluating progress, students become responsible lifelong learners. We continuously encourage parent volunteerism, and those hours extend into our experiential learning activities where children are on single day and multi-day field trips to take the learning outside of our four walls of the classroom. We call this an "Open Philosophy" and we are committed to the Open Philosophy because we know it works, and we believe it is what's best for children. We welcome the participation of all families who embrace this philosophy, who recognize the remarkable, exciting, and distinguished learning community we've created at Mission Avenue Open School.

During this school year our focus is upon K-2 guided reading, literacy, K-6 Math, and newly adopted materials which all support Common Core State Standards (CCSS) and rigorous instruction with powerful assessments that teach us more about what our students are capable of doing and what they are ready to do next. Staff are poised for engaging students in critical thinking work aligned with the Common Core State Standards while continuing to guide children through learning experiences that are constructivist at the core. With much positive momentum, we are looking forward to our next steps with children.

At Mission Avenue Open School we thrive by working with our community to engage children in rich learning experiences. The learning here at Mission is unique and most certainly special. We engage children in parent-funded learning experiences that take place outside of the classroom, and we ask children to make meaning of their learning and put it into action. Our philosophy stretches across every aspect of what we do. If you are interested in attending the school site on a regular basis and find that our philosophy is a good match for your child, we encourage you to call or visit our site and learn more. ## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

**Year and month in which data were collected:** September 22, 2015

San Juan Unified held a public hearing on September 22, 2015 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485>

In July 2009, EC Section 60200.7, delayed all instructional materials adoptions and the development of curriculum frameworks and evaluation criteria until the 2015-16 school year. Since then the State Board of Education has adopted frameworks for ELA/ELD, Math and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Piloting%20adoption%20Schedule.pdf>.

#### School Facility Conditions and Planned Improvements (Most Recent Year)

Mission Avenue Elementary School was modernized during 1995. A heating and air-conditioning upgrade was added during the summer of 2000. The modernization scope included roof/repair or replacement, interior, and exterior painting, new lighting, selected window system replacement, energy management system for the HVAC, new doors with handicapped accessible hardware, restroom restoration, electrical infrastructure upgrade to provide for internet, cable, telephone, throughout the school. Currently, there is sufficient space to house the student population. There is a site custodial staff that cleans the building, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. Field repair, driveway resurfacing, and irrigation system retrofit continue to be a concern. The entire school was carpeted in 2003. Exterior painting of all facilities under Deferred Maintenance during Summer 2007. The area known as the "dust bowl" was irrigated and hydroseeded during Summer 2010.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in October 2017 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	54	54	45	44	48	48
Mathematics (grades 3-8 and 11)	37	40	35	33	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	287	280	97.56	53.57
Male	149	143	95.97	48.95
Female	138	137	99.28	58.39
Asian	13	13	100	53.85
Hispanic or Latino	37	37	100	40.54

Two or More Races	12	12	100	50
Socioeconomically Disadvantaged	74	72	97.3	34.72
English Learners	22	22	100	27.27
Students with Disabilities	31	29	93.55	20.69

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

English Learners	22	22	100	13.64
Students with Disabilities	31	29	93.55	13.79

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students  
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	57	64	57	56	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

**California Physical Fitness Test Results (School Year 2016-17)**

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	19.4	15.3	23.5

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2017-18)

As critical partners in their child's education, parents are vital to the open-structured program at Mission Avenue. Parents work with staff to provide an environment that allows students to develop a love of learning that is reflected both at home and within the school community. Parents enhance their child's education by providing additional resources, skills, and talents before, during, and after school. At Mission Avenue, we believe that when parents and teachers work together, students are motivated to reach their highest potential. Mission Avenue Open School has created a learning environment that includes the support and active participation of all parents. This is accomplished by their assistance in classroom, school, and/or at-home activities for a requested minimum two hours per week per child. Parents are also expected to consistently attend general programs and class meetings. Compacts (which outline parent, staff and student responsibilities) are signed yearly, affirming understanding of a commitment to our students' education, the school philosophy, and program. Parents participate in decision-making at parent meetings such as PTA, MAST (Mission Avenue Support Team), and School Site Council meetings.

Parents assume responsibility for planning family education nights, family workdays, and family all-school events. Likewise, parents take full responsibility for planning all the fundraising activities that generate funds to purchase additional programs that enrich learning for all students.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school site at 916-575-2362 or email Amberlee Townsend-Snider at [atownsend@sanjuan.edu](mailto:atownsend@sanjuan.edu)

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### Suspensions and Expulsions

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17

## School Safety Plan (School Year 2017-18)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. In partnership with the Sacramento County Sheriff's Department and the City of Citrus Heights Police Department (CHPD), each school becomes part of a safety zone that is patrolled daily by a sheriff's deputy or CHPD officer. The Deputy Sheriffs are assigned to specific schools which are identified by geographic zones. The Deputy Sheriffs may move from one the geographic zone to another as safety needs dictate. The CHPD Police Officers work identified schools within the City of Citrus Heights and respond as safety needs dictate. The Deputy Sheriff's and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor, or other person. In addition to daily support from a designated Sheriff's deputy or CHPD officer, this school is a part of the San Juan Unified School District's Safe Schools Task Force, which is comprised of safety teams from each of the school sites. Each school safety team meets regularly to discuss safety issues, update their site emergency plans, and to take steps to be proactive in preventing various types of school-related safety issues. Law enforcement provides speakers to address students, staff and community groups. Our safety team receives regular training through the Safe Schools Task Force. Each school site is responsible for updating their Comprehensive School Safety Plan (CSSP) by March 1st of every year. As part of the update, each school site meets at least once per year with a law enforcement officer to review the CSSP and they hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district Safe Schools Manager. Every San Juan classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. Each school site conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by State law. This school meets or exceeds the Education Code requirements for fire drills and lock down drills.

**Professional Development (Most Recent Three Years)**

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Engineering and Mathematics Inspiring Thinking Solutions, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher’s Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.

Mission Avenue Open School is participating in K-2 guided reading learning, based upon our 2016 CAASPP data we recognize that teaching reading strategies is a skill that our students are in need of.

Mission Avenue Open School is also participating in Math professional learning, based on our 2016 CAASPP data and we recognize the need for us to learn more about ways to teach math within the CCSS framework.
