School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Mission Statement:

Through the Montessori philosophy, we provide an environment of learning that honors each individual child's goals and dreams in a diverse community that nurtures growth, respects students, and supports families.

School Profile:

Cottage Elementary is one of 41 elementary/K-8 schools in the San Juan Unified School District. The Montessori curriculum at Cottage Elementary is aligned to the new Common Core State Standards (CCSS).

Cottage Elementary School promotes the success of all students by advocating, nurturing, and sustaining an environment of personalized instruction, respect, and peace. Identified as a Title I school in the 2008-09 school year, federal resources are targeted at providing additional supports for all learners. We value the rich cultural tapestry of our student population and believe it strengthens our collaborative community. Moreover, as a Positive Behavior Intervention and Support (PBIS) school, Cottage students are recognized daily for their positive behavior choices. Olweus, our anti-bullying program, also helps guide our peaceful community, along with our three school rules: Show Grace, Act Responsibly, and Build Peace.

In the fall of 2011, Cottage School opened its first Montessori kindergarten classroom. Since then, teachers have been trained in the philosophy, earned their Montessori teaching certificates, and have built Montessori classrooms each year. In the fall of 2016, Cottage Elementary finalized the transformation and became a complete Montessori school, expanding the program to include transitional kindergarten through fifth grade. The Spring 2017 graduates were the first students to have a complete Montessori education. Montessori education continues to grow and thrive at Cottage. In 2018, we have 13 Montessori certified teachers, 1 Montessori teacher-in-training, and 14 instructional assistants exploring, guiding, and learning in Montessori classroom environments.

Inspired by the Montessori philosophy, the vision of Cottage is to guide and empower each child to think critically while becoming an intrinsically motivated 21st century learner who understands their responsibility within the diverse planet, through the delivery of personalized instruction, in a child-centered environment supported by a nurturing community.

Principal's Message:

Dear Cottage Community,

Welcome to the 2018-2019 school year at Cottage Elementary! I am very excited to have joined the Cottage Family and to be supporting Montessori education at Cottage Elementary. This is my first year as part of the Cottage Family, but I bring with me 18 years of experience as a school administrator spanning grades TK-8.

The staff of Cottage School is committed to the vision of providing an environment of learning that honors each individual child's goals and dreams in a diverse community that nurtures growth, respects students, and supports families. As the only Montessori school in the San Juan Unified School District, we are proud of our success in creating a unique learning environment for our young scholars and in creating a community culture that is evident to anyone who visits our campus. Our work in establishing an environment that is both positive and supportive of all students was recognized this year with Cottage School being recognized by the California Postive Behavioral Interventions and Supports (PBIS) Coalition with the Silver Level Implementation Award.

Inspired by the Montessori philosophy, the mission of Cottage is to guide and empower each child to think critically while becoming an intrinsically motivated 21st century learner who understands their responsibility within the diverse planet through the delivery of personalized instruction in a child-centered environment supported by a nurturing community.

Montessori Education at Cottage School is fully established throughout the grade levels served on campus and all of our teachers are accredited by either the American or International Montessori Society. We serve students from 4 to 6 years old in Early Childhood (Transitional Kindergarten and Kindergarten), Lower Elementary (1st, 2nd, 3rd grade) and Upper Elementary (4th, 5th grade) classes. We are proud of our peaceful learning community.

Our goals and targets for this year continue to focus on community culture and the enhancement of academic achievement with many staff members having continued their training over the summer to ensure that we continue to correlate the Montessori philosophy of education with Common Core State Standards, strengthening our partnerships with families and community, while integrating through all a climate that is described by a few simple words...

Show Grace. Act Responsibly. Build Peace.

We welcome parent and community participation in building an environment where all of our children succeed and there are opportunities to support our children through our Parent Teacher Association, parent committees such as our English Learner Advisory Committee (ELAC), and our School Site Council, as well as through various volunteer opportunities throughout the year.

Sincerely,
Dr. Arthur A. Estrada Jr.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: September, 2018

San Juan Unified held a public hearing on September 11, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Piloting%20adoption%20Schedule.pdf>.

School Facility Conditions and Planned Improvements (Most Recent Year)

Cottage School, constructed in 1953, was modernized during the 1997 school year. Currently, there is sufficient space to house the student population. Site custodial staff clean the buildings along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. Painting of the school exterior occurred in fall 2010. During the summer of 2011 the school landscaping and parking lot were renovated. A second phase of landscaping and an upgrade to outdoor learning spaces occurred in the summer of 2012. In addition, a site-wide low voltage upgrade was completed Fall 2013 using Measure J funds. This included intercoms, fire and intrusion alarms. A new monument sign was recently installed and stands as a warm welcome to all. All restrooms site-wide are being reconfigured and renovated using Measure J funds. This project is scheduled for completion January 2014. It includes all plumbing, fixtures, partitions, floors, walls, path of travel and upgrades to meet ADA requirements.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in October 2018 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students
Grades Three through Eight and Grade Eleven**

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	18.0	25.0	44.0	45.0	48.0	50.0
Mathematics (grades 3-8 and 11)	10.0	14.0	33.0	34.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group

Students with Disabilities	18	17	94.44	17.65

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Cottage Elementary view parent involvement as paramount and integral to student success. Our active Parent Teacher Association (PTA) works closely with administration and staff on events geared to bring children, their families, and the community together. Events, gatherings, or committees for parents to be involved with include:

1. Parent Handbook and Calendar for San Juan Unified School District: states district policies.
2. Parent Newsletter: invite parents to all meetings, inform parents of district sponsored parenting classes, inform parents of ways to help students with homework, inform parents of research on developing high achieving students, inform parents of ways they can help as volunteers at Cottage, inform parents about important events.
3. Blackboard Messages: short phone messages informing parents of important activities.
4. Wednesday will be the official communication day. All school and community information will be sent home with students on Wednesday.
5. Back to School Night: inform parents about Common Core State Standards (CCSS), explain the Cottage Positive Behavior System, Olweus and character education program.
6. PTA: Membership Drive @ Back to School Night and during the months of August, September, and October, monthly meetings, fund raiser with proceeds going to the school.
7. PTA and School Site Council Meetings, followed by discussion and recommendations taken from those in attendance.
8. English Learner Advisory Committee (ELAC) with translators at the meetings to discuss strategies to support children.
9. Superintendent’s Parent Advisory Committee: invite parents to participate.
10. Student Success Team Meetings: meetings to work with parents of at-risk students and develop a plan for success.
11. Progress Notices half way through each trimester.
12. Report Cards at the end of each trimester.

13. Parent – Teacher Conferences: at the end of 1st and 2nd trimester.
14. Open House or Curriculum Nights to showcase student curriculum and achievement.
15. Montessori Parent Meetings
16. Parent liaisons will plan parent and family events to improve parent involvement.
17. Fall Jog-a-Thon
18. Family Nights (fun evenings for families with a reading, math or science focus)
19. School-wide attendance awards assemblies that take place November, March, and June
20. Community gatherings focused on celebration of positive character traits
21. Grands Lunches throughout the year
22. School Smarts Parent Engagement
23. Art Guide Program
24. Multi-Cultural Celebration
25. Library and Scholastic Book Fair volunteers
26. Gardening Club
27. Classroom and Field Trip Volunteers
28. Each year tours of our Montessori classrooms are scheduled and made available to all parents – current and future.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18

Expulsions	0.0	0.0	0.0	0.1	0.1	0.1	0.1	0.1	0.1

School Safety Plan (School Year 2018-19)

Cottage Elementary School makes safety a top priority. The School Site Council/Safety Team last updated the comprehensive school safety plan on January 22, 2018 after reviewing it at a public meeting on January 16, 2018. The plan includes a review of safety data for the campus, incident response information in case of fire, earthquakes and other dangers, and details on safety policies. A copy of the plan is available for review in the school office.

Drills are held on a regular basis to include fire drills, earthquake drills and intruder drills.

Safety is a shared responsibility and our school is supported by the district’s Safe Schools program in coordination with the Sacramento Sheriff’s Department and Citrus Heights Police Department. The Safe Schools program provides district employed safety specialists who provide safety advice, training and respond to critical incidents. They are supplemented by uniformed law enforcement officers dedicated to working with San Juan Unified schools.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2017-18)

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. Professional Development (Most Recent Three Years)

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
