School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Mission Statement: The mission of Harry Dewey Fundamental Elementary School was created collaboratively with staff, parents, and community through site strategic planning.

Valuing community and academic excellence, the mission of Harry Dewey Fundamental Elementary School is to inspire and educate each child to be a vibrant part of a community of life-long learners who embrace stewardship of their world and develop creative problem-solving skills and confidence through a focus on the whole child—mind, body, heart—that includes innovative instruction, strong character development and essential family participation in a safe, supportive environment.

School Profile

Harry Dewey Fundamental Elementary is one of the elementary schools in the San Juan Unified School District. Dewey is nestled into a wonderful little neighborhood and these neighbors take great care of the school. The curriculum at Dewey is aligned to California Common Core Standards. Dewey's programs reflect the interests and needs of its community and offers many different programs to families. Dewey also houses the K-6 Deaf and Hard of Hearing Program for SJUSD.

At Dewey we believe strongly in our mission of doing more than just educating the mind. We believe in helping to create citizens of the world by focusing on the whole child. The process of learning is just as important as the product. We want to know how students arrive at the final product and the thinking that goes into the process. Students are discussing, debating and collaborating each day. They are able to support their thinking orally and in writing. This is what the world asks of all of us – we are preparing our students now.

We firmly believe that it takes a village to raise a child and we need families on board to ensure our students have an optimal educational experience. Parent engagement is an important factor in the success of our program. We ask for our families pitch in to volunteer time and talent! At Dewey, parents and teachers regularly communicate and partner in support of students.

SCHOOL PROGRAMS

School Wide Character Education program

Through the Harper for Kids Foundation and One School One Book grant, we are utilizing the book by Coach John Wooden, "Inch and Miles, the Journey to Success" to guide our character education program. We utilize class meetings, family nights, and rich literature among other tools to weave character education into the very foundation of our school.

Technology

Dewey has a state of the art computer lab that is kept up to date through generous funding by Dewey's Parent Faculty Organization (PFO). PFO is our parent organization that raises funds that provide students access to technology, field trips, and much more.

Students are expected to regularly utilize the different forms of media and technology in the computer lab to research topics of interest. Teachers use interactive whiteboards and ELMO's (digital visual presenter) for their instruction which enables them to create lessons that are highly engaging, provide visual support, and develop 21st century skills that students will need to be successful in their world as they grow. Dewey also has several sets of iPads and Chromebooks to develop students' technology skills and support their classroom instruction.

Sign Language

One of Dewey's gems is the Deaf and Hard of Hearing Program that is housed on our site. We have students that are Deaf and Hard of Hearing. Many are mainstreamed out into our general education classrooms. This provides a very unique opportunity for all of our students to learn a different culture and language.

We offer a school club called Dewey Student Signers whose primary goal is to develop Sign Language vocabulary in our students. We also have a River Cats signing team that learns the National Anthem and performs at a River Cats baseball game once a year.

Olweus Anti Bullying Program

We are currently implementing the Olweus Anti Bullying Program. This program actively engages all members of our community in our crusade against bullying. While bullying is not pervasive on our campus, it is imperative to us that we remain vigilant and ahead of the bullying epidemic sweeping schools. This program primarily includes class meetings, extensive staff training, as well as student and parent learning to respond to bullying.

Public Speaking

Dewey has a long tradition of developing students’ public speaking skills through many different formats. We utilize oral reports, reciprocal teaching and others beginning in kindergarten. When our students leave us, they take with them strong public speaking skills.

Family Engagement

Dewey is a school where family engagement is a cornerstone. Research shows achievement is higher for students whose families are engaged in the educational process. We ask that families spend 12 hours in the classroom or within the school in some other capacity per trimester per child. We depend on our parents. We value the time and energy they devote to our school and our students.

Band

We offer two bands for our students. One is a beginning band and the other is a more advanced jazz band. Students perform at school concerts in addition to their practice times at school. Research shows that students involved in music and fine arts stay in school longer and tend to do better than students not engaged in the fine arts.

School Site Council (SSC)

The School Site Council is the parent voice in school governance. The SSC function and requirements are mandated by the state. It is composed of equal parts: parents, teachers and the school principal. School improvement decisions are made through the School Site Council. The SSC reviews test scores, provides ongoing analysis of educational programs, monitors the budget, and helps to develop our school vision and mission. Members are elected for a two year term.

Family Nights

Family nights are held at many different times during the school year. Some are purely fun-based, while others are science or math based. These programs allow our school to come together in a large setting to learn and play together. Some of our traditional evenings events include Fall Festival, Santa's Night, Science Night, & Ceramics Night.

Strategic Planning

Dewey staff and parents completed our strategic planning process in Spring of 2012. Our goals are to align ourselves more fully with our district strategic plan and to create a cohesive set of goals and actions to guide us to where we want to be. Because of this process we have tightened our focus and created a map that mirrors our strategic plan.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: September, 2018

San Juan Unified held a public hearing on September 11, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan’s textbook adoption schedule, please visit our website:

School Facility Conditions and Planned Improvements (Most Recent Year)

Dewey Elementary School, originally constructed in 1956, was modernized during the 1995-1996 school year. The scope included: roof/repair or replacement, interior and exterior painting, new lighting, selected window system replacement, energy-efficient heating and upgrade, new doors with handicapped accessible hardware, restroom restoration, electrical infrastructure upgrade to provide for internet, cable, telephone, throughout the school. Currently, there is sufficient space to house the student population. Site custodial staff clean the buildings, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held and badges are required for all visitors and personnel. During the summer of 2008 the parking lot and hard court areas were overlaid and a new parking area was added funded through the Measure J bond. In 2008 the site received a complete HVAC installation and in 2009 the student restroom facilities were updated, both projects funded by Measure J.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in September 2018 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students
Grades Three through Eight and Grade Eleven**

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	54.0	55.0	44.0	45.0	48.0	50.0
Mathematics (grades 3-8 and 11)	48.0	48.0	33.0	34.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group

Students with Disabilities	35	32	91.43	28.13

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	22.9	28.6	28.6

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Parental involvement is an essential component of the Dewey Fundamental School philosophy. We have a large group of able and willing volunteers that allow us to offer a core enriched program and ease the burden of a very hard working staff. We believe that by working together we can provide the best education for our children. The areas of opportunity for parents to volunteer include, but are not limited to:

- Library assistant
- Room parents
- Classroom helpers, including correcting papers or getting projects ready at home
- Computer lab assistants
- Bake sales
- Parent Faculty Organization (PFO) board members, committees, fund-raisers, activities
- Fall festival/carnival helpers
- Fund-raiser committee members
- School Site Council members
- Noon Duty supervision
- Field trip organizer/chaperones

In addition, annual philanthropic projects provide a wide variety of opportunities for involvement. Our community services include, but are not limited to a fall clothing drive, a holiday canned food drive, “Give-Up-A-Gift” for underprivileged kids at Christmas, and Pennies for Patients program for childhood leukemia patients.

For more information about parent volunteer opportunities, contact Taryn Dyke, Dewey's school secretary at 916-867-2020.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18

Expulsions	0.0	0.0	0.0	0.1	0.1	0.1	0.1	0.1	0.1

School Safety Plan (School Year 2018-19)

Harry Dewey Fundamental Elementary School makes safety a top priority. Our Safety Team meets monthly. Drills are held on a regular basis. These include fire, earthquake, lockdown and intruder drills. The School Site Council/Safety Team last updated the Comprehensive School Safety Plan in March 2018 after reviewing it at the Site Council Meeting. The plan includes a review of safety data for the campus, incident response information in case of fire, earthquakes and other dangers, and details on safety policies. A copy of the plan is available for review in the school office.

Safety is a shared responsibility. Every SJUSD school is supported by the district's Safe Schools program in coordination with the Sacramento Sheriff's Department and Citrus Heights Police Department. The Safe Schools program provides district employed safety specialists who provide safety advice, training and respond to critical incidents. They are supplemented by uniformed law enforcement officers dedicated to working with San Juan Unified schools.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Average Class Size and Class Size Distribution (Elementary)

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2017-18)

The table provides a comparison of a school’s per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

Professional Development (Most Recent Three Years)

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
