School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Principal's Message

Rio Americano High School is proud of its rich academic tradition and continues to strive to better support struggling students. Focusing on areas of improvement has allowed Rio Americano to improve on an already great reputation.

Rio Americano is proud of the AP programs, performing arts, CIVITAS (Political studies and community service program), extracurricular programs, and the superior counseling program it has for students to be involved with. These programs open up doors to students that they could not receive at other high schools in the Sacramento region.

Rio Americano is also extremely proud of the vast parent support it receives from the community. There are many booster groups, PTSA, Rio and Beyond, and general volunteering that allow students access to programs that may not be here without the volunteers.

Rio Americano is an exciting place to be for students, staff, and parents.

Mission Statement

The mission of Rio Americano High School was created collaboratively with staff, parents, and students through action planning and is as follows:

Rio Americano provides an academically excellent environment to educate and inspire each student to succeed and meet the challenges of the future, through a variety of integrated college and career programs, within a supportive, nurturing community.

SCHOOL PROFILE 2018-2019

COMMUNITY: Rio Americano High School is located in a suburban community along the American River parkway, minutes from the state capitol in downtown Sacramento, California. The majority of the students reside in the surrounding established neighborhoods.

SCHOOL: Rio Americano is a comprehensive public high school of 1,900 students in grades 9-12 with a strong emphasis on college prep curriculum. The senior class of 2019 numbers 390. The academic year is based on two semesters, each eighteen weeks in length. The school offers a six period day with each class lasting 60 minutes; block days on Tuesdays and Wednesdays have classes of 125 minutes. Rio is accredited by the Western Association of Secondary Schools and Colleges, most recently in 2017. In 1994, 1996 and 2006, Rio was named National Blue Ribbon School. The State of California has recognized Rio Americano's excellence by honoring the school with the Distinguished School Award in 1988, 1994, 1999, 2005 and 2013. Rio is especially renowned for its outstanding music, theater, and journalism programs, as well as for its academic competitions (Academic Decathlon, Science Bowl, Science Olympiad, Speech & Debate, Mock Trial, and Moot Court) and its athletic teams. Rio's four-year Academia CIVITAS, a Political Studies Academy, offers an integrated, specialized curriculum addressing civic responsibility and public policy issues. Students experience service learning and internships with a selected mentor. Students prepare a senior project that is developed from learning experiences. There are currently 145 students enrolled in the academy. Additionally, 189 students are enrolled in the four-year AVID program.

FACULTY: The professional staff consists of four full-time administrators, 66 full-time teachers, six part-time teachers, four full-time counselors, one half time counselor, one part-time school psychologist, one part-time speech therapist, and one full-time librarian. Graduate degrees are held by thirty percent of the professional staff.

GRADING STANDARDS: Unweighted classes are graded on a four-point scale (A=4, B=3, C=2, D=1). Weighted courses (Honors or Advanced Placement courses add one point for each class (A=5, B=4, C=3) with a "C" grade or better. This grading scale is applicable to all students. Both weighted and unweighted grades are calculated on the transcript. In cases of repeated courses, only the higher grade is calculated, although all attempts are shown. Rank includes all courses and all students. Classes completed with a grade of D or better are awarded 5.0 credits per semester.

ADVANCED PLACEMENT (AP) COURSES: English Language and English Literature, Calculus AB, Calculus BC, Biology, Environmental Science, Physics, United States History, Spanish, French, Macro Economics, U.S. Government and Politics, Studio Art, AP Seminar, AP Research, and AP Computer Science. AP courses designated with AP on transcript.

HONORS (Hon) COURSES: English 1, 2; World History; French 3; and Concert Band. Honors courses designated with “Hon” in the course title.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: September, 2018

San Juan Unified held a public hearing on September 11, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website:

School Facility Conditions and Planned Improvements (Most Recent Year)

Rio Americano High School’s modernization continues with the installation of low voltage wiring addressing the intercom and emergency alarm systems and installation of surveillance cameras throughout campus. Previously, work included roof repair/replacement, new doors and hardware, new lighting, upgraded electrical service, a new heating and air conditioning system, and interior and exterior paint. Currently, there are enough classrooms to house the student population, but some teachers must share classroom space. Restrooms were refurbished during modernization with some made handicapped accessible. Each classroom has a fire and intrusion monitoring and alarm system, telephone, and internet connections. There is a site custodial staff to keep the buildings clean as well as a site maintenance custodian who keeps the various systems of the school operational. The district provides gardening and landscape maintenance as well as support to keep the major systems such as plumbing, heating, and air conditioning functioning. A concern of the school is the condition of the play fields. Summer 2008 the remaining parking lots were overlaid along with adding an additional student parking lot entrance/exit, funded by Measure-J Bond. All interior courtyards had the concrete removed and replaced through Measure-J Bond.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in October 2018 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	71.0	64.0	44.0	45.0	48.0	50.0
Mathematics (grades 3-8 and 11)	51.0	49.0	33.0	34.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Career Technical Education Programs (School Year 2017-18)

San Juan Unified defines their career paths following the strict criteria set within the Perkins Act and/or the California Partnership guidelines. The CTE department collects data on the number of students moving through our local sequences. Some CTE courses, because of the time requirements, internship element and industry standards they meet, are defined as a sequence within themselves. Introductory CTE courses are found throughout our schools, concentrators are students who take a second level course within the same career path, and students are referred to as completers when they complete a sequence of courses leading to certification, employability, and/or further technical training. Capstone courses are defined as completer based on length of course, sequence, and skill development.

The CTE capstone course leads to a certificate/industry skill sheet or license if applicable. The program also provides the student with academic and technical knowledge and skill through integrated academic and technical instruction. The programs prepare students to enter current or emerging careers for further training within the career path for which there is gainful employment. All students are provided practical experiences to pursue post high school employment and gain course work that is A-G compliant.

San Juan Unified also provides students career preparation through enrollment in California Partnership Academies. We have three California Partnership Academies in the areas of: business–finance/entrepreneurship, pre-engineering/product innovation, and Sports Careers and Opportunities in Recreation (SCORE). Our schools have numerous career paths opportunities beyond the state funded California Partnership Academy.

Rio Americano offers the following CTE pathways and courses:

- Woodworking Technology I
- Woodworking Technology II

Machine Forming and Technologies Pathway

- Introduction to Engineering Design & Manufacturing
- Engineering Design & Manufacturing
- Robotics (capstone completion course)

Patient Care

- Patient Care I
- Patient Care II
- Medical Internship

CTE courses held at various high schools within San Juan Unified open to Rio Americano students:

- Auto Maintenance & Light Repair I
- Auto Maintenance & Light Repair II
- Bakery Academy
- Broadcast and Video Production
- Construction Technology
- Culinary Arts

- Dental Careers
- Medical Assistant
- Public Safety Careers

How does this class support student achievement?

When students experience CTE courses they have the opportunity to see the relationship between applied academic standards and the real world. Students find purpose in their studies and are provided an opportunity to apply their academic and industry skills to every day problems.

How does the school address the needs of all students in career preparation?

Through the IEP process special education students may be scheduled into CTE courses. Students are provided the support and necessary curriculum modification as outlined in the IEP. CTE provides extended testing time, extra assignment time and support where appropriate. Since our CTE courses work to integrate and support the academic standards, the students will be exposed to “hands on” activities and participate in solving real life problems. The school counselor work with each enrolled student to create a 4-year plan designed to prepare them for their future college and career aspirations.

How are the courses evaluated for effectiveness?

The capacity to serve a “significant” number of students and the degree to which the program attains specific outcomes are assessed yearly. Completion rates, graduation rates, along with completion of a sequence are all evaluated yearly. The number of completion certificates issued and the attainment of specific industry skills is analyzed. Data on attendance is also collected.

Career Technical Education Participation (School Year 2017-18)

Measure	CTE Program Participation
Number of pupils participating in CTE	397
% of pupils completing a CTE program and earning a high school diploma	86
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	100

Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2017–18 Pupils Enrolled in Courses Required for UC/CSU Admission	99.3
2016–17 Graduates Who Completed All Courses Required for UC/CSU Admission	50.8

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
9	12.4	25.0	55.6

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Parent Involvement:

Rio's 2013 California Distinguished School Recognition is based, in part, on the very active parent and community involvement.

- The PTSA and "One Rio" assists in the achievement of school and community goals. They have spearheaded a campus revitalization campaign through the development of a landscape committee and gained the support of community members, parents, staff and students alike. To date, the committee has worked hard on their vision for a visually appealing and student friendly campus.
- Boosters are active in Athletics, Music, Science and CIVITAS providing the vital parental support and fund raising energies to sustain the quality programs offered on campus.
- Opportunities to compare colleges and universities are provided through RAB (Rio and Beyond) College Information Nights. Additionally, juniors and seniors participate in mock interviews providing transition skills to the adult world.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Bonnie Bjorgum, Principal's Secretary, at Rio Americano High School at 916-979-8860.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2018-19)

Rio Americano High School makes safety a top priority. The School Site Council/Safety Team last updated the comprehensive school safety plan on 03/19/18 after reviewing it at a public meeting on 02/26/18. The plan includes a review of safety data for the campus, incident response information in case of fire, earthquakes and other dangers, and details on safety policies. A copy of the plan is available for review in the school office.

Drills are held on a regular basis to include fire drills, earthquake drills and intruder drills.

Safety is a shared responsibility and our school is supported by the district's Safe Schools program in coordination with the Sacramento Sheriff's Department and Citrus Heights Police Department. The Safe Schools program provides district employed safety specialists who provide safety advice, training and respond to critical incidents. They are supplemented by uniformed law enforcement officers dedicated to working with San Juan Unified schools.

Average Class Size and Class Size Distribution (Secondary)

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2017-18)

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

Professional Development (Most Recent Three Years)

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
