School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

MISSION STATEMENT

Skycrest participated in a comprehensive strategic planning process during the winter and spring of 2011. A diverse group of staff, parents, and community members developed the following mission statement that was formally adopted by Skycrest Site Council in May of 2011. In October 2013 the Strategic Planning team reconvened to review the progress of the School Strategic Plan. Recommendations for change were made with Action Teams reconvening in January 2014 to review the tactics. The Strategic Planning Team and Skycrest staff reviewed the data from the Action Teams in May 2014 and information was brought to School Site Council in September 2014.

The mission of Skycrest Elementary School, valuing academic excellence, positive character development, and diversity, is to inspire every student to responsibly contribute to an ever-changing world by engaging in an innovative curriculum that challenges each individual's learning within a culturally enriched environment in partnership with families, school, and community.

SCHOOL PROFILE

Skycrest Elementary is one of 41 elementary/K-8 schools in the San Juan Unified School District. The curriculum provided is aligned to the Common Core State Standards. Staff at Skycrest implement the Common Core State Standards (CCSS) in their teaching and in designing and establishing their daily lessons. The school supports cultural awareness on a daily basis through its diverse literature selections and other school activities. Through our character education program, Skycrest places a heavy focus on establishing students with strong, positive character traits. Grade levels present at each assembly, focusing on one of the specific traits. Monthly character assemblies are held with students recognized for demonstrating these traits every day.

Skycrest has a BRIDGES After-School program that is funded by the 21st Century Grant and ASSETS. This program provides after school enrichment, homework completion time, structured physical education games, and parent activities. The BRIDGES program is offered at low cost to families.

To support our English Learner students, Designated English Language Development (D-ELD) is planned daily, with students receiving support in their designated groups: expanding, emerging, bridging and enriching. All teachers within each grade level provide D-ELD and integrated ELD strategies in all core content areas throughout the day.

The focus for our professional learning cycle will be Comprehensive Balanced Literacy, specifically writing, and math problem solving, with an emphasis of incorporating grade level standards and increasing of the Depth of Knowledge (DOK) rigor that is presented within each class and throughout the grade level. Designated English Language Development (ELD) is scheduled for all grade levels with English Learners (ELs) placed in groups to support them at their English Language level. Further collaboration around Writing and Math are planned to support students in writing throughout the day and throughout all curricula areas and to support students in both a conceptual and procedural understanding of math. Data release days are scheduled around guided reading, running records, text levels, and writing with a focus around common understanding and norms throughout each grade level. The California Assessment of Student Performance and Progress (CAASPP) data shows that focus on increased language development is necessary for all students-both English Learners (ELs) and English Only (EO) students. With approximately 50% of our students population being English Learners, it is our top priority to increase vocabulary acquisition and oral language for all students. Continued professional development will be presented to support teachers in using strategies and techniques that will support all students in the area writing and math.

Skycrest School Objectives:

- All students will develop and apply 21st century skills such as problem solving, critical and relative thinking, collaboration, and the application of technology.
- Each year, all students will achieve at least one year's growth towards grade level Common Core Standards as determined by multiple measures.
- We will model and integrate positive character traits within our community.

Tactics:

1: We will effectively utilize innovative instructional strategies, data analysis, and technology to increase student achievement and academic success in alignment with Common Core State Standards.

2: We will actively engage and build trusting relationships with students, families, and our diverse community to create a unified, collaborative learning environment focused on academic success and the social/emotional well-being for each student by utilizing the Skycrest Character Traits and engaging families as valued partners in the educational process.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: September, 2018

San Juan Unified held a public hearing on September 11, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website:

School Facility Conditions and Planned Improvements (Most Recent Year)

Skycrest Elementary was modernized during the 1999-2000 school year. The scope included roof/repair or replacement, interior and exterior painting, window system replacement, energy-efficient lighting, heating and cooling system upgrade, new doors with handicapped accessible hardware, restroom restoration, electrical infrastructure upgrade to provide for internet, cable, telephone, new fire, intrusion and intercom system throughout the school. Classrooms were carpeted at that time and were upgraded again for the 2004-2005 school year. In 2006 Skycrest had an additional wing built. This allowed Skycrest to replace portable classrooms with 8 new classrooms. In summer 2008 the parking lot and hard-court was overlaid, ADA sidewalk and Safe Route upgrades and a complete landscape & irrigation project were completed funded through Measure-J Bond. During the spring of 2009 Skycrest's exterior was repainted. Summer 2011 our parking lot was made safer for students with the addition of a sidewalk around the perimeter of the front parking lot. This allows us to control pedestrian traffic so no one has to cross through traffic to walk to the front of our school.

During the spring of 2011 Skycrest received a grant and became one of the only schools in Northern California with a diverse fruit orchard. Our Community Orchard was planted with 27 fruit trees that offer a wide variety of fruit that will ripen during the school year. These trees are watered through an automated system installed using the grant funds. In addition to the fruit orchard, the Sacramento Tree Foundation sponsored a tree planting day on campus. 55 additional shade trees were planted throughout the campus.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in August 2018 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	22.0	33.0	44.0	45.0	48.0	50.0
Mathematics (grades 3-8 and 11)	23.0	22.0	33.0	34.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Students with Disabilities	37	36	97.30	5.56

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

PARENT INVOLVEMENT

Parental involvement enriches a child’s academic learning experience. The staff and administration appreciate our parents and seek input and feedback from the parents and guardians of our students. At Skycrest Elementary School, we provide many opportunities for parents to reach out to us and for us to reach out to them.

Parental involvement is valued at Skycrest Elementary School. It is one of the tactics called out in Skycrest's Strategic Plan: "We will actively engage families and the community as valued partners in the educational process." Resources and parent information are located in a central area near the office. This includes opportunities and classes for parenting that are made available through the district.

Parental involvement means:

The participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including and ensuring:

- (A) that parents play an integral role in assisting their child’s learning;
- (B) that parents are encouraged to be actively involved in their child’s education at school;

(C) that parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

School Parent Involvement Policy Process:

The Skycrest School Site Council will be established with parent members voted in. Members will review the School Plan for Student Achievement (SPSA) and the School Parental Involvement Policy to ensure that academic needs for all students are met and that parents and the community have an opportunity to voice their concerns. School Site Council meeting will be held 5 times during the school year to modify the plan if necessary and ensure that schoolwide needs are met.

Opportunities for parents to give input and receive information on parent involvement include:

- Back-to-School Night
- Title 1 Annual Parent Meeting
- Parent School Information Night
- Parent – Teacher Conferences (Fall and Spring)
- Family Learning Nights: Literacy Night, Sami's Circuit, and Math Night
- School Site Council meetings, English Learner Advisory Committee (ELAC) Responsibilities
- English Learner Advisory Committee (ELAC) Meetings
- Parent classes
- Parent-Teacher Organization (PTO) meetings
- Monthly Parent-Principal meetings (i.e Mugs and Muffins)

Skycrest will use these event opportunities to:

- Build parental involvement and ensure an effective partnership between the school and parents.
- Provide parents with a description of the curriculum and assessments used to measure progress and expected proficiency levels.
- Identify and provide training in order to assist their children in improving academic achievement.

Opportunities to get involved at Skycrest include:

- Classroom Volunteers
- Playground Volunteers
- Cafeteria Volunteers
- School Site Council Meetings are held the third Tuesday of each month and parents make up half of the committee.
- English Learner Advisory Committee (ELAC) Meetings
- Fieldtrips / Class events
- PTO Meetings are held once monthly
- Fundraisers
- School events and activities - family night volunteers
- Jog a Thon
- Community Helpers
- Holiday Sing-A-Long
- Schoolwide Spirit Day Lunches: Held monthly. Parents are invited to come eat lunch with their children.
- Character Ed Assemblies - Grade Level Presentations at each assembly
- Awards Assemblies: Held once once a trimester. Parents receive written invitations.
- School Performances: Grade Levels perform monthly at Character Ed Assemblies and the End of the Year Talent show

The education of your child is a team effort between school and home. The teachers at Skycrest work very hard for all our students, but WE NEED YOU to be a part of our team. Your involvement at school lets your child know you think his or her school is important. Thank you for investing your time and energies in our nation's most valuable resource, our children!!

CONTACT INFORMATION

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Principal, Sandra Rangel, or the Vice Principal, Leslee Cottrell at (916) 867-2098.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2018-19)

Skycrest Elementary School makes safety a top priority. The School Site Council/Safety Team last updated the comprehensive school safety plan on March 20, 2018 after reviewing it at a public meeting on March 20, 2018. The plan includes a review of safety data for the campus, incident response information in case of fire, earthquakes and other dangers, and details on safety policies. A copy of the plan is available for review in the school office.

Drills are held on a regular basis to include fire drills, earthquake drills and intruder drills.

Safety is a shared responsibility and our school is supported by the district's Safe Schools program in coordination with the Sacramento Sheriff's Department and Citrus Heights Police Department. The Safe Schools program provides district employed safety specialists who provide safety advice, training and respond to critical incidents. They are supplemented by uniformed law enforcement officers dedicated to working with San Juan Unified schools.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Professional Development (Most Recent Three Years)

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
