School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

The mission of Earl LeGette Elementary School, created collaboratively with staff, parents and community through site strategic planning in 2013-2014 which still applies today is as follows:

A collaborative, nurturing community, Earl LeGette TK-6 Elementary School inspires, challenges, and educates each student to excel in a dynamic world through an innovative and engaging environment that fosters creativity, develops character, ensures critical thinking, and ignites a life-long passion for learning.

SCHOOL PROFILE

Earl LeGette Elementary is a community-based school set in a quiet neighborhood of Fair Oaks, a suburb of Sacramento, where students are able to walk, ride bicycles, or carpool as a means of getting to and from school. It is one of 41 elementary schools in the San Juan Unified School District.

Teachers at Earl LeGette use Writing Workshop and Critical Literacy as an integral framework of the English Language Arts portion of the curriculum, in alignment with Common Core State Standards. Teachers in grades K-5 use the adopted ELA curriculum- Benchmark; sixth grade uses Amplify. The math curriculum is Pearson – enVision Math for grades TK - 5; sixth grade uses Houghton Mifflin Harcourt – Go Math! During 2019-20, all teachers are piloting the Swun math approach to teaching mathematics.

Additionally, numerous teachers have supplemented their knowledge by attending California State University, Sacramento workshops in math, aligned to the CCSS, and have worked in collaborative grade level and cross grade level groups to develop units of study. Aside from district adopted curriculum, Earl LeGette offers before-school band, choir and an after-school enrichment program (e.g. Mad Science, ceramics, school play, Early Engineers, chess, life science, Kidz Art), which are open to all students on a fee-based basis. Extended day classes are offered to students who are significantly below grade level in reading and math. Materials used for these extended day classes are researched-based and student tested.

The curriculum provided is aligned to the Common Core State Standards. The school supports cultural awareness on a daily basis through its diverse literature selections and culturally sensitive and diverse activities within and outside of the curriculum. A variety of cultural field trips are arranged by classroom/grade level to such locations as the Indian Museum in Sacramento, Sacramento Science Center, cultural art shows, and artistic presentations. The interests and needs of the Earl LeGette students and surrounding community are reflected in programs, activities, field trips, enrichment, assemblies, and core curriculum.

Our school program includes, but is not limited to, the following components:

- Transitional Kindergarten (TK)
- Half-day Kindergarten
- Involved parents who chaperone field trips, volunteer and tutor in classrooms, and assist teachers in clerical tasks
- An active PTO that sponsors and promotes numerous activities such as Family Coffee Time, Fall Carnival, Mardi Gras and Pancake Breakfast
- Discovery Club (before and after school child care and enrichment program)
- Classes for special needs students (i.e. SDC 3-5, SDC K-2 ASD, and full inclusion ASD)
- Student Council
- Before school band
- Before school choir
- Specialists for art, music, and physical education
- Positive incentive coupons
- Art Docents
- Scholastic Book Fairs
- Author Day
- Parent Education Nights (focus on physical education, math, science, or physical education)
- Grade level field trips
- After-school enrichment program
- Extended day classes
- Intel PC Pals Program

PRINCIPAL'S MESSAGE

Earl LeGette School truly provides a unique and powerful educational experience for children from the safety of our campus to the warmth of the learning environment to the rigor and breadth of the instructional programs. All aspects of our school contribute to providing students with the skills needed to be successful learners. This particular school year is one that is focusing on improving the learning of all students using the Common Core State Standards with a focus on Math.

The Common Core State Standards will prepare students to be college and career ready for the 21st century. This school year as we delve deeper into math, teachers in grades TK through 6 will be teaching students to use higher level thinking skills as they gain a better understanding of numeracy and math conceptual understanding. Additionally, work is being done to assist students in writing about math and problem solving steps and how to better communicate their thinking around how to solve problems.

Critical Literacy continues to focus on students thinking deeper about a story or book, asking questions about what students think of characters, story line, and plot, while looking for concepts and themes. Literal understanding is discussed, what they are thinking as they are reading, and what concepts are generated. Students then take the understanding they developed and write about it, sharing what he/she is thinking about in various sections of the story. By writing about the story, new ideas are generated.

Writer's Workshop is another ELA strategy being utilized in classrooms as teachers lead students in their writing. Teachers model how to choose a topic, how to sketch it, and how to write about it. Students are then led to independence in their writing as they apply those skills that were modeled. If students say it, they can write it. If they can write it, they can read it.

At LeGette School there are 320 Chrome Books with which students in grades 1-6 will be administered an online assessment two times a year (3 for 2nd grade)---MAP, Measures of Academic Progress. These will allow teachers to understand what students know and what they still need to learn while giving students the practice in using the Chrome Books for the online assessments. Students will be taking state assessments in a similar manner through Smarter Balanced Assessments. Sixty-eight out of the 280 are used primarily by 6th grade for their ELA program- Amplify.

Parent support and involvement are our greatest assets and continue to be great contributors to the educational success of our students. This support is given, recognized, and appreciated in many different ways. Some parents help plan the programs and policies, while others serve as classroom volunteers, plan family activities or work as art docents. Parents also support student success by providing space, time and encouragement for daily homework and by sending a clear message that education and regular school attendance are important to the family.

The safety of our students is the school's first priority and the behavior policy is strictly enforced. We emphasize cooperation as well as respectful and responsible behavior which leads to the safety of all of our LeGette family members. All adults visiting the campus are required to check in through the school office. The atmosphere of LeGette School allows our students to feel comfortable and secure. Additionally, monthly fire drills, bi-monthly lock down drills, and quarterly earthquake drills are practiced to ensure students are prepared in the case of a real emergency.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September, 2018

San Juan Unified held a public hearing on September 25, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Piloting%20adoption%20Schedule.pdf>.

School Facility Conditions and Planned Improvements (Most Recent Year)

LeGette Elementary School, constructed in 1957, was modernized during the 1997-1998 school year. The scope included roof/repair or replacement, interior, and exterior painting, window system replacement, energy efficient lighting was added, new doors with handicapped accessible hardware, restroom restoration, electrical infrastructure upgrade to provide for internet, cable, telephone, new fire, intrusion, and intercom system, throughout the school. Window air-conditioning units were added to the classrooms. Currently, there is sufficient space to house the student population. Site custodial staff clean the buildings, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. In 2006, under the Measure J Bond, a new heating and air conditioning system was installed along with new gas lines and an Energy Management System. Field repair, driveway resurfacing, and irrigation system retrofit continue to be a concern. In the summer of 2008, the parking lot was redesigned and overlaid including ADA and safe route work through the Measure J Bond.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The Board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in August 2019 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	49	54	34	35	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

The LeGette parent community is an integral partner in the school's mission. A very active Parent-Teacher Organization (PTO), School Site Council, English Language Advisory Committee (ELAC), and Site Safety Team help to formulate the school policies and programs. Parents are also very active in the classroom as volunteers, tutors, field trip drivers, and room parents. Many of our parents are involved in the following activities: Superintendent's Parent Advisory Committee (SPAC), School Site Council (SSC), After-School Enrichment Program, art docent, Box Tops for Education, School Carnival, Pancake Breakfast, spring parent event (i.e. Mardi Gras) and the School Safety Committee. We are pleased that we have a large number of parents who are directly involved in supporting the instructional and enrichment programs at LeGette. Back-to-School Night in the fall, Parent Education Nights (twice per year), and Parent Conferences twice each year allow parents to view our learning environment. We invite every parent and grandparent to volunteer in classrooms or become involved by attending or joining PTO or School Site Council.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school secretary at (916) 867-2054.

State Priority: School Climate

School Safety Plan (School Year 2019-20)

This school is linked directly to the San Juan Unified School District’s Safe Schools Program. The Safe Schools Program has a Community Safety Specialist assigned to this school within a geographic zone that includes nearby schools. In addition, via a partnership with the Sacramento Sheriff’s Department (SSD) and the Citrus Heights Police Department (CHPD), there are two uniformed deputy sheriff’s and two uniformed CHPD officers assigned to patrol the school district including this school. The Deputy Sheriffs are assigned to patrol a geographic zone either on the east side of the district or the west side of the district. They are assigned specific schools within their assigned zone and respond to this school, or others, as safety needs dictate. The two CHPD Police Officers are School Resource Officers (SRO) who work identified schools within the City of Citrus Heights and respond as safety needs dictate. The two law enforcement agencies will overlap response when necessary. The Deputy Sheriff’s and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor or other person. This school has a school safety team which reviews safety matters that may affect the campus. Our school safety team meets regularly to discuss safety issues, update our site emergency plan, and to take steps to be proactive in preventing various types of school-related safety issues. Community Safety Specialists and law enforcement provides speakers to address students, staff and community groups on matters of school safety. Our safety team receives training, when requested, from Safe Schools or law enforcement. This school is responsible for updating our Comprehensive School Safety Plan (CSSP) by March 1st of every year per the Education Code. As part of the update, this school meets at least once per year with a law enforcement officer to review the CSSP, has the local fire department review the CSSP and we hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district safe schools manager. Every classroom has a standardized “Safety Folder” which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. This school conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by the Education Code.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			9

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
