## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2019-20)

---

### Principal's Message:

Hello and welcome to La Vista Middle & High School. We are a WASC accredited school that has resources for students who need an extraordinary learning environment. I have been in education for over 15 years and I am dedicated to the growth and well-being of our students. It is our idea that EVERY student can learn and we are motivated to identify and provide the connection to the right resources for the students who attend our school.

We have three universal rules at La Vista: BE SAFE, BE RESPONSIBLE, BE RESPECTFUL.

Our theme is: FIND YOUR PATH

### Mission Statement:

La Vista Middle & High School provides a safe, therapeutic, individualized learning environment that supports students in overcoming barriers to school success and prepares them academically, socially, emotionally and behaviorally to be productive citizens.

### School Profile:

La Vista Center is a Special Education Center for students classified as Emotionally Disturbed, serving 6th through 12th graders using grade level district adopted curriculum aligned to common core and best practices for instruction. We also use supplemental materials when appropriate for our students. La Vista students have a current Individual Education Plan (IEP), participate in Smarter Balanced assessments, and are on a diploma track. There is a high staff to student ratio in order to meet the intense instructional, behavioral, social, and emotional needs of our students. La Vista Center is dedicated to the education of the whole student through the development of positive social, emotional, and academic skills. Our staff is committed to addressing the growth of the individual in the school, home, and community environments. Teachers are specially trained in the areas of differentiation of instruction, social skills development and positive behavior supports in order to help our students develop and apply 21 Century skills such as problem solving, critical thinking, group collaboration, and applications of technology. All staff are trained in Therapeutic Crisis Intervention (TCI) in order to ensure a physically and psychologically safe environment for learning.

La Vista Center has components that operate to serve the needs of students, which include day treatment services and traditional behavior modification and management services. The day treatment services are for those students who need the therapeutic model of a trained mental health therapist working in the classroom alongside the teacher and instructional assistants. In addition, the therapist's role is to provide site based educationally related mental health services to the student in the form of both individual and group counseling as well as work with the family to support further stabilization and school success. Emotional and behavioral issues are often dealt with in a more intensive manner using the school environment to educate and emotionally regulate the student. Social skills groups promote pro-social skill development and positive peer interactions. Home-School communication is a vital part of the school day as parents partner with school staff to support their child's academic, social and emotional stabilization and success.

The traditional behavior modification and management services allow students to acquire the behavioral skills needed to begin the transition process to a regular comprehensive middle or high school campus. Increased structure, supports and supervision, along with a behavior tracking level system, are implemented to ensure the greatest opportunities for focus on learning and appropriate behaviors in the educational environment. Students benefit from positive behavior supports and interventions geared towards rewarding students when they choose to actively participate as part of the positive learning community. Students are also beginning the process to plan for their futures beyond high school and set more long term goals for a successful transition into adulthood, including college and career readiness, Workability courses and on/off campus supported employment. Each student age 16 or older also has an Individual Transition Plan as part of their IEP.

### Student Enrollment by Grade Level (School Year 2018-19)

Grade Level	Number of Students
Grade 6	3
Grade 7	8
Grade 8	8
Grade 9	4
Grade 10	10
Grade 11	12
Grade 12	15
<b>Total Enrollment</b>	<b>60</b>

### Student Enrollment by Group (School Year 2018-19)

Hispanic or Latino	16.7
White	51.7
Two or More Races	8.3
Socioeconomically Disadvantaged	80
Students with Disabilities	100
Foster Youth	25
Homeless	10

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## Teacher Credentials

Teachers	School 2017-18	School 2018-19	School 2019-20	District 2019-20
With Full Credential	9	10	10	1976
Without Full Credential	0	0	0	56
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

## Teacher Misassignments and Vacant Teacher Positions

Indicator	2017-18	2018-19	2019-20
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September, 2019

San Juan Unified held a public hearing on September 25, 2019 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Piloting%20adoption%20Schedule.pdf>.

## School Facility Conditions and Planned Improvements (Most Recent Year)

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in October 2019 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

### School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

**Year and month of the most recent FIT report:** 10/23/2019

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	0	0	45	46	50	50
Mathematics (grades 3-8 and 11)	0	0	34	35	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

La Vista Center greatly benefits from its supportive parents, guardians, surrogates, and educational rights holders who play an integral part in the academic, social, emotional, and behavioral successes of our students. The school has a strong base of engaged parents and guardians who actively participate in the individual education plans for their students and provide support for school-wide behavioral interventions and rewards. Parents and guardians are welcome to contact our site office if they are interested in participating on our Safety team, Technology team, or Site Council where they have an opportunity to give valuable input in determining La Vista's site goals, program planning and the allocation of resources. La Vista works collaboratively with many community partners and is continuing to build and cultivate additional community partnerships.

We have numerous activities throughout the year where parents are invited to participate such as: awards assemblies, sports competitions, a holiday feast, a La Vista community BBQ and parental behavioral skills development classes.

#### Contact Information:

Parents, guardians or community members who wish to participate in school advisory committees, assist with school activities, provide additional resources, or become a volunteer may contact the La Vista principal, Sunny Lofton, at 916-971-5220.

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

### Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

### School Safety Plan (School Year 2019-20)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. The Safe Schools Program has a Community Safety Specialist assigned to this school within a geographic zone that includes nearby schools. In addition, via a partnership with the Sacramento Sheriff's Department (SSD) and the Citrus Heights Police Department (CHPD), there are two uniformed deputy sheriff's and two uniformed CHPD officers assigned to patrol the school district including this school. The Deputy Sheriffs are assigned to patrol a geographic zone either on the east side of the district or the west side of the district. They are assigned specific schools within their assigned zone and respond to this school, or others, as safety needs dictate. The two CHPD Police Officers are School Resource Officers (SRO) who work identified schools within the City of Citrus Heights and respond as safety needs dictate. The two law enforcement agencies will overlap response when necessary. The Deputy Sheriff's and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor or other person. This school has a school safety team which reviews safety matters that may affect the campus. Our school safety team meets regularly to discuss safety issues, update our site emergency plan, and to take steps to be proactive in preventing various types of school-related safety issues. Community Safety Specialists and law enforcement provides speakers to address students, staff and community groups on matters of school safety. Our safety team receives training, when requested, from Safe Schools or law enforcement. This school is responsible for updating our Comprehensive School Safety Plan (CSSP) by March 1st of every year per the Education Code. As part of the update, this school meets at least once per year with a law enforcement officer to review the CSSP, has the local fire department review the CSSP and we hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district safe schools manager. Every classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. This school conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by the Education Code.

## Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			9

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
