School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

We have some very exciting academic focus areas happening at our school. This kind of teaching and learning looks different from when most of us attended school. However, these practices help students to develop 21st century skills like collaboration, innovation, and problem-solving which help our students to be college and career ready. These skills are called out in the Common Core State Standards. Balanced Literacy is research-based instructional practices that develop skills and strategies within each child that will allow them to problem-solve effectively and become reflective, critical, and analytical readers, writers, thinkers, and speakers. Balanced Literacy is delivered using a workshop model. In order to meet the Common Core Standards in mathematics, we have implemented the district elementary math adoption and Math Talks. Math Talks are conversations in a mini-lesson format which are taught in 10-20 minute periods where students discuss math concepts. Math Talks helps to boost memory, deepen math reasoning abilities and promote language development. With an unrelenting focus on critical and creative thinking, collaboration, and the use of technology, students will naturally become more successful in science and social studies as it is integrated into the academic areas.

MISSION STATEMENT

The mission of Mariposa Avenue Elementary School, a community of leaders, is to inspire and equip all students to be global thinkers, advocates for their success, and people of integrity through comprehensive innovative instruction, positive development of character, and partnerships with families and our community.

SCHOOL PROFILE

The successful education of all students is our number one goal at Mariposa Avenue Elementary. Our school serves kindergarten through fifth-grade students. We are identified to receive Title I funding to supplement our current academic efforts. The successful education of all students is our number one goal at Mariposa Avenue Elementary. Our school serves kindergarten through fifth-grade students. This includes 12 general education classes, a primary Special Day Class (Communicatively Handicapped), and an upper-grade Special Day Class (Learning Handicapped). On our campus, you will also find two state pre-school programs, a preschool Special Day Class (Communicatively Handicapped), the Discovery Club, and the Bridges After-School Program which serves first through fifth-grade students.

We are able to provide many programs to meet the varied learning needs of our students, including physical education, music, art, special education services, and English language development for English learners. You will find that the entire school staff is truly dedicated to serving the needs of our students at Mariposa.

The importance of educating our students can also be seen by the efforts of our supportive and involved parent community. Our Parent-Faculty Organization (PFO) is very active and helps to provide for our needs like helping to fund the lease of new classroom computers. Our PFO also holds many fun community-building events throughout the school year, like Trick or Treat Night and the Holiday Breakfast. Additionally, parent volunteers spend countless hours helping in the classrooms and chaperoning on field trips.

School Programs:

- Federal Title I funding
- Local Control Funding Formula
- Comprehensive literacy
- Math Talks- conceptual mathematics

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September, 2018

San Juan Unified held a public hearing on September 25, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan’s textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Piloting%20adoption%20Schedule.pdf>.

School Facility Conditions and Planned Improvements (Most Recent Year)

Mariposa Elementary School, constructed in 1950, was modernized during the 1996-1997 and the 2002-2003 school years. In 2005, utilizing Measure J Bond funds, a new heating and air conditioning unit was installed in the MP room. Currently, there is sufficient space to house the student population. Site custodial staff clean the buildings, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. Field repair and an irrigation system retrofit continue to be concerns. Under Measure J, the entire site parking and hard court areas were resurfaced along with upgrades for ADA accessibility and the storm water system in summer 2005. In 2009, all student restrooms were refurbished and in 2011 a portion of the exterior of the campus was painted. Using measure J funds, a site-wide landscape and irrigation project was completed Winter 2013. This included ornamental fencing, sidewalks and ramps, storm drains and sewer lines, grass, plants and trees.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in August 2019 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	20	26	34	35	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parent Faculty Organization: The PFO provides educational programs for parents, funds for classroom instructional supplies, assemblies, and have purchased new drapes for the school stage this year. They hold a Trunk or Treat Night and a Holiday Breakfast. To contact Sherry Wilcox call the school office at 916-971-5212 or email her at sherry.wilcox@sanjuan.edu..

School Site Council: This group's chief responsibility is to oversee the development, implementation and evaluation of the school site educational plan and budget as well as the school safety plan. For more information on how you can participate, contact the school office at 916-971-5212.

English Language Advisory Committee (ELAC): This group is provided with information about the school and student education to the parents of English learners. Their input is sought out for the school plan as well as at the district level. For more information, please contact Holly Johnson at hjohnson@sanjuan.edu or call the school office at 916-971-5212.

Special Events and Activities: Throughout the school year, we have many activities that families are encouraged to attend. We have special events such as The Family Resource Fair, Family Science Night with Mad Science, and Family Night with Sami's Circuits. We hold monthly PBIS Assemblies, go on student study trips, hold two book fairs, and celebrate Read Across America. For more information on how you can participate, contact the school office at 916-971-5212.

Classroom Volunteers: The use of classroom volunteers is an invaluable resource to our students and teachers. Teachers depend upon parents and community partners as they assist with clerical tasks, reading with children, and practicing math facts. Please contact your child's teacher or the school office if you are interested in being fingerprinted in order to volunteer.

Communication with Families:

- **Community Bulletins:** A monthly school newsletter, a parent involvement newsletter, and a PFO newsletter help to keep parents informed. Individual teachers also send home bulletins with students. Some teachers have class websites.
- **School Website:** The website is another tool that is used by both the whole school and many teachers to keep parents apprised of activities, assignments, and expectations throughout the school.
- **School Messenger:** This telephone/email/push notification system allows messages to be sent to families on a moment's notice to inform them of any safety concerns at the school as well as to inform them of schedule changes or special events at the site.

Family Resource Center:

- Resources available for parents and families, assistance with completing school forms, information about community resources, community partnerships, and school success resources. For more information call the school office at 916-971-5212 or email the Parent Liaison Sherry Wilcox at sherry.wilcox@sanjuan.edu.

Contact Information:

Parents or community members who wish to participate in leadership teams, school committees, school activities, and/or become a volunteer may contact the Mariposa Avenue Elementary School office at 916-971-5212.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. The Safe Schools Program has a Community Safety Specialist assigned to this school within a geographic zone that includes nearby schools. In addition, via a partnership with the Sacramento Sheriff's Department (SSD) and the Citrus Heights Police Department (CHPD), there are two uniformed deputy sheriff's and two uniformed CHPD officers assigned to patrol the school district including this school. The Deputy Sheriffs are assigned to patrol a geographic zone either on the east side of the district or the west side of the district. They are assigned specific schools within their assigned zone and respond to this school, or others, as safety needs dictate. The two CHPD Police Officers are School Resource Officers (SRO) who work identified schools within the City of Citrus Heights and respond as safety needs dictate. The two law enforcement agencies will overlap response when necessary. The Deputy Sheriff's and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor or other person. This school has a school safety team which reviews safety matters that may affect the campus. Our school safety team meets regularly to discuss safety issues, update our site emergency plan, and to take steps to be proactive in preventing various types of school-related safety issues. Community Safety Specialists and law enforcement provides speakers to address students, staff and community groups on matters of school safety. Our safety team receives training, when requested, from Safe Schools or law enforcement. This school is responsible for updating our Comprehensive School Safety Plan (CSSP) by March 1st of every year per the Education Code. As part of the update, this school meets at least once per year with a law enforcement officer to review the CSSP, has the local fire department review the CSSP and we hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district safe schools manager. Every classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. This school conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by the Education Code.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2018-19)

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	9

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
