School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

MISSION STATEMENT

Carriage Elementary, a visual and performing arts school, in partnership with families and community, will ensure all children build a strong academic foundation that empowers them to become responsible twenty-first century citizens through a balanced and engaging curriculum.

SCHOOL PROFILE

Carriage Elementary is one of 41 elementary schools in the San Juan Unified School District. Carriage Elementary is a kindergarten through 5th grade school located in Citrus Heights, California serving approximately 500 students. We at Carriage believe in an environment that promotes academic success and positive self-esteem while valuing individual differences. Students are expected to be safe, be respectful, be responsible, and be good communicators with others. Through the use of positive reinforcement and consistent modeling, we are shaping our students into becoming model citizens.

We at Carriage believe that the administration, the teachers, our parents, and the community must work together in order to complete our mission of academic excellence and model citizenship for students. Teachers are professionals who strive to be cooperative, flexible, communicative, and supportive. Parents strive to create a supportive learning environment in the home. By working together with families and the community, we provide an atmosphere where students have an opportunity to develop to their fullest potential.

Our school programs are used to provide academic growth, enrichment opportunities, and extension activities for our students and for their families. Art, music, and physical education are taught by specialists throughout the day. Each grade level organizes a musical production throughout the school year. This gives the students an opportunity to demonstrate their academic and content knowledge through alternate expressive means. Bridges After-School is a program that provides homework assistance, recreation, technology experience, and learning centers. Students who are designated as Gifted and Talented Education students (GATE) are given the benefit of an educational program designed to suit their capabilities and are encouraged to extend their learning beyond the grade level requirements. The district offers parenting courses so parents are able to refine their parenting skills. These courses are available on the district website.

Carriage also provides programs to meet the needs of learners who require individualized educational plans. We have two Special Education Teachers with self-contained ASD classrooms, as well as one Resource Teacher, as well as two full time Resource Instructional Assistants. We have one Inclusion Teacher who supports students who are fully mainstreamed with shared instructional assistant support. The Special Education Department supplements the regular education program and supports the district’s mission by providing the best instruction and opportunities to improve academics and develop character for all students.

Carriage has a population of English language learners speaking a variety of languages. Carriage has on staff an English Language Development Teacher who works with our English learners in small groups according to skill level. We place our English learners in general education classrooms where the teachers deliver differentiated instruction on a daily basis.

Carriage Drive Elementary was named a California Distinguished School in 2010.

Principal's Message

Carriage Elementary has a rich history of academic excellence, parent participation, and a visual and performing arts (VAPA) focus. I am absolutely delighted to be leading a school team that is focused on teaching the whole child through a balanced and engaging curriculum, with an emphasis on student learning, collaboration, and commitment to high expectations for all students.

As Principal, it is my intent to support the philosophy of Carriage School as outlined in our strategic plan. My goal is to sustain leadership that will help facilitate teaching and learning by providing opportunities for rigorous, rich learning, engagement in visual and performing arts activities, and integration of relevant technology in a vastly changing twenty-first century society.

It is a pleasure to be part of the nurturing school environment at Carriage, where the staff and parents are dedicated to providing an outstanding and enriching education for all students.

Sincerely,
 Kari Nichols, Principal

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: September, 2019

San Juan Unified held a public hearing on September 22, 2020 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. School Facility Conditions and Planned Improvements

Carriage Drive Elementary School opened in 1986 and is one of the newer schools in the district. The site is evaluated yearly on the condition of the roofs, heating and air-conditioning system, paint, electrical infrastructure, window system leakage, and handicapped accessibility. Currently there is sufficient space to house the student population. Site custodial staff clean the buildings along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. Field repair and irrigation system retrofit continue to be a concern. In 2005, under the Measure J Bond, new gas service was installed to support future heating and air conditioning upgrades. Measure J replaced the roofing for the entire site in 2004.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in October 2020 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities. In the summer of 2019, Carriage received updates to its campus. There was updated air conditioning, painting, new flooring in the MP room, and new carpeting in all classrooms. All the sidewalks and parking lots are new within the last four years.

School Facility Good Repair Status

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Parents and community members have always been an integral part of the Carriage Program. Carriage recognizes the importance of reaching out to parents, to effectively communicate with them, and work with them as equal partners in their child's education. Parents are informed of school activities and opportunities for volunteering at Carriage School in the welcome back letter from the school administrator in August and through weekly newsletters from the administrator and the classroom teacher. Parents are also informed of events through the use of the School Messenger system in various languages. The school web site is maintained with the most up-to-date information, providing information of current need. Parents are encouraged to attend all school activities, parent nights, parent meetings, and workshops. Parents have the opportunity to be involved in School Site Council, and Advisory for English Language Learners, and Safe Schools Committee. Other opportunities for parents to support the Carriage programs are reading with students, parent art docent presentations, driving or chaperoning field trips, Library Nights and Book Fairs, as well as other school related special events. Parents are encouraged to participate in an annual evaluation to help us determine the effectiveness of our parental involvement policy.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Parent Liaison, Paula Anderson via Carriage Drive Elementary school office at 916-971-5241.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	2.5	1.6	5.8	4.9	3.5	3.5
Expulsions	0.0	0.0	0.1	0.1	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	1.35%	3.58%	
Expulsions	0.00%	0.03%	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

School Safety Plan (School Year 2020-21)

San Juan Unified School District makes safety a top priority. In accordance with the California Education Code, each school site's comprehensive school safety plan is reviewed, edited as needed and approved by the school site safety team by March 1 of each year. The plan includes a review of safety data for the campus, incident response information in case of fire, earthquakes and other dangers, and details on safety policies. A copy of the plan is available for review in the school office.

Drills are held on a regular basis to include fire drills, earthquake drills and intruder drills.

Safety is a shared responsibility, and our school is supported by the district's Safe Schools program in coordination with the Sacramento Sheriff's Department and Citrus Heights Police Department. The Safe Schools program provides district employed safety specialists who provide safety advice, training and respond to critical incidents. Sworn law enforcement is called, when needed, to assist the safety specialists. In addition, San Juan Unified has the option of employing uniformed law enforcement officers when needed.

Number of school days dedicated to Staff Development and Continuous Improvement		9	9

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.

Professional Development for the 2018-19 school year has been training in Restorative Practices. We saw in our student surveys that our students did not feel safe on campus or have an adult that they could talk to, so the staff agreed to train all staff members, including recreation aides, teachers, and instructional aides for 2 days of pre-service work for 14 hours. Training will also continue throughout the school year during collaborative Thursdays and after school.
