School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Mission Statement

The Charles Peck Elementary School mission is to work collaboratively with staff, parents, and community members in providing all students with a foundation of skills, knowledge, and attitudes that will enable them to be motivated learners who reach their individual potentials. High expectations for students reflect a school-wide belief that all students will achieve when provided the appropriate instruction in an encouraging and safe environment.

Charles Peck Elementary is one of 41 elementary/K-8 schools in the San Juan Unified School District. The percentage of our students who are English learners is 18.71% with Spanish as a primary language, and approximately 98.15% of our students are socioeconomically disadvantaged. The percentage of students that qualify for free and reduced lunch is 88%. We are a Community Eligibility Program site, so all of our students eat for free. The curriculum provided is aligned to the Common Core State Standards (CCSS). The school supports cultural awareness on a daily basis through academically and culturally responsive instructional practices and other school activities. At Charles Peck, we believe in educating and supporting the whole child - academically, socially, and emotionally.

Our goal at Charles Peck Elementary School is to provide all students with a foundation of skills, knowledge, and attitudes that will enable them to be motivated learners who reach their individual potentials. High expectations for students reflect a school-wide belief that all students will achieve when provided the appropriate instruction in an encouraging and safe environment. Title I federal dollars fund a 100% Title I Intervention Teacher, a full-time counselor, a campus representative, professional development support, release days for staff development and collaboration, curriculum materials and supplies as well as technology upgrades. All classrooms have digital presentation ability and all classrooms are equipped with Apple TV systems and by the end of the year, that number will increase to 13 classrooms. K-5 students have access to iPads, desktop computers and Chromebooks. A 50% ELD Specialist supports bilingual students within the classroom and small groups.

The following programs support the grade level standards-based instruction at Charles Peck: Benchmark ELA for reading and writing, Scholastic Guided Reading, Okapi leveled texts, Envision Math, iReady Reading & Math, Read Naturally, Lexia Core 5, Raz Kids, SIPPS, GLAD strategies, Reflex Math, and other research-based practices. PBIS (Positive Behavior Intervention Support), along with Skillstreaming, Strong Kids, Strong Start to promote positive behavior choices through explicit instruction, positive recognition and consistent natural consequences. We work closely with support staff from the Student Support Center to provide multi-tiered intervention based on data and frequent progress monitoring. The Bridges After-School program provides child care, games and activities until 6 PM. The school Safety Team attends meetings, conducts emergency drills and collaborates together in establishing site safety procedures.

We use the Common Core State Standards and ongoing assessment to guide our instruction and communicate academic growth to families throughout the year. We encourage a college-bound culture with our students and promote positive character traits of safety, respect, responsibility, citizenship, fairness, and friendship as a school focus.

We value your support as a parent/guardian and partner in educating our students and encourage open communication and collaboration between families and school. We encourage parents/families to partner with us in promoting a positive learning environment here at Charles Peck School.

Principal's Message

As the principal and instructional leader, I believe that all students can and will learn given the appropriate instruction and supports. I also believe that learning is a life-long endeavor and that education opens the doors to many opportunities in the lives of our students and that it will continue to do so as they grow into productive citizens. I lead an amazing team whose commitment to students, teaching, and learning is inspiring and sincere. Our Charles Peck staff participates in ongoing professional development, ensuring that our students receive quality first instruction and any educational and/or behavioral supports they need in order to reach their full potential as learners and leaders. They are equally dedicated to engaging families as partners at Charles Peck.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: September, 2019

San Juan Unified held a public hearing on September 22, 2020 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan’s textbook adoption schedule, please visit our website:

School Facility Conditions and Planned Improvements

Charles Peck, originally constructed in 1961, was modernized during the 2000-2001 school year. Currently, there is sufficient space to house the student population. Site custodial staff clean the buildings along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. In 2009, the entire school had the exterior painted through Deferred Maintenance Funding. Using Measure J funds, a site-wide landscape and irrigation project was completed Winter 2013. This included ornamental fencing, sidewalks and ramps, storm drains and sewer lines, grass, plants and trees. All restrooms site-wide are being reconfigured and renovated using Measure J funds. This project is scheduled for completion January 2014. It includes all plumbing, fixtures, partitions, floors, walls, path of travel and upgrades to meet ADA requirements.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in August 2020 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

There are various ways that parents can become involved in the school community. The Charles Peck School Site Council (SSC), comprised of members of whom half are parents, takes an active role in developing and monitoring the School Improvement Plan. The focus of improvement is developing students’ literacy and mathematical ability, the use of technology, and the fostering of a positive learning climate. The Charles Peck Newsletter is a bulletin sent home to inform parents about school activities and events, as well as parent education opportunities. Some examples include homework strategies, curriculum support, and effective routines. Classroom teachers regularly send home newsletters and/or informal progress notes. Parents are informed about their children’s accomplishments through formal and informal parent conferences, progress notices, report cards, telephone calls, emails, and notes.

Parents are encouraged to volunteer their time in the classroom and in the library as well as attend events, such as the primary 100 Day activities, Family Nights, ongoing SSC, fundraisers, and the establishment of our PTC, etc. Our monthly ELAC (English Learner Advisory Committee), Parent/Principal, and SSC (School Site Council) meetings along with Family Engagement Events, including APTT, which focus on academic achievement for all students, building positive character traits, and parent/family involvement will continue to keep our professional learning community on track to achieving each step outlined in our strategic plan.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school office at 916-979-8570 and/or leave a message for our Parent Liaison Ana Cuevas at ana.cuevas@sanjuan.edu

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	5.0	3.1	5.8	4.9	3.5	3.5
Expulsions	0.0	0.0	0.1	0.1	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	1.10%	3.58%	
Expulsions	0.00%	0.03%	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

San Juan Unified School District makes safety a top priority. In accordance with the California Education Code, each school site’s comprehensive school safety plan is reviewed, edited as needed and approved by the school site safety team by March 1 of each year. The plan includes a review of safety data for the campus, incident response information in case of fire, earthquakes and other dangers, and details on safety policies. A copy of the plan is available for review in the school office. Our staff reviewed the safety plan during our November 7, 2019 and December 5, 2019 staff meetings.

Drills are held on a regular basis to include fire drills, earthquake drills and intruder drills.

Safety is a shared responsibility, and our school is supported by the district’s Safe Schools program in coordination with the Sacramento Sheriff’s Department and Citrus Heights Police Department. The Safe Schools program provides district employed safety specialists who provide safety advice, training and respond to critical incidents. Sworn law enforcement is called, when needed, to assist the safety specialists. In addition, San Juan Unified has the option of employing uniformed law enforcement officers when needed.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement		9	9

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
