School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

MISSION STATEMENT

The Sierra Oaks K-8 School mission statement was created through the Site Strategic Planning process in collaboration with staff, parents, and community members and is as follows:

The mission of Sierra Oaks K-8, valuing a diverse and dynamic school community, is to cultivate all students into critical thinkers who communicate effectively, engage responsibly, and serve successfully as global citizens by providing a rigorous and innovative curriculum in a safe, respectful learning environment.

SCHOOL PROFILE

Sierra Oaks K-8 is one of eight K-8 schools in the San Juan Unified School District. The curriculum provided is aligned to the Common Core State Standards.

Built in 1960, Sierra Oaks has had a long reputation of high academic achievement. It has earned the California Distinguished School recognition twice as a K-5, first in 1987 and again in 1998. Sierra Oaks became a K-8 school in spring 2006, once again earning the California Distinguished School recognition in 2008 and 2014.

K-8 PROGRAM DESCRIPTION

The K-8 schools offer increased opportunities for relationships and personalization between teachers and 6th-8th grade school students. The students may attend the same school for nine years, promoting a sense of belonging and familiarity. The K-8 schools are staffed with highly qualified teachers possessing multiple subject credentials. The teachers may have supplemental authorizations that complement the academic and enrichment programs.

The core curricular program for 6th-8th grade students is delivered within an interdisciplinary structure, with two 6th grade classes, three 7th grade and two 8th grade classes. Students receive standards-based, grade-level instruction in class "periods," transitioning up to five times a day. Additional collaboration occurs with teachers from other grade levels to ensure a well-articulated experience. Students engage in a variety of elective courses, and physical education classes that meet the state requirements. Flexible grouping, differentiation, acceleration, and intervention are strategies that are utilized to meet the students' academic needs. Most recently, accelerated math programs (Accelerated Math 7 and Integrated Math (IM)1) and Spanish 1 and 2 have been added to the curricular options.

The Sierra Oaks K-8 program prepares students for the successful transition to high school by addressing their physical, emotional, social, and academic development in a smaller, nurturing atmosphere. Age-appropriate extra-curricular activities are offered as after-school options to enhance the students' overall development.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: September, 2020

San Juan Unified held a public hearing on September 22, 2020 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website:

School Facility Conditions and Planned Improvements

The Sierra Oaks K-8 campus has had many recent improvements for beautification through the “Self Help” process. The Theresa Wong Memorial Garden was dedicated in the spring of 2003. Many benches and picnic tables have been added by the Sierra Oaks PTA, making attractive spaces and an extended learning environment. Fences and garden areas add beauty and safety for our students and the community. A committee of parents works regularly to plant and maintain flower beds and landscape improvements. In 2006, under the Measure J Bond, a new heating and air conditioning system was installed along with gas lines and an EMS Energy Management System. School year 2008 included the addition of 3 portables and an upgrade/addition of a fire hydrant, funded through Measure-J Bond. In 2009, all parking lots were re-constructed, ADA improvements were made, the courtyard concrete was replaced, restrooms were refurbished, landscaping and irrigation upgrades were all completed with Measure J funds. In 2010, the playgrounds were resurfaced, and the entire school was re-painted. In 2011, four new classrooms and two new bathrooms were added to replace the existing portables. Additionally, a beautiful courtyard with sidewalks, grass and picnic tables was added to the landscape. In 2016 -17, three additional portables were added to the southern area of the campus. In 2018, multi-purpose flooring was updated, walls painted, and stage curtains replaced. Most classrooms received new carpet and paint and blacktop was resurfaced and lines repainted. In 2019, the 3ft kindergarten yard chain-link fence was upgraded to a 6ft black wrought-iron fence that extended gated entry to the north parking lot. In 2020, all classrooms received new student desks and chairs.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in September 2020 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Sierra Oaks K-8 benefits in a multitude of ways from supportive parents and community members. Parents are an integral factor in the success of our school program. Each year, parent input is sought to review the school program and redirect efforts for improvement in the school program, curriculum, and school climate. Parents also serve on a variety of school committees to enhance our students' learning opportunities and environment. Parental involvement has been instrumental in physical site improvements and improving technology opportunities for our students and teachers. The School Site Council meets regularly to assess, discuss, and adjust the overall school plan. The site council determines site fund budget allocations, and sets spending priorities each year. The School Site Council consists of 5 staff members and 5 parent members. Our Parent Teacher Association (PTA) works diligently to raise funds and promote volunteer time to create a high-quality learning environment for all children. The PTA budget enhances the resources for staffing, campus and program improvements, intervention and enrichment, community engagement, and technology support. If you would like information regarding opportunities to get involved, please call the school office at (916) 575-2390 and you'll be put in touch with PTA or School Site Council parent representatives.

CONTACT INFORMATION

Our school operates best when we have a full commitment from our community. That means we need your help. Parents or community members are welcome to participate in:

- PTA
- Leadership teams
- School committees
- School activities
- The classroom, library or other areas

Please contact the Principal, the classroom teacher, or the secretary at Sierra Oaks K-8 at 916-575-2390 or by email at matt.english@sanjuan.edu. We look forward to working with you.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions			
Expulsions			

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

San Juan Unified School District makes safety a top priority. In accordance with the California Education Code, each school site's comprehensive school safety plan is reviewed, edited as needed and approved by the school site safety team by March 1 of each year. The plan includes a review of safety data for the campus, incident response information in case of fire, earthquakes and other dangers, and details on safety policies. A copy of the plan is available for review in the school office.

Drills are held on a regular basis to include fire drills, earthquake drills and intruder drills.

Safety is a shared responsibility, and our school is supported by the district's Safe Schools program in coordination with the Sacramento Sheriff's Department and Citrus Heights Police Department. The Safe Schools program provides district employed safety specialists who provide safety advice, training and respond to critical incidents. Sworn law enforcement is called, when needed, to assist the safety specialists. In addition, San Juan Unified has the option of employing uniformed law enforcement officers when needed.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement		9	9

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

In 2020-21, Professional Development at Sierra Oaks is focused on San Juan's 8 Point Commitment to Educational Justice, specifically focusing on commitment 1 (Improving school culture and diverse representation), commitment 2 (Accountability for all), and commitment 5 (Building anti-racist/anti-bias instruction within our curriculum). Sierra Oaks staff engages in 9 hours of professional development throughout the year to understand San Juan's 8 Point Commitment to Educational Justice, discuss current practices/strategies which support the 8 Point Commitment to Educational Justice, and move learning to action as staff use the 8 Point Commitment to Educational Justice to support our youth in distance and/or in-person learning.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
