About Us

San Juan Unified School District spans 75-square miles in Carmichael, Orangevale, Citrus Heights, Arden-Arcade, Gold River and Fair Oaks. We serve nearly 40,000 K-12 students at 63 school sites.

Valuing diversity and excellence, the San Juan Unified School District's mission is to educate and responsibly contribute to a radically evolving world by providing innovative, rigorous, student-focused instruction and programs in a safe, caring and collaborative learning community.

What is 21st Century learning?

**TEACHING AND LEARNING HAS CHANGED**

The San Juan Unified School District is invested in providing 21st-century learning opportunities for all students. What that means is that we value flexible learning spaces with furniture that can be reconfigured, writing surfaces on multiple walls and technology such as high-speed wi-fi and flat screen televisions that provide teachers with the tools they need to teach to California’s rigorous standards.

**flexible learning for student and teacher needs**

**Measure J**

Voters approved Measure J in 2002, authorizing the district to sell $350 million in general obligations bonds. Measure J has been used throughout the district to replace leaky roofs, replace portable classrooms, replace heating and air conditioning units and update infrastructure such as plumbing, landscaping and remodeling restrooms. Measure J's larger projects include:

- San Juan High School career and technical education pathways project which includes the school’s culinary arts and auto mechanics programs.
- A new library and gym at Mesa Verde High School.
- A new multi-purpose room at Arden Middle School.
- Two 21st-century classroom wings at Winston Churchill Middle School which also includes a computer lab and a physical education studio (slated to open in 2015-16).
- Wireless technology upgrades districtwide.

**Measure N**

Voters approved the $350 million Measure N bond in 2012 to support modernization of classrooms, provide technology infrastructure and replace deteriorating portables with permanent classrooms.

Measure N projects include:

- Signature projects at all nine high schools. Visit www.sanjuan.edu/hsprojects for full details.
- The future Sylvan Middle School campus.
- Pasadena Avenue Elementary science lab and outdoor learning.
- 21st-century classrooms at Thomas Edison Language Institute.
- New classrooms to meet class-size reduction requirements.
