# Williams Required Board Adopted Textbooks and Supplementals

Items in **BOLD** are **Williams Required** if that grade level or course is offered at your site. Supplemental materials specific to a textbook are indented and listed under the textbook title.

## Type Definitions:
- **Textbooks** are Williams-required, Board-adopted textbooks.
- **Consumable Textbooks** are Williams-required, Board-adopted textbooks that are intended for a one-time use by a student. They include worksheets to be written on, torn out, etc.
- **Kits** are Williams-required and serve as the Board-adopted "textbook" for that level. A complete set of kits will service up to 3 classes at a grade level.
- **Supplemental** materials are *not* Williams-required and can include any book, consumable workbook, resource kit, teacher's edition, etc. that is not a Board-adopted textbook or Board-adopted consumable textbook. They are intended to supplement the main curriculum.

**NOTE:** Prices are based on those from the publisher and include tax. Prices are current as of the revision date, but subject to change. For editions which are out of print, the price listed is for the current, in-print edition.

**Special Education**

**Notes on Special Education**

Moderate to Severe Special Education classes are excluded from Williams compliance (e.g. ILS, Severe ASD, etc.). All other special education students must have assigned to them the Board-adopted textbook for their learning level for each subject area as designated in their IEP or by their teacher.

As noted on this list, Language Arts is the only subject for which there is both a general education and a special education Board-adopted textbook. For Williams compliance, sites may utilize *either* the appropriate general education textbook or special education textbook as noted on this list. *Textbooks which are not included on this list do not qualify towards Williams compliance.*

Sites wishing to utilize "Reading Milestones" for Williams compliance must ensure there is at least one "Reader" title per special education student.
