Family Life Materials
The Family Life Education Materials are scheduled to be viewed by parents from February 4th through 7th from 7:00 AM until 3:30 PM. A parent consent letter was sent home two weeks ago. Forms are available in the office. Please return it to school by February 10th. It is an “opt-in” choice. Please e-mail Mrs. Elcock if you have questions.

Thank you, Mrs. Kissinger!
Thank you, Mrs. Kissinger, for your generous donation of soccer balls, four square balls, and basketballs for our playground! The children are THRILLED!!

Academic Talent Search
Academic Talent Search Testing will be done at Deterding Elementary School on February 4th, at 8:30 AM for 4th through 6th grade students. The cost is $15 per student. If your child is unable to attend on the 4th, there will be alternate days and times at
CSUS. Students need to bring their registration form and money on the day of the test, February 4th. Please let your child’s teacher know by January 28th if you would like your student to participate.

**First Friday Meet Up!**
The first Friday of every month there will be a “Parent Meet UP,” sponsored by DREAM at 7:50 by the blue tables. Come get acquainted! Our first “Meet Up” is February 7th at 7:50 AM. Join the fun and make new friendships while you support our students!

**Rapid Learner applications online, due March 1**
Parents interested in the Rapid Learner Program should apply online through the District website. Online applications will be accepted through March 1. This year all first- and second-graders interested in Rapid Learner placement for second or third grade take the MAP Primary test during the first two weeks in March at the site. If you have any questions please call 979-8049 or email accelerated@sanjuan.edu

Hi 5th Grade Families,

Great news! The third Annual Father/Daughter Dance at Deterding will be on Saturday March 1st, from 6-8pm. This is an all-school event that is being put on by the 5th Grade classes.

We need you! Are you good at marketing? Have a knack for decorating? Great at hosting events? Skilled at photography? We are looking for lots of fresh ideas and help to make this event a night to remember!

Please join us for a planning meeting on February 4th at 6:00 in Mr. Lennerton’s room.

Please email me if you are unable to attend the planning meeting but would like to share your ideas and/or would like to help the night of the dance. Let me know how you would like to help and how we can best use your talents. Remember that all proceeds will benefit the 5th Grade!

Thanks in advance for your participation! This promises to be a fun night for all, but we can’t do it without your help.

Dear 5th Grade Families,

Our 3rd Annual Father/Daughter Dance is Saturday March 1st. We are relying on donations to make this event a real SPLASH!

If you are not able to donate your time in planning and prep for the dance we hope that are able to help out in other ways. If you are able to donate please put an “X” on the line item and have your child drop this slip off with their teacher by the 14th. We are looking for donations of

---Small Bottled Water
---Baked Goods
---Donations for the raffle--$5-$10 dollar gift cards that would appeal to girls.

Non-perishable donations can be dropped off on the 28th with your child’s teacher. You can also drop off donations at 5pm on Saturday March 1st in the gym. All proceeds will be applied to the Grizzly Creek fund.

Dear Parent/Guardian:

On February 14th Deterding Elementary is proud to partner with the American Heart Association through Jump Rope For Heart! This community service project teaches our students the importance of heart health (exercise, nutrition and living tobacco free) while having a great time jumping rope. Students also have the opportunity to raise funds for the American Heart Association to fund research and educational materials to lower the risks of America’s #1 and #4 killers: heart disease and stroke.

American Heart Association Mission: to build healthier lives free from cardiovascular disease and stroke

- **BENEFITS:** Not only are we building healthier lives for our students, but our school also receives educational materials/resources, jump ropes and U.S. Gaming Certificates for PE equipment based on the amount of donations raised.
- **ONLINE AWARENESS:** Students have the opportunity to raise donations and awareness online for the American Heart Association. Students can create webpages and send emails to spread AHA awareness and ask for support.

Sign Up at [www.heart.org/jump](http://www.heart.org/jump) and Click “Register Today” at top of the page and follow these 5 easy steps!

1. Fill in school and city information under “Search for Team”
2. Once your school name appears, Click “Join This Team” (Tab located on the far right)
3. Create a Username and Password and provide the requested information listed
4. Hit “submit” and the next page will be the link to the Jump Rope For Heart Heartquarters Page
5. Send 5 E-mails to friends and family encouraging them to be heart healthy!

- **JOIN THE SACRAMENTO KINGS HEART HERO CLUB:** Students that raise $35+ spreading heart health awareness will be part of the Sacramento Kings Heart Hero Club and earn 1 complimentary ticket to a Sacramento Kings basketball game!

- **GET YOUR DUCKS IN A ROW!** Students who raise life-saving funds for the American Heart Association will earn life-saving ducks. Collect all 6! See envelope for details.

Don’t forget to register online at [www.heart.org/jump](http://www.heart.org/jump) today!

*You’re the cure and together, we CAN save lives!! Thank you for your support*

Sincerely, The American Heart Association & Deterding Elementary

Discovery Museum - San Juan
President's Day Break Camp

Camp Hours: 1pm-4pm.
Fees: $35 per day Museum Members, $40 per day Non-Members.
Two sessions per afternoon:
Session A: Younger Campers, ages 6-8
Session B: Older Campers, ages 9-11
Campers bring a snack and drink for break time.

Tuesday, February 18th
Session A: Chemistry for Kids
Want to learn more about the elements and how they interact? That’s chemistry! By doing simple experiments, you find the differences between a chemical reaction and a change of form. We take it further by comparing gases, liquids and solids.

Session B: Archaeology
What does it really take to be an archaeologist? Campers participate in a hands-on outdoor simulated archaeological excavation to understand how scientists uncover and decipher clues about the past.

*Campers should come dressed to work outside in the dirt.

*In the event of rain, outdoor dig will be substituted with classroom based activities.

Wednesday, February 19th
Session A: Weather
What do you know about the weather? Here’s a great opportunity for a hands-on learning experience. During this action-packed afternoon, campers make their own weather station to take home, use prisms to explain rainbow formation, identify cloud types, and learn about weather phenomena such as hurricanes and tornados.

Session B: Robotics
Have you ever thought about how sound works? In this exciting activity, campers investigate sound vibration and talk about how the sound sensor in the LEGO WeDo kit is able to detect sound. Campers use the kits and the Cheerful Fans model to create an alarm that uses sound to give us information.

Thursday, February 20th
Session A: Amazing Animals
Scaled, feathered or furred—we are talking about it! With the help of our live animal residents at the museum, campers discover what makes different animal groups special and unique. Be ready for some entertaining crafts to come home as kids show off what they learned!

Session B: Space Explorers
From the Sun to the stars, students discover the wonders of space. Learn about the planets, make a fun outer space craft, and view the night sky in our planetarium. Join us as we explore the Solar System and beyond!

Friday, February 21st
Session A: Science on the Farm
Which came first the chicken or the egg? Campers meet a live farm chicken and study the eggs that were laid by her and her friends. Campers learn what crops need to grow, compare different seeds and plants and get their hands dirty with a little soil science studying worms. Finally, campers study fibers from various animals to detect their differences.

Session B: Challenger Space Mission
The Challenger Learning Center launches you on an exciting voyage of discovery. See what it is like to work for NASA as you perform hands-on science experiments, operate robotic arms, build a probe or support the astronauts from Mission Control. Let’s chase Comet Halley and see what we find!
