DEAR PARENTS AND GUARDIANS:

Each year, public school districts in the State of California are required by Education Code section 48980 to notify students, parents and guardians of their rights and responsibilities. In addition, Education Code section 48982 requires that an acknowledgement of notification of these rights and responsibilities must be signed by the parent or guardian and returned to the school.

The required notifications can be found in this Parent Handbook, which is also available online at: www.sanjuan.edu/handbook. Your signature on this notice is an acknowledgment that you have received the Parent Handbook and have been informed of your rights, but the signature does not indicate that consent to participate in any particular program has been either given or withheld.

Please review the contents of the Parent Handbook with your children, and then complete the signature section below.

If you have any questions, please contact your student’s school site.

PLEASE COMPLETE THE SECTION BELOW AND RETURN TO THE SCHOOL SITE

_________________________________________________________________________________

SAN JUAN UNIFIED SCHOOL DISTRICT

Parent Acknowledgement of Notification of Rights and Responsibilities

2015-2016

Student Name: _________________________________________________________________

Grade: ______________

School: _________________________________________________________________

Parent/Guardian Name: ________________________________________________

Parent Acknowledgement:

I have been notified of my rights under Education Code section 48980. I sign this acknowledgement below on behalf of myself and the above named student. My signature does not indicate that consent to participate in any particular program has either been given or withheld.

Parent/Guardian Signature

__________________________________________________                Date___________________
Big changes are underway in your students’ classrooms: 46 states across the country have adopted key academic standards that will replace current California standards in English/language arts and math. **Common Core State Standards** will supplement current standards in social science, science and technical subjects. The goal of these rigorous standards is to instill the 21st century, higher-thinking skills that prepare all students for college and their careers - as well as to succeed in a global economy and society.

### 6 ways Common Core State Standards will challenge your student:

1. **Thinking and writing:** Students will need to show the evidence and reasoning that supports their thinking - not just memorize and repeat facts. They’ll have to demonstrate this through clear, convincing writing.

2. **Not just worksheets:** Because students will be expected to demonstrate deep reasoning, homework assignments might be thinner but could take longer, as they require more analytical thinking and writing.

3. **Fact AND fiction:** Students will be reading a much greater proportion of nonfiction writing to supplement their work with fiction as they practice analyzing evidence to formulate arguments.

4. **Teamwork is key:** Collaboration is vital for success; no one works in isolation anymore. Students must learn how to express ideas, listen to each others’ thoughts and integrate and evaluate information.

5. **Tests will challenge all students:** Computer-adaptive testing adjusts the difficulty of tests depending on which questions students answer correctly, getting progressively harder. This personalizes learning and pushes all to grow academically.

6. **Some struggle is good:** Common Core State Standards measure academic growth in all students, regardless of their starting points. That means all students will be challenged to stretch their learning.
Dear San Juan Unified Families,

Welcome to the 2015/16 school year!

This is an exciting time for public education as we begin to implement new programs and supports to help ensure that each student succeeds.

At the high school level, we have reduced math class sizes this year and implemented The Academy, which offers independent learners the ability to take computer-based courses while still participating in the traditional high school environment.

In elementary schools, transitional kindergarten, kindergarten and first grade classes will see reduced class sizes this fall. Smaller classes will continue to be the trend as we work to reduce class sizes at each grade level during the next few years until all classes through sixth grade are reduced.

We have some major facilities improvements going on throughout the district. These improvements include an addition of a new wing at Churchill Middle School, renovations of rooms and new buildings at what will be the new Sylvan Middle School, a new science wing at Bella Vista High School and a new performing arts/music hall at Rio Americano High School.

We are also working to involve more of our families and community members to ensure that everyone has an opportunity to provide feedback on key issues and initiatives. If you haven’t already, please be sure to review our district’s Local Control Accountability Plan (LCAP) at http://www.sanjuan.edu/lcap and our Strategic Plan at http://www.sanjuan.edu/strategicplan.

I encourage you to review this handbook to learn more about the programs, services and supports available in San Juan Unified.

Thank you for your support and for being a valued member of our school community.

Kent Kern
Superintendent of Schools
In order to best provide families in the San Juan Unified School District with an efficient enrollment process, all enrollments take place at our centralized enrollment center (San Juan Central). In addition to enrolling students, San Juan Central (SJC) is a one-stop resource to service families seeking resources and information. Families may submit transfer and open enrollment applications, have questions answered, receive pre-testing services and benefit from our on-site immunization clinic. It is our goal to offer exceptional service and communication to families in the San Juan Unified School District.

Family and Community Engagement (FACE) Department
(916) 971-7929

The Family and Community Engagement Department. In San Juan, we actively engage parents/guardians, extended family and community members to be valued partners in the education process. Our department assists with, or oversees, the following programs:
- Districtwide family engagement, outreach and education activities
- District food and clothes closets
- Problem resolution assistance
- Parent Education Workshops
- Business partnerships
- Community partnerships
- Volunteer recruitment and training

Nutrition Service Department
(916) 971-7026

The Nutrition Services Department is made up of a team of food and nutrition professionals that are dedicated to students’ health, well being and their ability to learn. We support learning by promoting healthy habits for lifelong nutrition and fitness practices.

Health Services
(916) 971-7643

The Health Services Department believes that healthy children learn better. We serve as advocates for children by assisting families and communities to manage and minimize health concerns, thereby allowing students to achieve educational standards. As members of multidisciplinary teams, we promote education and knowledge by addressing health care needs that are barriers to school attendance and healthy behaviors.

Elementary School Choices

All San Juan Unified schools offer the same excellent curriculum for core subjects (English, history, math and science), and all require students to follow the same behavior standards. In addition, all schools welcome parent involvement.

Beyond these similarities, each school has developed special programs and teaching strategies to meet the needs of its students. Parents may enroll their students in any school where space is available. The best time to apply is during open enrollment.

Below are some of the special programs offered in elementary schools. Further information is offered in the School Accountability Report Cards (Ed. Code § 35256) available on the district website at www.sanjuan.edu/sarc.

Open Attendance Schools

The following six district-wide open attendance schools do not have neighborhood attendance boundaries; admission is through open enrollment:

Cowan Fundamental School         (916) 575-2312
Dewey Fundamental School         (916) 867-2020
Green Oaks Fundamental School         (916) 986-2209
Cambridge Heights Open School         (916) 867-2000
Mission Avenue Open School         (916) 575-2362
Orangevale Open K-8 School         (916) 867-2067

Each school has a unique focus. Parents are encouraged to research the programs and visit the school prior to open enrollment.

Parents who choose to have students attend these schools are asked to participate in program activities.

Grade Level Groupings

Most elementary schools serve students in kindergarten through fifth grade, however, there are options of K-6 and K-8 environments. Our middle schools serve a 6-8 grade population.

Grades K-5 – Arlington Heights, Cambridge Heights, Cameron Ranch, Carmichael, Carriage, Cottage, Coyle Avenue, Charles Peck, Dyer-Kelly, Grand Oaks, Greer, Howe Avenue, Mariemont, Mariposa Avenue, Oakview, Ottomon, Pasadena Avenue, Schweitzer, Skycrest, Thomas Kelly, Trajan and Whitney Avenue. Students may choose sixth grade at nearby K-6 and K-8 schools or at a middle school setting through open enrollment.

Grades K-8 - Gold River Discovery Center, Kingswood, Lichen, Orangevale Open, Sierra Oaks, Starr King, Thomas Edison Language Institute and Woodside. For more information about what these schools offer, see the schools’ website.

Programs

The following 16 sites offer Transitional Kindergarten: Arlington Heights, Cameron Ranch, Carmichael, Cottage, Coyle Avenue, Del Dayo, Earl LeGette, Howe Avenue, Oakview Community, Ottomon, Pasadena Avenue, Skycrest, Thomas Edison Language Institute, Thomas Kelly, Twin Lakes and Whitney Avenue.

Spanish/English Dual Language Immersion Program is available at Thomas Edison Language Institute. It is a unique education model that builds student bilingualism and biliteracy. Students continue to learn standards-based content while they become fluent in two languages; linguistically and academically. Instruction is provided by highly-trained bilingual teachers who utilize standards-based content in both languages. The outcome is for student to use academic knowledge and skills in real world situation and diverse settings to develop and exhibit positive self-esteem, pride confidence and respect for themselves and others. The program offers English speaking students an opportunity to learn a second language and it offers native Spanish speakers a chance to acquire English while maintaining their home language. Students with a native language other than English or Spanish can also benefit from the program.

The Montessori Program is available at Cottage Elementary School. With the Montessori method, students receive a broad academic education in the context of a carefully planned, stimulating community and environment. The goal of Montessori education is to prepare children for a lifetime of creative thinking and learning. Montessori teachers at Cottage Elementary are highly trained having both California state teaching credentials and Montessori teaching certificates.

Thomas Kelly Elementary School is an International Baccalaureate (IB) Primary Years Program (PYP) Candidate School. All students enrolled in the school strive to be open-minded inquirers and thinkers utilizing 21st century skills. The program:

- encourages international mindedness
- encourages a positive attitude to learning by engaging students in inquiries and developing their awareness of the process of learning so that they become lifelong learners
- reflects life by encouraging learning beyond traditional
Subjects with meaningful, in-depth inquiries into real issues

- stresses, through the learner profile, the development of the whole student - physically, intellectually, emotionally and ethically.

Students residing both inside and outside of San Juan Unified boundaries are eligible to enroll at Thomas Kelly Elementary on a space available basis.

The Leonard Bernstein Center’s Artful Learning model is available for all students at Ottomon Elementary School. This model emphasizes using the visual and performing arts to explore all academic subjects, provoke critical thinking and foster a love of learning. Teachers design units of study around a concept, or central theme; a significant question that guides student inquiry; and a masterpiece, a piece of art, sculpture, poem song or other masterpiece that is revisited throughout the unit. In addition to experiencing the curriculum through the arts on a daily basis, students have the opportunity to participate in music, visual art and dance and body movement classes. Ottomon is the only school in the Sacramento region offering the Artful Learning model. Learn more at www.sanjuan.edu/ottomon.

A focus on science and engineering is available at Pasadena Avenue Elementary School. Students study all subject areas with a scientific lens and an emphasis on innovation, project-based learning and problem solving. Pasadena is at the forefront of incorporating the Next Generation Science Standards into the curriculum, and the school’s field trips and assemblies allow students to learn through scientific inquiry. Family nights seek to engage the community and offer the students an opportunity to showcase their learning. A new 21st century science lab is scheduled to be finished in the summer of 2015, and a school garden is planned for the 2015-16 school year. Learn more at www.sanjuan.edu/pasadena.

Gifted And Talented Education (GATE) services are available at all schools. Students who have been identified as GATE through achievement, ability, or IQ tests may participate in a variety of GATE instructional programs. Each site has its own offerings and specific information is available by contacting the school.

The district also has a specialized, self-contained Rapid Learner program which is available at Del Paso Manor, Deterding and Pershing elementary schools. The district identifies qualified students and notifies parents of their eligibility to participate in the program. Additional information is available on the website at http://www.sanjuan.edu/rapidlearner or by calling (916) 979-8049.

Middle School Choices

All San Juan schools offer the same excellent curriculum for core subjects (English, history, math and science), and all require students to follow the same firm behavior standards. In addition, all schools welcome parent involvement. Each middle school has developed special programs and teaching strategies to meet the needs of their students. Further information is offered in School Accountability Report Cards (Ed. Code § 35256) available on the district website at www.sanjuan.edu/sarc.

Grade Level Groupings

District middle schools offer the following grade-level grouping options:

- Grades 6-8 – Arcade, Arden, Barrett, Carnegie, Churchill, Pasteur, Sylvan and Will Rogers

- Grades K-8 – Orangevale Open, Starr King, Gold River Discovery Center, Kingswood, Lichen, Sierra Oaks and Woodside

Encina Preparatory High School Grades 6-12 - allows students to stay in the same school from 6th through 12th grade.

Middle School Honors

Honors courses are available at all middle schools except Churchill. Courses include honors science, social studies and English classes. Students who have demonstrated high achievement, interest, and/or potential in one or more academic areas may be ready to take honors classes. Enrollment in honors classes takes place in the spring during the course selection process. At that time, school staff members assist students in choosing which science, English and/or social studies honors classes will best meet their academic needs.

International Baccalaureate

The IB Middle Years Program at Churchill Middle School is available to students in grades 6-8 based on district criteria which are also on the district website. Students will be notified of their eligibility for the program in the fall. Students accepted into the program placement at Churchill for IB students accepted into the program is guaranteed and families do not need to participate in open enrollment process. This program, which begins in 6th grade and ends in 10th grade, will prepare students for a smooth transition to the 11th and 12th grade IB diploma program at Mira Loma High School.
High School Choices

All San Juan Unified schools offer the same excellent curriculum for core subjects (English, history, math and science), and all require that students follow the same behavior standards. All high schools provide a comprehensive college preparatory sequence of classes.

Each high school has developed special programs and teaching strategies to meet the needs of its students. All high schools offer honors and advanced placement classes. Below are some of the special programs offered in high schools. Further information is offered in the School Accountability Report Cards (Ed. Code § 35256) available on the district website at www.sanjuan.edu/sarc.

Academies and Career Pathways

Career pathways provide a multi-year sequence of training in a specific career or technical field. This training can lead directly to jobs in these fields or can provide a transition to higher-level training in a variety of settings. For more information, please visit www.sanjuan.edu/cte

- Casa Roble Fundamental High School-Health Careers and Sports Careers & Opportunities in Recreation, Medical Assisting, Automotive Repair, Woodworking, Agriculture and Agriculture Mechanics
- Del Campo High School - Business and Law Enforcement
- El Camino Fundamental High School - Pre-Engineering Academy
- Encina Preparatory High School- Dental Careers
- Mesa Verde High School - Business Academy, Banking & Finance
- Mira Loma High School - Natural Resource
- San Juan High School- Hospitality and Culinary Arts, Construction Technology, Transportation Technology, Media Arts, TV and Theater Production, and Innovation Design

International Baccalaureate

The International Baccalaureate program offered at Mira Loma awards a special diploma to students who complete a rigorous academic program; this diploma is recognized by some of the world's best universities. Call (916) 971-7465 for more information. Students accepted into the IB program at Mira Loma do not need to participate in open enrollment.

Advanced Placement Test Fees

Students enrolled in advanced placement classes may apply for financial assistance to pay for advanced placement exams. By passing advanced placement exams, students earn college credit while still in high school. Contact your high school for more information. (Ed.Code § 48980)
School Programs / Choices

Graduation Requirements

The chart on this page is a brief summary of San Juan Unified School District graduation requirements and entrance requirements for colleges in the University of California (UC) and California State University (CSU) systems.

High school counselors are available to meet with students during the school day as well as before and after school. Students may schedule an appointment in the counseling office at their school. The list of courses at each school site that meet the UC and CSU admission requirements is available in the counseling office or at https://doorways.ucop.edu/list/app/home/.

To receive a high school diploma, students must:

- Pass all courses required for graduation
- Pass English language arts and mathematics sections of the California High School Exit Exam (CAHSEE)
- Earn a minimum of 220 course credits at traditional schedule schools and 280 credits at block schedule schools
- Satisfy additional school board approved site-determined graduation requirements such as a senior project or community service

Check with your school counselor for complete information.

Under California legislation, homeless and foster youth may have different graduation requirements. Students and their parents or guardians should ask to meet with their high school counselor.

Certificate of Completion

Students who meet all course and credit requirements but do not pass the high school exit exam will receive a certificate of completion. Students can continue to test as adults to earn a diploma.

Advancement Via Individual Determination (AVID) prepares students in the academic middle for four-year college eligibility. AVID is based on the idea that “effort creates ability” and it has proven to bring out the best in students and in closing the academic achievement gap between students.

AVID is implemented at the following high schools: Bella Vista, Casa Robles, Del Campo, El Camino, Mesa Verde, Rio Americano and San Juan. AVID strategies are implemented at Woodside K-8, Kingswood K-8 and Lichen K-8.

The AVID Student

AVID targets students in the academic middle — B, C, and even D students — who have the desire to go to college and the willingness to work hard. These are students who are capable of completing rigorous curriculum but are falling short of their potential. Typically, they will be the first in their families to attend college, and many are from low-income or minority families. AVID pulls these students out of their less challenging courses and puts them on the college track: acceleration instead of remediation.

The AVID Elective

Not only are students enrolled in their school’s toughest classes, such as honors and advanced placement, but also in the AVID elective. For one period a day, they learn organizational and study skills, work on critical thinking and asking probing questions, get academic help from peers and college tutors, and participate in enrichment and motivational activities that make college seem attainable. Their self-images improve, and they become academically successful leaders and role models for other students.

The AVID Curriculum

The AVID curriculum, based on rigorous standards, was developed by middle and high school teachers in collaboration with college professors. It is driven by the WICR method, which stands for writing, inquiry, collaboration and reading. AVID curriculum is used in AVID elective classes, in content-area classes in AVID schools and even in schools where the AVID elective is not offered.

The AVID Faculty

One key to a successful AVID program is a site coordinator/teacher who is a respected site instructional leader, works well with secondary school personnel, college students and faculty, who can organize curriculum as well as activities, and who is committed to serving the needs of target students. The coordinator works with colleagues to implement AVID methodologies school wide, place students in college preparatory curriculum, and to work with counselors to guide students through the college application process. In addition, Del Campo High School holds the prestigious title of being an AVID National Demonstration School.

The AVID Tutor

Tutors are essential to the success of the AVID elective class, where they facilitate student access to rigorous curriculum. As students from colleges and universities, tutors receive formal training and also serve as role models. AVID students who continue their education in college often return to the program as tutors.

The AVID Parent

AVID parents encourage their students to achieve academically, participate on an advisory board and in AVID parent and site team meetings and maintain regular contact with the AVID coordinator. Many parents and students participate in AVID family workshops.

Community

Colleges demonstrate their support of AVID programs in many ways. They may provide class speakers, offer college credit courses to AVID high school students, include AVID students in residential, academically-oriented summer bridge programs, and follow and support the progress of AVID students during their college careers. The community supports AVID by providing speakers and summer apprenticeships for AVID students.

Where is AVID?

AVID is implemented at the following high schools: Bella Vista, Casa Robles, Del Campo, El Camino, Mesa Verde, Rio Americano and San Juan. AVID strategies are implemented at Woodside K-8, Kingswood K-8 and Lichen K-8.

Who Pays for AVID?

AVID is a free program to San Juan Unified School District students and families. There is no cost to participate.

For more information:

For individual school information, please contact your student’s middle or high school campus. For more information, contact your student’s school counselor or call (916) 971-7163.
Enrollment Options

You can find information about each school in the district on their school website, on their School Accountability Report Cards (Ed Code §5256) or at San Juan Central, our enrollment center.

Registration Options (Ed. Code § 48200)

State law requires parents to send their children to school unless otherwise provided by law. To register, parents are required to bring:

- Two proofs of residence which includes:
  1. Current mortgage payment or/property tax bill or rental/lease agreement or rental receipt with current address
  2. Current utility bill (SMUD, PG&E, Water) with current name and address

- Proof of birth - Original birth certificate for the first entry into a California school (copies are acceptable for students continuing their education in San Juan Unified)

- Immunization records for each child that will be enrolled (TDAP booster required for students in grades 7-12)

- Report cards or transcripts are needed for grades 6-12

- IEP is needed if student has special education needs

Families who lack permanent, adequate or stable housing may not have all the necessary documents listed above. Let staff at San Juan Central know about your situation and they can assist with immediate enrollment. Parents also can contact the Families in Transition program at (916) 979-8877 for more information.

Children who will be five years of age on or before Sept. 1, 2015, may enroll for kindergarten for the 2015-2016 year. Since good health is crucial to a child's success in school, the district also recommends that each entering student have a physical and dental examination. Please see the health requirements on page 20.

Children may enroll at San Juan Central, the district’s centralized enrollment center, located at 3700 Garfield Avenue, Carmichael, CA 95608. For more information you can call 916-SAN-JUAN (916-726-5826) or visit www.sanjuan.edu/sjcentral.

Parents or guardians may go to neighborhood schools to pick up enrollment paperwork or print it from the website http://www.sanjuan.edu/enrollment. An appointment to enroll is not required, walk-ins are welcome.

School Programs / Choices

Open Enrollment

San Juan Unified families have the opportunity to enroll students in any of the district’s schools if:

- Space is available in the appropriate program; and
- The family is willing to provide transportation.

To enroll a student in a school other than a neighborhood school, the parent or guardian (or designee) must participate in open enrollment, held once each year for the following school year. Many schools schedule visitations before open enrollment. It is important to note that students who are admitted under open enrollment may remain at the new school without reapplying each year, but relinquish their resident enrollment status at their neighborhood school. Students who change their resident school through open enrollment may return to their neighborhood school through a transfer process if space is available.

Kindergarten-12th Grade Open Enrollment

Open enrollment for 2015-2016 is tentatively scheduled from Dec. 7, 2015 through Jan. 22, 2016. Parents simply fill out an open enrollment application form and submit it either to their school site or to San Juan Central at 3700 Garfield Ave., Carmichael, CA 95608. Parents also have the option to complete and submit the open enrollment application online at www.sanjuan.edu/openenrollment. The online submission is only available for currently enrolled students in San Juan Unified. Parents or guardians may select one school per student.

San Juan Unified has established priorities for student placement through open enrollment. Once priority assignments have been made, if the number of applicants exceeds the space available, student placement will be determined in a random computer lottery. Families will be notified about the results of their open enrollment application by mail. Students who are not placed through the open enrollment process will be placed on a waiting list for their choice school. Once space becomes available at the requested school, students will be placed off the waiting list. Equal consideration will be given to all applications submitted (applications are not approved on a first-come, first-served basis).

For resident students who are not currently enrolled in a San Juan school:

Open enrollment requests may be submitted during the open enrollment window. If your child is placed at the requested school through the lottery process you will have a deadline of March 4, 2016 to enroll your child in San Juan Unified. For more information on open enrollment call 916-SAN-JUAN or visit us at: www.sanjuan.edu/openenrollment.
Sixth Grade Middle School open enrollment

Students attending an elementary school that has a sixth grade, or reside within a K-8 school boundary, requesting to move to sixth grade at a middle school must do so through open enrollment or the intra-district transfer process.

Alternative Schools Notice (Ed. Code § 58500)

California state law authorizes all school districts to provide for special schools. Ed. Code § 58500 defines alternative school as a school or separate class group within a school which is designed to:

(a) maximize the opportunity for students to develop the positive values of respect, responsibility, honesty, caring, cooperation, and courage

(b) recognize that the best learning takes place when the student learns because of his or her desire to learn

(c) maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interest may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects

(d) maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter this opportunity shall be a continuous, permanent process

(e) maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located. In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

Intradistrict Transfers

The open enrollment process is the primary opportunity for placement at another school. However, if a parent misses open enrollment and desires a transfer after the open enrollment lottery has closed, he or she will need to complete an intradistrict transfer request. Placements will be made as space is available. The open enrollment process should be used to select a school of choice. Transportation is not provided for open enrollment or transfer students.

Interdistrict Transfers

Parents and guardians who do not live within the San Juan Unified District boundaries are not eligible to participate in open enrollment. Families may apply for an interdistrict transfer agreement from their home school district. If accepted, parents and students must adhere to the requirements of the agreement.

Alternative Programs (Ed. Code § 48980)

In addition to our neighborhood schools, the San Juan Unified School District offers several alternative programs and schools for elementary, middle, and high school students. These options include fundamental, open-structured, rapid-learner, high achiever, and honors programs; programs with a special subject or career focus; block schedules, English language development, and special education.
School Programs / Choices

Bridges After School/ASSETs Program

Bridges After-School/ASSETs programs serve 3,000 students and operate on 29 campuses across the district; 20 elementary, three K-8, four middle, and two high schools and serves approximately 3,000 students daily. Students spend their afternoons engaged in many special activities to help build bridges to student success.

What does Bridges After-School/ASSETs offer?

By design, the Bridges After-School/ASSETs program complement, support and enhance the instructional day. The after-school program staff work hard to ensure that academic, enrichment and recreation time for students is beneficial, fun and engaging. Activities are designed to promote the skill building and mastery needed for students to meet California state content standards. The Bridges After-School/ASSETs program is a true collaborative effort with strong relationships between the instructional day staff, the after-school program staff, and parents or guardians.

Students that regularly participate in the Bridges After-School/ASSETs program demonstrate a stronger connection to school, higher regular day attendance rates, better quality and completed homework assignments and higher test scores. One of the most important benefits of after-school programs is the safety provided to our young people. The time of day associated with the highest risk behaviors for youth is between 3 p.m. and 6 p.m. After-school programs provide a safe and positive environment to transform those hours into one of the most beneficial and rewarding learning experiences for young people.

The Bridges After-School/ASSETs program are an important resource that provides a safe environment while assisting students to improve academic performance. The Bridges After-School/ASSETs program provides learning experiences that appeal to children with a wide range of abilities and interests, including those who struggle in traditional classrooms.

These extended learning programs help students understand the importance of academics and gives them the tools necessary to be more successful in school. In addition, enrichment activities not found during the regular school day, such as life skills education, disguised learning, pro-social enrichment, and positive team building are offered to complement and enhance instructional day activities. The Bridges After-School/ASSETs program provide solid academic support and enrichment so students can maximize social and academic success.

The programs operate Monday through Friday from approximately 2:30 p.m. - 6 p.m. Elementary schools have early dismissals every Thursday, and the programs will begin following dismissal. Program times may vary by campus. Parents or guardians are responsible for providing transportation for their student at the end of each day. For more information, visit www.sanjuan.edu/

Discovery Club - Child Care and Enrichment for K-6th Grade Students

Discovery Club offers full-fee and subsidized child care. Discovery Club is a 12 month program for students in transitional kindergarten through 12 years of age. To attend a specific Discovery Club, children must be enrolled and attend the elementary school on campus. Subsidized (free or reduced) child care is available on a limited basis for those who meet state mandated eligibility criteria.

Discovery Club is a before and after school child care, enrichment, and homework assistance program for children in kindergarten through sixth grade who attend a school where a Discovery Club program is located. Our highest priority is to provide a safe and nurturing environment for students to learn and grow.

Discovery Club is staffed by teachers who are certified as child development permit teachers by the California Commission on Teacher Credentialing. Our classroom environments follow the guidelines for best practices and meet the requirements of the California Department of Education.

The ongoing success of the Discovery Club Program is maintained by frequent communication between students, parents and staff. We value parent participation in parent advisory committees, parent meetings, and general support.

The Discovery Club program is designed to create an atmosphere which will ensure a student’s continued success and interest in learning. Throughout the day there are planned activities that incorporate all areas of the curriculum. Extended learning activities are specifically designed to foster the development of comprehensive literacy, technology, problem-solving skills, and the appreciation of cultures, and are integrated into the program through art, music, science, social studies, literature and character education. Physical development needs are met through outdoor
School Programs / Choices

Sports and games which help to develop muscle and eye-hand coordination. In addition, Discovery Club provides a minimum of 30 minutes of homework time daily during the school year.

Program Hours

Hours of service on school days vary by site and are based on the school's hours of instruction, Monday through Friday. Non-school day and summer hours for all Discovery Club sites are 7 a.m. – 6 p.m., Monday through Friday.

Locations of Discovery Club Programs

Arlington Heights    Mariemont

To enroll, call the Discovery Club admissions & family services technician at (916) 971-5975.

Indian Education

Indian Education is a federally funded program, the purpose of which is to provide supplemental educational services, at no cost, to American Indian students who enroll in the program. Services include:

- Technology assisted tutoring
- One-on-one tutoring in reading, math, and language arts for students who are below grade level standards
- Enrichment programs
- Activities that recognize and support the unique and educational needs of Indian children and incorporate appropriately qualified tribal elders and seniors.

Cultural Events

Several cultural events are planned throughout the year, culminating in a Senior Celebration for graduating seniors who are enrolled in the Indian Education program. For further information or to request services, call the Indian Education program office at (916) 971-5382.

English Learner Support Services

It is San Juan Unified’s goal to provide English learners with high-quality English Language Development instruction, as well as to engage educators in professional development and integrated and designed ELD, so they can better meet the academic and linguistic needs of English learner students.

San Juan Unified School District administers the California English Language Development Test (CELDT): (A) within 30 day of enrollment for students whose primary language is not English, and (B) to identified English learners as an annual assessment or progress.

The CELDT is administered to students identified as English learners annually until they are reclassified as fluent English proficient. Reclassification usually occurs in the spring. San Juan Unified has adopted a reclassification process to enable students initially identified as English learners, to exit specialized English learners services and participate without further language assistance as Fluent English Proficient Students (RREP). The progress of RREP students are monitored for a minimum of two years. For more information, call the English Learner & Multicultural Education Department at (916) 971-5382.

Seal of Biliteracy

San Juan Unified School District recognizes high school seniors for their linguistic accomplishments. The California Seal of Biliteracy is awarded to seniors who have demonstrated English competency as well as proficiency in another language by meeting rigorous criteria. Students are honored at their respective high school. For more information, contact the English Learner & Multicultural Education Department at (916) 971-5382.

Preschool and ECE Parenting Programs

The Early Childhood Education department offers a variety of programs to meet the needs of families and children ages 0-12 in our community. Programs are located on many campuses throughout the district.

- The Infant/Toddler programs serve children ages 0-3 at center based programs or during home visits.
San Juan Unified School District adult education classes are open to all community members ages 18 years and older, current high school students may attend for credit recovery with counselor and administrative approval.

Adult basic education programs offer a variety of core services including reading, writing, oral communication, critical thinking, math and numeracy, other subjects such as history, social sciences, science and technology, as well as Adult Secondary Education High School Completion, GED preparation and testing services.

**English as a Second Language (ESL)** leveled instruction is offered from beginning to intermediate. In addition to the Sunrise Tech Center campus, ESL classes are offered at some San Juan school sites.

**Career Technical Education (CTE)** classes are offered in business, office occupations and allied health.

**Community Based Education** offers enrichment classes for the community. These classes are completely supported by student registration fees. Some classes offered through community based education include art and genealogy.

**Distance Learning** offers an alternative to seat based classes for students. Students meet with a teacher weekly and complete work from home. Resources for students are available on DVD, cable TV and online. Currently, distance learning programs are available for students who want to brush up on their academic skills, study for the GED examination or learn English.

Good communication is essential to a student’s success. Parents and students are encouraged to ask questions and discuss concerns promptly.

Meetings with Teachers / School Staff

Generally, the principal, teachers, counselor and other school staff are available before school and after school to provide special assistance, answer questions and help resolve concerns. It is recommended that you make appointments with school staff when possible, especially for issues that cannot be resolved quickly. If you have questions or difficulties communicating with school staff, the principal will assist you.

Voice Mail Messages / Homework Hotline

Many schools have a telephone voice mail message and a homework hotline system which can be used by students or parents. Voice mail allows parents to leave private messages for teachers at any time. You may ask your school office for voice mail numbers.

Messages Left at the School Office

Teachers and other staff members have a mailbox at the school where messages may be left.

Mass Notification System

You may receive calls, e-mails, or sms/text messages from the district's automated calling system to let you know about upcoming events, student absences, emergency situations, and important news. Occasionally, these messages may also ask you to provide feedback via the phone on an important question. This is an efficient way for schools to ask for your input and help keep you informed.

Internet / Websites

All San Juan Unified schools maintain updated websites. Visit http://www.sanjuan.edu and use the “select a school” drop down to find your school.

E-mail

All school offices and district offices have e-mail. School e-mail addresses are typically (name of school) @sanjuan.edu or e-mail may be sent to info@sanjuan.edu.

School Newsletters

Each school has a parent newsletter and many also have a student newspaper.

San Juan Parent Portal/Student Portal

The Parent Portal is a secure webpage available on the district website giving parents access to the student information system. Parents are easily able to view timely updates of transcript information and grades (secondary only), progress reports, assignments, immunization information, schedules, attendance information and much more. Via the Parent Portal, families are able to update their own contact information and some information about their students.

To access the Parent Portal visit www.sanjuan.edu and click on the Parent Portal link. You will need a PIN and Password to login. PINs and Passwords are available at the school office, Central Enrollment, or Technology Services. Parents who have a verified e-mail address on file with the school may request their login information via e-mail.

The Student Portal is a secure webpage available on the school website giving students access to the Student Information System. Students are easily able to view timely updates of assignments, progress reports, grades, graduation requirements, schedules, attendance information and course requests. Student Portal also provides interactive tools for communication between students, teachers, and parents.

To access the Student Portal visit your school’s website and click on the Student Portal link. Students will use their student ID number and a password to login. Students may request their login information from their school.

Accountability

The district as a whole and all San Juan Unified schools are accountable to the community. Published School Accountability Report Cards for each school are available online, at schools, the district office, and on the district website at www.sanjuan.edu/sarc. The report cards include a description of the school and its staff and students, community involvement, student achievement, student support services, expenditures, school facilities, class size, textbooks, and staff training and evaluation.
Support Services

Counseling

Counseling is available to assist students and their families. All high schools and middle schools have counselors on their school staff. Counselors also work regularly at some elementary schools, and counseling services are available to all elementary schools. Teachers and administrators are also trained to recognize and help troubled students. The district's unique White House Counseling Center offers free and low-cost counseling to San Juan Unified students and their families.

The White House Counseling Center is a provider through the Sacramento County Department of Mental Health and will serve Medi-Cal eligible San Juan Unified School District students referred through the county mental health process for access to children/adolescent services. Call (916) 971-7640 for information or to request counseling.

The district's Pupil Personnel Services department responds to schools with grief counseling, bullying prevention or other services as needed.

The Prevention Programs Office serves students K-12 and provides information and resources to reduce risk factors, promote protective factors and increases asset development in youth. The Prevention Programs staff provide ongoing training and support in the areas of alcohol, tobacco and other drug education and bullying prevention, as well as supporting the development of district character traits and school-wide campaigns. Please call (916) 979-8611 for more information.

Curriculum

The California Department of Education develops state frameworks and standards recommending what students should be learning in each subject area. The state also develops an assessment and accountability program that measures student progress toward the standards. The state also provides a list of approved textbooks and other materials for use in classrooms.

In the San Juan Unified School District, staff members and a citizens' committee review state-approved textbooks and classroom materials and make recommendations to the school board about which materials should be purchased and used in San Juan Unified schools. The final decisions are made by the school board at public meetings.

Textbooks and other curriculum materials, including titles, descriptions, course objectives, and academic standards are available at schools and at the district office for review by parents (Ed. Code § 49091.14). These standards describe what students are expected to know and be able to do at each grade level and in each subject. In addition, information on academic standards and assessment of student achievement is available from schools or the district office.

Families in Transition/McKinney-Vento Services

Students who lack fixed, regular and adequate night-time housing may qualify for the Families in Transition program. The goal of this program is to ensure immediate enrollment, school stability and regular school attendance for students in homeless situations. Contact (916) 979-8604 for more information.

San Juan Unified School District's Foster Youth Services program provides services to students in foster care, including advocacy, academic counseling, tutoring, educational assessment, mentoring and links to community services. In addition, San Juan Foster Youth Services provides crisis counseling, vocational training, emancipation services and training for independent living. The goal of Foster Youth Services to ensure each foster youth is provided with skills necessary to become an independent, productive member of the community. For more information, call (916) 971-7391.
Support Services

Nutrition Services

The Nutrition Services Department provides fuel for learning through meals served in the district’s schools under the National School Lunch Program and National School Breakfast Program. Menus are planned by the district’s registered dietitian to meet federal and state standards for good health.

Free and Reduced-Priced Meals
(Ed. Code § 49510; Board Policy 3553)

To improve student access to healthy school meals, free or reduced-priced meals are available to all students who are eligible. Confidential applications for free or reduced-priced meals are available after July 1 at http://nutrition.sanjuan.edu/ (English and Spanish only). The paper applications are available in English, Spanish and Russian at the Nutrition Services Department, Admissions and Family Services and at school cafeterias and offices. Applications are accepted year round, renewed annually, and only one application is needed for all students in your family. Your child will not be overtly identified, and their meal eligibility will remain confidential.

Nutrition Services Charge Policy

The Nutrition Services Department will extend credit for one day’s meal (breakfast and lunch) for elementary full-pay students. After one day of meal charges, an alternative meal will be given until the account is funded or the student brings cash to pay for the meal.

No meal charges will be allowed for secondary students. This includes 6th grade students at K-8 schools who participate in the 7th and 8th grade lunch service.

A la Carte items may not be charged. All students must pay full price when purchasing more than one meal on the same day.

Go Green Get E-mail Menus

Sign up to have your student’s menu e-mailed each month along with the monthly Nutrition Newsletter. Visit http://nutrition.sanjuan.edu/ and choose “Going Green! Menus”.

Menus are mailed on the first of each month at midnight.

For more information about the Nutrition Services Department visit http://nutrition.sanjuan.edu/ or call our office at (916) 979-8966.

Summer Fun Cafe

Each summer, Nutrition Services operates our Summer Fun Cafes through the Seamless Summer Feeding Option (SSFO) program. The SFO is a federal program that encourages public school districts and county offices to provide free meals in low-income areas during summer. Sponsors receive federal reimbursement for each meal served. There is no enrollment, no paperwork and no income requirements for children ages 18 and under to receive a free breakfast of lunch. Children do not have to be enrolled in San Juan Unified School District to participate in the program.

Nutrition

The Nutrition Services Department believes that students learn nutrition education through their mouths and through their minds. All meals follow high nutrition standards through the School Breakfast Program and National School Lunch Program. All elementary and middle schools feature a salad bar with a variety of fresh fruits and vegetables offered daily. We have developed a Nutrition Education program for the Nutrition Services Department to partner with schools to facilitate education about healthy lifestyles. This partnership offers grade-appropriate nutrition resources/lesson plans, events, taste testings and assemblies available to all teachers for hands-on learning to integrate math, writing and science skills with nutrition.
Health Examination Requirements
(Health and Safety Code § 124105)

State law requires parents or guardians of first grade students, upon enrollment, to provide a certificate of health examination or sign a waiver for a health exam. The health exam may be given up to 18 months before or within 90 days after entering first grade. Parents/guardians are encouraged to obtain the health exam simultaneously with immunizations.

Exemption from Physical Examination
(Ed. Code §§ 49403, 49450-49451)

The district will cooperate in measures necessary for the prevention and control of communicable diseases. A physical examination will not be given to a student whose parent or guardian requests this exemption in writing.

Administration of Medication
(Ed. Code §§ 49423-49425; Board Policy 5141.21)

A designated school employee may administer medication (prescription and over-the-counter) during the school days only upon written request of both the physician and parent(s) or guardian, detailing the method, amount and time the medication is to be taken.

Medication will be administered only to students whose parent or guardian and physician deem it necessary for potentially life-threatening medical conditions or for those who need medication administered during the school day in order to interact appropriately at school. Authorization forms for medication are available in each school office and on the district’s website. Authorization forms must be renewed annually, and are in effect from August 1 to July 31 of the following year.

Medications must be brought to the school office in their original container. Parents or guardians are encouraged to ask the student’s physician to prescribe long-acting medication, if possible, so that medication does not need to be given at school.

Continuing Program of Medication
(Ed. Code § 49480)

State law requires that parents or guardians notify the school when their student is on continuing medication for a non-episodic condition (such as asthma, hyperactivity, diabetes, epilepsy).

Support Services

Immunization Requirements
(Ed.Code §§ 49403 and 48216; Board Policy 5141.3)

State law requires that for unconditional admission to school, all students under 18 must be fully immunized according to requirements of the state Department of Public Health.

Immunizations required for admission to kindergarten:

- Polio - 4 doses
- DPT-Diphtheria / Pertussis / Tetanus - 5 doses
- MMR-Measles / Mumps / Rubella (3-day measles) - 2 doses
- Hepatitis-B - 3 doses
- Varicella (Chicken Pox) - 1 dose

Immunizations required for admission to 7th grade:

- MMR – two injections, if not received at a younger age
- Hepatitis-B – series of three injections, if not received at a younger age

Immunizations required for admission to 7th-12th grades:

- Tdap - one dose on or after 7th birthday

All other entering students not fully immunized according to district policy and the schedule provided by the state Department of Health Care Services may be admitted only on the condition that they obtain any additional immunization(s) within specified time periods. Students may be exempted from the immunization requirement for medical reasons or for personal beliefs. Parents or guardians must sign a waiver to obtain this exemption. A physician must submit verification for medical reasons. Students who do not comply with the requirements shall be excluded from school. In the event of an outbreak of a disease for which the student has not been immunized, he or she may be excluded from school for the period of communicability.

If you have questions about your student’s immunization record and/or admission status, please contact your student’s school.

Contagious or Infectious Disease
(Ed. Code 49451), Board Policy 5112.2

A student may be sent home if he or she is believed to be suffering from a recognized contagious or infectious disease. The student shall not be permitted to return until school authorities are satisfied that the student is no longer contagious or infectious.
Guidelines for Management of Life-Threatening Allergies
(Ed. Code §§ 49403, 49414, 49423, 49423.5 and 4923.6. Board Policy 5141.21. California Code of Regulations Title 8: 5193)

San Juan Unified School District is aware that anaphylactic reactions, most often caused by exposure to substances to which a student is allergic, can be life threatening. The sources of these allergens are typically food, medicines, insects and latex. The risk of accidental exposure to these allergens can be reduced in the school setting when school staff, students, parents or guardians, and physicians work together to minimize risks and provide a safe environment.

When a student has a life-threatening allergy, it is the responsibility of the parent or guardian to inform the school staff of the student’s allergic condition. The student’s physician will establish specific treatment procedures and provide these to the school. School staff will be made aware of these procedures and be knowledgeable about the location of necessary medications and their administration. Training shall be provided to school site staff to recognize the reactions, follow the written procedures and be aware of the District’s guidelines regarding life-threatening allergies.

District staff will work with parents or guardians on an individual basis to accommodate the needs of the student with allergies/potential anaphylactic reactions. The goal for these students is to diminish the risk of accidental exposure to their specific allergens.

Undiagnosed Anaphylaxis (Ed Code § 49414; SB 1266)

Current law (SB 1266) now requires schools to provide emergency epinephrine for individuals who may be experiencing anaphylaxis. Anaphylaxis is a severe allergic reaction which can occur after exposure to an allergen, an insect sting or even (rare) after exercise. Without immediate administration of epinephrine and summoning Emergency Medical Services (911), death could occur. Certain individuals may experience anaphylaxis that have no known previous history to an allergy and therefore, may not have their own prescription.

Legislation allows for a school nurse or a trained volunteer to administer an epinephrine auto-injector to an individual who is exhibiting potentially life-threatening symptoms of anaphylaxis after exposure or ingestion of an allergen. Training will be provided to the volunteer on signs and symptoms of anaphylaxis, how to administer the epinephrine auto-injector, calling EMS (911) and any follow up documentation or actions required.
San Juan Unified School District, in cooperation with the California Departments of Health Care Services and Education, has a program to allow the district to be reimbursed with federal Medicaid dollars for selected health services (such as health treatments and health assessments) provided to eligible students at school. In accordance with Local Education Agency rules and guidelines, we are notifying you that eligible student records may be forwarded to the district’s billing agency.

These records will be forwarded in a confidential manner. Our vendor holds a contract with the district that contains a specific confidentiality clause to ensure information is not disclosed inappropriately; further, our vendor is HIPAA compliant (Federal Health Insurance Portability & Accountability Act). School health services currently provided to all students will not be changed by this program. Students will not be denied services they require to attend school, and parents and guardians will never be billed for services by the San Juan Unified School district.

**Wellness / Nutrition Policies**
(Ed. Code § § 38085, 49430-49436, 49490-49493, 49500-49505, 49510-49520, 49530-49536, 49547-49560, 49570, 51222-51223), Board Policies 3550, 3553, 3554, 5030, 6142.2, 6142.7)

The District Coordinated School Health Council reviewed and revised the San Juan Unified School District Wellness Policy in early 2015. The revisions include new requirements under the U.S. Department of Agriculture (USDA) Healthy Hunger-Free Kids Act of 2010. The revisions also include new “USDA Smart Snacks” guidelines that restrict the sale of non-nutritious foods and beverages on school campus. The USDA is expected to release additional Wellness Policy requirements regarding the implementation and monitoring of Wellness Policies in 2015. For more information about the Coordinated School Health Council and District Wellness Policy, visit: www.sanjuan.edu/cshc.

**Student Health Information**

Health Services personnel (school nurses, LVNs, or health assistants) are not generally available on school campuses. Nurses are available on an itinerant basis to assess the health needs and supervise the health care of special-needs students, and to administer health screenings (vision, hearing, and scoliosis).

It is imperative that parents or guardians fully inform the office staff and each teacher who works with their student(s) regarding any significant health problems. If your student requires specialized health care during the school day, you will be scheduled to meet with a school administrator, health services personnel and other school staff to design an individual plan. It may be helpful for you to establish a “buddy system” for your student by informing a classmate about his/her condition and how to react in an emergency. For more information on emergencies and completing emergency cards, please see page 46.

**Guidelines for the Management of Diabetes**

The San Juan Unified School District is aware that the incidence of diabetes is increasing in the school age population. Safe and appropriate management of a student’s diabetes during the school day and school sponsored activities can be accomplished when school staff, parents or guardians, students and physicians work together to promote optimum diabetes management, minimize risks and provide a safe environment.

When a student has diabetes, it is the responsibility of the parent or guardian to inform the school staff of the student’s condition. The student’s physician will establish specific treatment procedures and provide these to the school.

School staff will be made aware of these procedures and be knowledgeable about the location of necessary medications and their administration. Training shall be provided to school site staff to recognize possible emergency situations, understand blood glucose monitoring, follow written procedures and be aware of the district’s guidelines regarding management of diabetes at school.

District staff will work with parents or guardians on an individual basis to accommodate the needs of the student with diabetes. California Education Code 49452.7 requires that all school districts notify parents and guardians of students entering the 7th grade about Type 2 Diabetes. This disease is becoming more common, especially in overweight teens. In fact, one in three American children born after 2000 will develop Type 2 Diabetes in his or her lifetime. The disease is related to obesity and inactivity, develops slowly, and there may be no symptoms initially, but it is treatable and preventable.

If you have any questions, please contact your School Nurse or the San Juan Unified Health Programs office at (916) 971-7643.

This information is available in over 25 languages on the California Department of Education website: www.cde.ca.gov/ls/he/hn/type2diabetes.asp

**Married, Pregnant and/or Parenting Students**

Married, pregnant, and/or parenting students retain the right to participate in any comprehensive school or educational program. The classroom setting is the preferred instructional strategy unless an alternative is necessary to meet the needs of the student and/or his/her child. Additional information regarding services to married, pregnant, and/or parenting students can be found in Board Policy 5146 located on the district website at www.sanjuan.edu and/or by contacting one of the following: 1) a counselor at your student’s school, 2) the Family and Community Engagement Office at (916) 971-7929 or 3) the Central Enrollment Office at (916) 726-5826.
Parent Education

Parent education classes are also offered through the Family and Community Engagement Department at (916) 971-7929. The district offers a variety of classes and workshops to meet the needs of our families. Our calendar of events can be found at www.sanjuan.edu/family.

**Parent Leadership Academy** (six sessions)
Classes empower families to become actively involved on district committees by gaining a greater understanding of the education system, district initiatives and parent leadership opportunities within San Juan Unified.
Appropriate for: Elementary, middle school and high school families.

**Parent University Workshops** (individual sessions)
Workshops are tailored to the needs of the participants. Topics can include but are not limited to: homework strategies, preparing for parent-teacher conferences, bullying prevention, how to use technology, attendance, ways to get involved on campus and understanding standardized assessments.

**Breaking the Code: Unlocking the secrets to success in high school, college and life** (four to five weeks)
This class is designed for middle and high school parents to take with their students. Learn about Naviance, how to stay on track for graduation and how to be competitive for college.
Appropriate for: Middle and high school families.

**Learning Solutions** (seven sessions)
Loving Solutions is a parent-training program designed specifically for parents raising difficult younger children and early adolescents. Using a behavioral model, Loving solutions is structured with group learning activities in a workbook format to maximize learning and interest. The “Steps of Success” (S.O.S) home practice assignments create a solid foundation for change in the home.
Appropriate for: Elementary and middle school families.

**Parent Project Sr** (10 sessions)
Facilitators share strategies to improve relationships with children along with ways to recognize and prevent involvement in drugs, alcohol and gangs.
Appropriate for: Middle and high school families.

**Latino Family Literacy Project** (6 sessions)
The Latino Family Literacy Project establishes a support and family reading routine to improve English language skills; it also strengthens parent/child interaction. English and Spanish classes available.
Appropriate for: Elementary families.

San Juan Unified welcomes the participation and partnership with parents or guardians, staff, students and community members in developing, implementing and evaluating core and categorical programs. The district ensures the participation of parents on advisory councils and committees to discuss district issues.

In support of improving student academic achievement, a district committee including parents from representative subgroups along with district personnel jointly developed the district’s parent involvement policy. The district’s parent involvement policy describes the district’s expectations for parent involvement and explains how the district will involve parents in specific parent involvement activities that will support student achievement. The district will conduct an evaluation of the content and effectiveness of the parent involvement policy every two years.

The district’s parent involvement policy is included in the district’s plan to improve student achievement and school performance. The policy has been adopted by the board of education and is available at school sites and the district office or on the district’s website at www.sanjuan.edu. The policy is available in Spanish, Russian and Ukrainian.

Each school in the district works with its parents to jointly develop its own school parent involvement policy. Each school policy describes how the school involves parents in the planning, review, and improvement of school programs in a timely manner. The policy describes how the school provides parents with an explanation of the curriculum, academic assessment and proficiency levels that students are expected to meet, and about opportunities to participate in decisions relating to the education of their children. The school parent involvement policy is reviewed annually and approved by its site council and the board of education as a part of a school’s improvement plan.

In addition, each Title I school conducts annual meetings to inform parents of participating students about the requirements of Title I; their rights to be involved in the planning, review and improvement of the Title I programs; and about the parent involvement policy.

As a part of its parent involvement policy, each Title I school has a Home-School Compact that has also been jointly developed and approved by each school’s site council as a part of the school plan. The compact is distributed to the parents of participating students describing the school’s responsibility to provide a high-quality curriculum and instruction; the parent's responsibilities to monitor, support, and improve their children’s learning; and the importance of ongoing communication between parents and teachers through annual conferences, reports on student progress, access to staff, and opportunities to volunteer and participate in and observe the educational program. The district supports the following activities and groups:
Volunteers

The district values the assistance of parent and community volunteers in such roles as classroom assistants, art docents and reading tutors. Use of volunteers in service to the school district must comply with laws and other rulings, including tuberculosis screening and fingerprinting. Volunteers also may be asked to complete a volunteer information form or driver form. The district welcomes volunteer improvement projects (self-help projects) that enhance the classroom or school, meet a specific need, comply with safety and building codes, do not significantly increase district maintenance requirements and do not conflict with employee labor agreements.

Volunteers need to have assigned duties from a certificated staff member and should work with that person on a schedule that meets the needs of the students. If you are interested in volunteering in any capacity, please contact your school principal.

Visitors

Parents and others may visit district schools. However, for the safety of our students, all visitors must check in at the school office when they arrive at the school and wear a school identification badge while on campus.

Services for Deaf and Hard of Hearing Parents

The district will provide sign-language interpreters to parents who are deaf or hard of hearing for parent conferences and other events. There is no cost for this service. To request a sign-language interpreter please contact your school office two weeks prior to the event/meeting date to allow adequate time for scheduling.

District Parent Center

San Juan Central, the district’s centralized enrollment center, offers parents access to online information and a computer center for parents. There is a clothes closet located at the site for families who need assistance with clothing. Eligible families receive food support as a result of an agreement with Foodlink. There is also an immunization clinic located at the site. Call (916) SAN-JUAN for information. San Juan Central is located at 3700 Garfield Ave. Carmichael, CA.

This webpage is a good resource for families looking to support learning at home, as well as to access community resources: http://www.sanjuan.edu/family.

School-Level Involvement

Parent organizations, school site councils, gifted, English Learner Advisory Committees and Parent Advisory Committees, are some of the activities parents can become involved in at the school. These groups provide support and feedback that shape school programs.

Superintendent’s Parent Advisory Council (SPAC)

The superintendent meets with parent representatives from each school throughout the school year. You can find out more online at http://www.sanjuan.edu/spac.

Parent Advisory Committee

Parent liaisons from each school are encouraged to attend and participate in the monthly Parent Advisory Committee meetings. Parent liaisons receive information, training, review and recommend policy related to parent involvement. Monthly meetings keep members informed about district programs. Call the Family and Community Engagement Department at (916) 971-7929 for information.

Citizens Oversight Committee for Facilities Repair

Voters approved Measure S in 1998, Measure J in 2002 and Measure N in 2012 providing the funding to repair and modernize schools throughout the district. A Citizens Oversight Committee was established to make sure that the bond proceeds are spent wisely and only on facilities. The committee meets quarterly to visit school sites under various phases of construction and to review project and budget status reports. Dates, times and locations of meetings are posted on the district’s website www.sanjuan.edu/bonds.

Special Education

The Community Advisory Committee for Special Education (CAC) assists the district in coordinating community resources related to special education and advises the district on special education issues. Monthly meetings keep members informed about programs and legislation. Call (916) 971-7953 for information.

School-to-Career

The School-to-Career Advisory Board includes representatives from business, industry, and government as well as parents, teachers and administrators. For information call (916) 971-7163 or visit www.sanjuan.edu/.

Support Services
**Support Services**

**Gifted and Talented Education (GATE)**

The district GATE Steering Committee includes parents, administrators and students. The committee reviews and recommends board policy for planning, implementing and evaluating the GATE program and serves as a parent advocate group. Call (916) 979-8049 for information.

**English Learner Advisory Committee (ELAC)**

A school site with 21 or more English learners has a functioning English Learner Advisory Committee (ELAC).

The ELAC advises the school site council on the development of the Single School Plan for Student Achievement. They also advise the principal and staff on the school's program for English learners. In addition, the ELAC assists in development of the school's needs assessment, language census (R30LC), and helps to make parents aware of the importance of regular school attendance.

The English Learner Advisory Committee receives training, planned in full consultation with committee members, to assist members in carrying out their legal responsibilities.

**District English Learner Advisory Committee (DELAC)**

Whenever 51 or more English learners are enrolled in a district, the district establishes a functioning District English Learner Advisory Committee (DELAC). Each school that has 21 or more English learners will elect one representative from their English Learner Advisory Committee to serve on the District English Learner Advisory Committee.

The DELAC meets several times during the school year. The DELAC has the opportunity to advise the San Juan Unified School Board of Education on the English learner master plan, needs assessment, district goals and objectives, development of a plan to ensure compliance with any applicable teacher and instructional aide requirements, administration of language census, review and comment on the reclassification procedure, and review and comment on the written notifications to be sent to parents or guardians.

Ongoing training is provided for this committee once a year in full consultation with committee members, appropriate to assist members in carrying out their legal advisory responsibilities.

(Ed. Code § 62002.5, 52176(a); 5 CCR 11308(d); 20 USC 6312(g)(4))

**Undocumented Students**

Any child whose family resides in San Juan Unified is guaranteed access to a free public education. No family will be denied access to school because of their immigration status.

**Translation/Interpreting**

Parents or guardians may request free individual translation of interpretation services at their school site and/or at a district department. Every effort will be made to provide adequate translation and interpretation services. If you have a concern about translation/interpretation services, you may complete a feedback form in your home language and return it to your school's main office. The feedback form can be obtained at school sites or at the English Learner Department at the district office. For more information or assistance, Please contact our English Learner & Multicultural Education Department at (916) 971-5382.

**Student Progress Reporting**

San Juan Unified educators use many ways to keep parents informed of their student's progress. The reporting system includes report cards, assessments of student progress on academic standards, progress notices and individual and group parent-teacher conferences.

At Back-to-School Night parents are introduced to teachers, class and school rules, policies and procedures, school programs and personnel. Parents also may be given grade-level student expectations and academic standards by subject.

**District Academic Standards**

The district will be collecting and reporting to students and parents information about the students' ability to perform according to the Common Core State Standards (CCSS) describing what students should know and should be able to do. This information is based on student performance on the California Assessment of Student Performance and Progress (CAASPP) Tests, and/or California Alternative Performance Assessment, as well as district and classroom assessments.

Parents may request copies of the academic standards from the school. More information about CCSS is available online at [www.cde.ca.gov/re/cc/](http://www.cde.ca.gov/re/cc/)
Elementary School Reporting to Parents

(Parents of sixth grade students at middle schools will need to check with their individual school for reporting guidelines.)

Elementary school reporting includes:

First Trimester - Back-to-School Night; individual parent conferences, student report cards

Second Trimester - Student report card, parent conference as needed if student is working below grade level standards, quality of work is unsatisfactory, or parent requests a conference

Third Trimester - Student report card, parent conference as needed (see second trimester) or for new students who did not have a fall conference

Individual parent conferences are used to report student progress to parents. These conferences discuss assessment results and examples of student work, the student’s report card, each child’s individual strengths and needs, a cooperative assistance plan for the child, homework, discipline issues and parent questions and concerns.

Student progress is reported in reading, writing, listening/speaking, mathematics, science, social studies, art, music, physical education, and successful practices including grit/preserverance, exhibiting a growth mindset, demonstrating gratitude and curiosity, constructively collaborating and self discipline related to interpersonal, school work and homework. Absences or days tardy are noted on the report cards.

Although conferences can be requested at any time throughout the school year, all students receive a parent conference at the end of the first trimester.

Conferences after the second trimester can also be held for:

1. Students working below grade level standards.
2. Students who need improvement in areas of effort, social skills, or work habits.
3. Parents or guardians who request a conference.
4. New students who did not have a fall conference.

Promotion and Retention

Current laws require school districts to establish practices and procedures related to retaining students, or not promoting students to the next grade, if the student’s skills in reading and math are below grade level. The laws mean everyone needs to work together—students, teachers, parents and school staff—to make sure students are demonstrating progress and mastering the reading, writing and math standards in each grade, so students are well prepared for the next grade.

Elementary students who have very low scores in English/language arts or math are in danger of being retained. Progress notices and report cards are early notifications to alert parents of concerns. Specifically, students may be retained if they:

- Have marks of 1 or 2 in English/language arts or math
- Are not meeting district adopted grade level standards in either English/language arts or mathematics

In San Juan Unified, our goal is not to retain students, but to help students improve their reading, writing and math skills so they will not be retained. We are working hard to identify struggling students as soon as possible to provide academic support at school and during the summer through the district extended learning program. The good news is that, with regular attendance, extra support at school, and extra work at home, a student’s skills can improve dramatically.

Teachers can provide written information describing what students are expected to know and be able to do in each grade. Throughout the year, families receive report cards and graded work which indicate a student’s level of achievement.

If a student’s work is “below” grade level or if a family has concerns about a student’s progress, the family is encouraged to meet with the student’s teacher. Teachers can discuss services the district can provide and things families and students can do at home to help students improve their basic skills. The earlier we start working together, the more quickly a student can progress. For more information, contact your school principal.

A parent or guardian may appeal the decision to retain, but the burden shall be on the appealing party to show why the recommendation of the sending teacher(s) should be overruled. The appeal will be heard by the school principal, and the final appeal will be heard by the principal’s supervisor. Appeals at each level are to be acted upon within 30 days of receiving the written appeal.
Support Services

In addition to report cards, progress notices are issued halfway through the grading period during the first trimester and as needed during the second and third trimesters to parents of a student who is achieving below standards in academics or who needs improvement related to the successful practices indicated above. Students, parents and teachers can work out assistance plans for improving grades and/or behavior before the issuance of the report card. In addition, parents or guardians are encouraged to communicate with teachers through personal notes, e-mails, telephone calls and/or meetings.

Middle School Reporting

Middle school report cards are issued four times a year. A letter grade from A through F is listed for each class the student attempted. Report cards also indicate a student’s citizenship, using the symbols O (outstanding), S (satisfactory), and U (unsatisfactory) for each class.

High School Reporting

High school report cards are designed to give information on a student’s progress. Semester report cards give letter grades from A through F for each course the student has attempted, and they list the student’s cumulative grade point average and credits earned. Teachers also evaluate the student’s citizenship in class. Progress reports are issued to students on a schedule publicized in the summer mailer or available in the school office.

High school students receive a transcript by mail in January and June, showing courses, grades, and progress toward completing graduation requirements. Students and parents should work closely with counselors throughout high school to make sure graduation requirements are met. Grades can be reviewed online using the student information system.

Contact your student’s school for further information.

Safety

The San Juan Unified School District is committed to providing a safe learning environment for all students. In San Juan Unified, the majority of students attend school with no serious safety or discipline problems.

Safe Schools Partnership with Sheriff’s Department

San Juan Unified has a Safe Schools partnership with the Sacramento County Sheriff’s Department. Off-duty deputies (Safe Schools Officers) are on school campuses daily to help with prevention and enforcement. The City of Citrus Heights provides police protection and response to schools within city boundaries including dedicated school resource officers at San Juan and Mesa Verde high schools.

Plans and Teams

In addition, every school has established Safe School Teams that include staff and parents. Safe School plans are updated annually to prevent problems and ensure staff respond effectively in case of an emergency. The district’s Safe Schools program staff works with representatives from each school and district staff to assess and make recommendations for improved safety measures.

Safety Measures

Other safety measures at the schools include: strong behavior standards and enforcement, closed campuses, campus monitors, conflict resolution programs, counseling, active parent organizations, student prevention programs and an emphasis on character education. The district takes all instances of furnishing controlled substances, possession of weapons, bullying and causing physical injury to others as very serious offenses.

District employees and volunteers who work regularly with students are fingerprinted and pass background checks. All school campuses are closed. Students must have permission to leave campus during the school day and all visitors must check in at the office to obtain the principal’s permission to be on campus. All San Juan Unified schools have alarms and security cameras.

Safety Precautions After School

Parents and guardians are encouraged to become involved in safety programs at their students’ schools and to discuss personal safety with their students, particularly safety after school. Students are supervised during the school day and during participation in district-sponsored after-school programs. However, after the school day ends, San Juan Unified opens school campuses for use by the public and community groups.

If your student remains on school campus after the school day, please talk to him or her about utilizing the same safety considerations recommended in any public facility such as a shopping area or park. Parents or guardians are also encouraged to familiarize themselves with emergency plans and procedures at their students’ schools and to develop emergency plans and procedures for the home.
Support Services

School Closures

In unusual circumstances, such as severe weather, it may be necessary to close schools for the safety of students and staff. Whenever possible, the decision to close a school is made before school begins. Families will be notified by the district’s automated phone calling system. Additional information will be available on the district website and via local news media. If it is necessary to close school after the school day begins, parents and guardians will be contacted and informed on how, when and where their student can be picked up.

Safety Concerns

If you notice a potentially unsafe condition, please report it immediately to the school principal or to the school district’s maintenance/security operations division at (916) 971-7000. You may call the 24-hour Safety Tip Line at (916) 979-TIPS (979-8477) or send a text message to (916) 243-5552 to leave a message about anything that has caused or could cause a problem for students, staff or school property.

Reports may be made about safety, bullying, harassment or anything that has contributed to a student feeling unsafe and/or mistreated, or damage to school property. All calls to the tip line will be kept confidential. Reports can also be made via the district web site. Go to www.sanjuan.edu/safety, choose “Tell Someone Report a Safety Issue”

What to do if Your Child is Being Bullied

Listen and take it seriously. Maintain open communication with your child. Document dates, time and details.

Work with your child’s school to resolve the situation. Maintain open communication with school and district staff and discuss steps taken, as well as limitations due to policies or laws. The law does not allow schools to discuss the discipline of other children.

Some concerns may not fit the legal definition of bullying. School and district staff will work with you to address these issues. Help your child develop skills to act assertively, not aggressively, in a bullying situation. Do not encourage physical retaliation. Role model how to treat others with respect in the home and the community.

Megan’s Law

California’s Megan’s Law provides the public with certain information on the whereabouts of sex offenders so that members of our community may protect themselves and their children.

Penal Code section 290 requires convicted sex offenders to register their current addresses. The California Department of Justice’s website (www.meganslaw.ca.gov), provides the public with access to information on registered sex offenders residing in California.

In addition, the Sacramento County Sheriff’s Department utilizes OffenderWatch®, which is a sex offender management and community notification tool. The community can access OffenderWatch® through the Sacramento County Sheriff’s Department’s Internet website (www.sacsheriff.com). If you are a registered sex offender and a parent or guardian of a student currently attending a school in the district, you will not be permitted to act as a volunteer at school or school activities.

Emergency Communication

The district has taken steps to ensure that parents and guardians can stay informed in the event of an emergency at school. The district uses an emergency messaging system to notify parents and guardians of situations at individual school campuses. The system allows the district and schools to contact parents in a matter of minutes. This will usually be the first communication parents receive during an emergency situation. It is vital that schools have correct contact information to be sure these emergency calls can be sent.

In case of an emergency, parents or guardians and members of the community should access the district’s website at www.sanjuan.edu. Updates on critical situations will be placed on the home page.

The district views members of the media as a valuable partner in sharing information with families. Local radio, TV and newspaper websites will often carry the latest news during critical situations.

Parents or guardians are asked to use caution and good judgment when communicating directly with students via cell phone or text message during an emergency. Students engaged with cell phones may be distracted from critical instructions being given by school staff. Rumors among students are also hard to control during crisis situations. Parents and guardians should rely upon official information from the district notification system’s phone calls or by district statements to local media for accurate information.

School Walkability and Bikeability Partnership Program

The district conducts walkability/bikeability audits at elementary, K-8, and middle schools to support safe walking and biking to school, as well as encourage a healthy lifestyle.

Audits include student tallies and parent or guardian school trip surveys that assess current walk/bike travel routes and identify barriers to walking or biking to school. Audits result in an individualized school report that includes recommendations.
NOTE: This section is an abbreviated summary of the Special Education Parent Handbook. Contact the Special Education Field Office (916-971-7525) for a Parent Rights Handbook which contains complete information.

Referral and Assessment
(Ed. Code §§ 56301-56303 and 56321)

The district has programs for any child with special needs, from birth to age 22. The district coordinates efforts with the County Office of Education and local agencies to seek out students with special needs. Anyone in the community who knows of a child with exceptional needs should call their neighborhood school. The Special Education Field Office can be contacted at (916) 971-7525.

Parents who suspect that their child may have special needs should consult with the principal or resource specialist at the child’s neighborhood school about special education and the referral process. Before a child can receive special education services, an assessment of the child’s needs must be conducted with written parental consent. Staff at the school will assist the parent(s) and the student and determine whether a special education referral, assessment and/or services are necessary.

To schedule an assessment, contact the resource specialist or principal at your neighborhood school.

Individualized Education Program (IEP)

Following assessment of the student, an Individualized Education Program (IEP) team meeting will be conducted to determine the student’s eligibility for special education. Special education services may be provided in the general education classroom, resource room, special education class, or special education school. In rare cases, a non-public placement may be required.

Parents may not seek reimbursement for placing their student in a non-public program unless they provide the district with a minimum of 10 days written notice of their intent to do so. However, parents may place their students in a non-public school without seeking reimbursement anytime they wish.

Procedural Safeguards (Ed. Code § 56500)

Parents who disagree with the district’s identification, assessment, or provision of a free and appropriate public education for an individual with special needs have the right to request a due process hearing to determine if the district’s program is appropriate.

Instructions for requesting a due process hearing are included in the Special Education Parent Handbook. This document can be easily obtained at any neighborhood school by asking the principal or resource specialist, or by calling the Special Education Field Office (916-971-7525). A due process request should be sent in writing to: Special Education Division, Office of Administrative Hearings, 2349 Gateway Oaks Drive, Suite 200, Sacramento, CA 95833.
Support Services

Complaint Procedures (C.A.C. Title 5, § 3080) - Federal and state laws provide that any individual, public agency or organization may file a written complaint with the state superintendent of public instruction alleging the district has failed to follow laws governing special education and related services.

If parents believe that their child’s special education program rights may have been violated, they are encouraged to contact the Special Education department at (916) 971-7525. The parent may also contact the California Department of Education Complaint Division at (916) 327-3537. All complaints must be in writing.

Student Personal Property Insurance

San Juan Unified School District does not provide any insurance to cover injuries that students may sustain at school or while participating in athletic events. The district recommends that parents consider purchasing this type of insurance coverage for their child. By state law, any student participating in interscholastic sports must have adequate medical insurance.

In accordance with Education Code § § 49470-49472 and Board Policy 5143, San Juan Unified has arranged for parents, if they wish, to purchase student accident insurance through the Student Insurance Company. Packets are available from school offices. For benefit coverage information, call Diane Edelstein at 1-800-367-5830. Enrollment in the Student Insurance Company program is voluntary.

The district does not provide insurance coverage for the loss or damage to personal property of students. Students’ personal property is brought to school at their own risk. The district assumes no liability or responsibility for loss of or damage to personal property.

Student Testing

Throughout the school year, students at selected grade levels take a variety of achievement tests as well as local assessments. The results of these tests are used by teachers and administrators to improve student learning and by parents to help understand how their students are performing at school.

Assessing student learning is an integral part of the instructional program. Results provide valuable information to teachers, students and parents during and after the learning process. In order to ensure reliable results, access to personal items including electronic devices may be suspended during testing. Approved use of an electronic device as an accommodation or modification is the only exception.

Results from state assessments are distributed to parents by mail. School level results, where available, comprise the major component of the Academic Performance Index (API) used in the state’s accountability system. The API has been suspended for 2013-2014 and 2014-2015 cycles, as state assessments are in transition. Newly enrolling students who need to take the California English Language Development Test (CELDT) will be tested at San Juan Central Enrollment center while their parents complete the enrollment process. Additional information is available from the district’s Assessment, Evaluation and Planning department at (916) 971-7200 or at testing calendars at http://www.sanjuan.edu/testing.

Support Services

Transportation

The Transportation Department is located at 3050 Orange Grove Ave. (off Watt Avenue) in North Highlands. The telephone number is (916) 971-7076.

Visitor parking is located on the West side of the building. Visitors please check in at the front desk.

Office hours are:
7 am - 4:30 p.m. during the regular school year
6 am - 4:30 p.m. during the summer (Monday through Thursday)

Bus Transportation

Due to budget constraints, San Juan Unified only provides transportation services as mandated by state and federal law. While traditional home-to-school transportation is not available, services are still offered to identified special education students and those exercising school choice options under federal law.

If your student with special needs is new to the district, please contact the Special Education Department Field Office at (916) 971-7525 to arrange transportation services.

In order to ensure the safe transportation of your special needs child, the following procedures have been adopted:

1. Have your child ready five minutes prior to the scheduled pick up time. The driver will stop at the designated stop. If the child is not ready to be transported, the driver will continue on the route. It is your responsibility to watch for the bus.

2. If your child can not be left alone in the afternoon, please be home and ready to receive your child at the school dismissal time. Because of absenteeism, the dropoff time will occasionally vary. If no one is home, the student will be returned to school and it will be your responsibility to transport from there.

3. If you should move or have a day care change, please notify the Special Education Field Office at (916) 971-7525 as soon as possible prior to the change request. Changes may take up to five (5) days to implement.

4. Prior to the start of school on Aug. 13, 2015, your child's school bus driver(s) should contact you with the route number, the AM pick up time and the PM drop time. If you do not receive a phone call by noon on Tuesday, Aug. 11, 2015, please call the Transportation Department for the pick up and drop off times.

5. The bus driver will provide you with a Student Information sheet (“leave alone” authorization) This form allows you to inform the Transportation Department of concerns and requirements in regards to your child. Additionally, it notifies the department as to whether your child may be left without adult supervision in the afternoon.

If you wish for your child to be left without adult supervision, we must have the form at the transportation office before transportation begins on Aug. 13, 2015. Please return all appropriate paper work to the transportation office located at 3050 Orange Grove Ave., North Highlands, CA 95660.

Americans with Disabilities Act

The San Juan Unified School District is committed to achieving full compliance with the Americans with Disabilities Act. San Juan Unified does not deny the benefits of district programs, services and activities to qualified individuals with a disability on the basis of a disability, does not discriminate on the basis of disability in access to or provision of programs, services, activities of the district, or application for employment or employment to qualified individuals with disabilities, and does not provide separate, unequal or different programs, services or activities, unless the separate or different programs are necessary to ensure that the benefits and services are equally effective. San Juan Unified School District operates its programs so that, when viewed in their entirety, they are readily accessible to or usable by individuals with disabilities.

San Juan Unified School District welcomes those with disabilities to participate fully in the programs, services and activities offered to students, parents, guardians and members of the public. If you need a disability-related modification or accommodation, including auxiliary aids or services, to participate in any program, service or activity offered to you, contact the district ADA coordinator at least 48 hours before the scheduled event so that we may make every reasonable effort to accommodate you. [Government Code Section 54953.2; Americans with Disabilities Act of 1990, Section 202 (42 U.S.C. Section 12132).] The U.S. Department of Education has recognized the importance of extracurricular activities, particularly club, intramural and interscholastic athletics in the daily lives of all students including qualified students with disabilities. San Juan Unified wishes to be responsive and compliant with this law and to that end has and will implement appropriate procedures to assess a student with disabilities qualifications to participate in extracurricular activities, work with the appropriate organizations, leagues and clubs to ensure compliance, and work to provide reasonable accommodation whenever practicable and consistent with the stated purpose of Section 504 of the Rehabilitation Act and Title II of the Americans with Disabilities Act. In accordance with Section 35.106 of the Americans with Disabilities Act, all participants, applicants, organizations and interested individuals are advised and noticed that the ADA coordinator for the district is Director of Risk Management, San Juan Unified School District, 3738 Walnut Ave., Carmichael, CA 95608, Phone:(916) 971-7062.
Attendance

Attendance is very important to a student’s success in school. A student who misses 10 percent or more of a school year is considered to be chronically absent regardless if the absences were excused or unexcused. For your convenience, San Juan Unified School District has standardized the attendance policies and procedures for all grade levels.

If you have questions about school attendance or need assistance, contact your student’s teacher or principal, or call the Attendance Improvement Program at (916) 979-8604 for more information.

School Attendance Required by Law
(Ed. Code § § 48200, 48290)

Education is essential for students and for our future. State law requires that parents or guardians of children ages 6 to 18 send their children to school, unless otherwise provided by law. Parents or guardians who fail to meet this obligation may be subject to prosecution.

Reporting Absences

If a student will be absent or tardy, parents or guardians should call the school attendance number before school begins that day and for each day the student is absent or tardy. When the student returns, he or she should bring a written note signed by the parent or guardian which includes the following: notification date, student’s full name, teacher’s name(s), grade, date(s) of absence, reason for absence, as well as the name and relationship of person notifying the school. Absences not cleared within five school days will be recorded as truancy by the school.

Confidential Medical Services
(Ed. Code § 46010.1)

By law, a student may be excused from school for the purpose of obtaining confidential medical services without the consent of the student’s parent or guardian, except as provided by law.

Verification of Illness
(Ed. Code § 46011)

The statewide average absence rate for typical childhood illness is five days. San Juan Unified School District allows each parent or guardian to excuse up to 10 days per year without verification of illness from a medical professional or school employee.

Anytime your child has a doctor’s appointment and/or documentation requiring them to stay home from school, provide this immediately when your student returns to school. These absences will be recorded as verified and will not take away from the 10-day parent excused limit.

Students too ill to attend school after five days are required to bring verification of illness from a medical professional on their return to school. If your student is under the regular care of a physician for a serious or chronic condition, or he/she is directed to stay home by a medical professional before the five days are reached, you should provide the verification immediately.

Chronic Illness Form

If your student has a diagnosed chronic illness, you may receive a physician’s authorization to excuse absences for your student. The form requires the treating physician to verify the diagnosis and list symptoms that would not necessitate an office visit, but require the student to remain home from school.

With this authorization, the parent or guardian sends a note when the student returns to school listing one or more of the symptoms the physician has identified. These absences will be considered verified. The form is available at your student’s school.

Absences Allowed by Law
(Ed. Code § §46010, 48205)

It is important for parents/guardians to notify the school know whenever their student is absent. However, under state law, an absence is considered “excused” only for these reasons:

1. Illness - A child is too ill to attend school if he or she has a contagious condition, a temperature of over 100, symptoms of vomiting or diarrhea, or written orders from a doctor to stay at home. If the child is ill 10 days or more, the school will require a note from a physician documenting the child’s illness and the necessity of having the child stay home from school.

2. Due to quarantine under the direction of a county or city health officer.

3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.

4. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is no more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.

5. For the purpose of jury duty in the manner provided for by law.
6. Due to illness or medical appointment during the school day of a child of whom the pupil is the custodial parent.

7. For absences, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, or attendance at an employment conference, when the absence has been requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.

8. For the purpose of serving as a member of a precinct board for an election.

A student absent from school for the above excused reasons shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. As the teacher of any class from which a student is absent shall determine, the tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

By law, attendance at religious retreats shall not exceed four hours per semester.

Independent Study

If a child will be out of school for five or more days for an unexcused reason, parents may contact the school principal five days in advance about arranging independent study. While schools accommodate most requests, certain criteria may lead to the school denying the request, including less than five days advance notice; academic, attendance, or behavioral concerns; conflict with testing; or lack of resources required to provide the service.

Options for Students Unable to Attend School
(Ed. Code § § 48206.3-48208)

If you know your child must be absent, contact the teacher or principal in advance for assistance. Students who are unable to attend school due to serious injury or illness may be eligible for instruction at home or in a medical facility.

Home and Hospital-Bound Students
(Ed. Code § § 48206.3-48208)

Students who are unable to attend school due to serious injury or illness for a period of three weeks or more may be provided home instruction. The student’s condition must be verified by a physician. Students with mental health conditions must present authorization from a physician and a treatment plan from their therapist.

A student with a temporary physical, mental, or emotional disability who is hospitalized or receiving care in a residential health facility, excluding state hospitals, may receive individual instruction from the school district in which the facility is located. The parent or guardian is responsible for notifying the school district about the student’s need for educational services. Contact the district to obtain information about other available educational alternatives.

Truancy (Ed. Code § § 48260, 48273)

Any student who is absent from school without valid excuse three full or partial days in one school year or tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year or any combination thereof is truant. Truant students and their parents or guardians are in violation of the law and are subject to prosecution and other penalties.

Students may have driving privileges suspended or delayed (Vehicle Code § 13202.7). Habitually truant students may have work permits revoked. Seniors with “cut” periods totaling the equivalent of six days may lose graduation commencement privileges.

When school attendance is a problem, state law encourages parents or guardians to accompany their student to school and attend classes with the student.

Truancy/Excessive Absence Notification
(Ed. Code § § 48260.5, 46011)

Written notices to parents of truancy and excessive absences are required by law.

Parents or guardians will receive a letter if their student has three unexcused absences. A second letter will be sent if the student has two additional unexcused absences. The parent will receive a third letter if the student has a sixth unexcused absence. A conscientious effort will be made to hold at least one conference (either in person or by phone) with the parent/guardian and the student to review the student’s status.

An unexcused absence is any absence of more than any 30-minute period during the school day without a valid excuse as noted by law.

If a student has five days of excused absences due to illness that are not verified by a medical professional or school employee, the parent or guardian will receive a letter reminding them they have 10 days of parent or guardian verified excused absences due to illness available in one school year.
Behavior & Discipline

School rules protect the rights of all students and promote a safe learning environment. Students must be free to learn and teachers must be free to teach. Students are accountable for their behavior during school and school activities, as well as on their way to and from school and school activities and while on the school grounds at any time. Students may be required to meet academic or citizenship standards in order to participate in extracurricular activities.

Students are expected to:

- follow school rules
- follow the directions of teachers and school authorities
- show respect for the teacher and other students in the classroom
- come to class prepared to work
- stay on task for the class period
- comply with classroom rules as described by each teacher
- wear helmets when riding their bicycles

In general, students may not:

- have any weapon or dangerous object
- have, use, sell, or share drugs or drug paraphernalia, tobacco, alcohol, or other controlled or dangerous substances or intoxicants, including over-the-counter medications
- fight, harm, threaten, harass, bully or intimidate anyone
- damage or take property of others
- act in a way or wear or carry any item that is obscene, profane, offensive, degrades others, or promotes violation of laws or school rules
- defy school authorities
- leave campus without permission
- disrupt a class or school activity
- cheat or falsify documents
- participate in any gambling activity
- use pagers, headsets, or other electronic communication devices disruptive to school activity
- skip school or be late to class

Searches

To ensure the health, safety, and welfare of students, school authorities and law enforcement officers may conduct searches as allowed by law. School lockers may be searched at any time. In addition, district Safe Schools Officers or law enforcement officials may use trained dogs to indicate the presence of drugs in lockers, vehicles, backpacks and other locations.
Books, School and Personal Property

Books and other materials or equipment issued to students remain the property of San Juan Unified School District. All materials and equipment must be kept clean, handled carefully, and returned in good condition. In addition to other penalties, students will be required to pay repair or replacement costs for damaged or lost items.

San Juan Unified School District is not responsible for the loss, through acts of vandalism or theft, of students’ personal property, including property stored in lockers or vehicles, left at school, or confiscated from students. If students bring personal property to school, they do so at their own risk (see financial liability on page 44). Copies of school rules and discipline policies are available at each school and at the district office.

When a student is disruptive in the classroom, the teacher will first work with the student to alter that behavior. If the student continues to disrupt the learning process, he or she will be referred to other school authorities for appropriate discipline or corrective measures.

The school will notify parents or guardians, who will be expected to aid in correcting the behavior. If a student’s behavior violates school rules, the school may make recommendations, such as:

- counseling
- a parent or guardian conference
- evaluation for placement in another school or program
- written contract describing conditions for improvement
- referral to a community or law enforcement agency
- discipline, which may include:
  - restriction from participation in school activities, including recess, field trips, athletics, extra-curricular activities and graduation
  - detention or Saturday School (students bring school work to do)
  - removal from class and assignment to another school program
  - involuntary transfer to another school or program
  - suspension
  - expulsion
  - transfer to another school or program

(See student rights, page 54.)

School officials may confiscate any items not permitted on school grounds.

Suspension (Board Policy 5144.1)

Students may be suspended for violation of school or district rules or if they present a danger to the safety or health of others, or threaten to disrupt school programs. A suspension can last from one to five days. During suspension, a student may not participate in regular school classes or activities, including graduation, but may be assigned to an alternative program. A teacher may require the parent or guardian of a suspended student to attend part of the school day and meet with the principal.

A suspended student or his or her parent or guardian has a right to appeal a suspension by following district procedures. If a parent or guardian wishes to appeal a suspension, the parent or guardian has 10 school days from the first day of suspension to make the appeal. The appeal must first be made to the site principal. If a parent or guardian is not satisfied with the decision of the site principal, the parent or guardian must complete the suspension appeal form that can be obtained at the school. A parent or guardian may fax the form to Student Review and Interventions Office (fax (916) 979-8053), or deliver the form to the Student Review and Interventions Office, 3738 Walnut Ave., Carmichael, California 95608.

Upon receiving the completed form, Student Review and Interventions personnel will review the suspension appeal. During the appeal process the student will continue to serve the original suspension given by the school administration pending final disposition of the appeal process. The parent or guardian will be contacted after the decision is completed and a letter will also be mailed to the home address provided.

Expulsion (Board Policy 5144.1)

Expulsion means the student may not attend any San Juan Unified school or school activity. Expelled students will be placed in another educational program. Expulsion will be recommended for very serious offenses, such as possession of a weapon or dangerous object, causing physical injury to another person, furnishing or sale of a controlled substance, robbery, extortion, sexual assault, or battery.

If expulsion is recommended, the student will have an administrative hearing or an alternative to an administrative hearing. The board of education makes the final decision to expel a student. During the expulsion process, a student may be placed in another school program or be out of school for up to 40 school days.
## Weapons / Dangerous Objects
(Ed. Code §§ 48900 and 48915)

Students in possession of a firearm, knife, explosive, or other dangerous object will be recommended for expulsion. State law mandates expulsion for students who knowingly possess a firearm or an explosive.

## Controlled Substances
(Ed. Code §§ 48900 and-48915; Administrative Regulation 5144.1)

Students found using or in possession of controlled substances or other intoxicants will be suspended. Students providing or selling controlled substances, or substances represented to be controlled substances, will be recommended for expulsion.

## If You Use, You Lose (Ed. Code § 48902)

School authorities may refer students suspended for drug or alcohol offenses to law enforcement. A student convicted in juvenile court of drug/alcohol offenses will have his or her driving privilege delayed for one year.

Over-the-Counter and Prescription Medicines - Upon the request of a parent or guardian and physician, an authorized school employee may administer medications to a student. Otherwise, supplements of any kind, over-the-counter medication, and prescription medication are strictly prohibited and students should never bring these substances to school. Students found with these substances will be subject to discipline.

Parents or guardians are encouraged to talk to their student(s) about never taking any pill, supplement or medication unless it is given to them by their doctor, parent or guardian, or an authorized school official. Some people, at some time during their life, may have an adverse reaction to a supplement or medication.

Adverse reactions may also result if more than one medication is taken during the day, or if a medication is not taken according to directions or in the proper dosage.

## Tobacco

Smoking is prohibited in all district buildings, outside on district property, and during outside activities such as concerts and sporting events on district property. Students who use or are in possession of tobacco or nicotine products or delivery devices such as electronic cigarettes are subject to discipline.

## Parental Class Attendance
(Ed. Code § 48900.1)

Schools that suspend a student for committing an obscene act, engaging in habitual profanity or vulgarity, disrupting school activities and/or defying school authorities may request that the student's parent or guardian attend the class(es) from which the student was suspended.

## Teacher Notification (Ed. Code § 49079)

School administrators are required to notify teachers for three school years of any student who has been suspended or expelled for any reason except tobacco use.

## Discrimination and Sexual Harassment
(Ed. Code § 48900.2; Board Policy 5145.7)

The district has strict policies against harassment, discrimination, and sexual harassment. Teachers will discuss these policies with their students in an age-appropriate way. Violations may result in suspension or recommendation for expulsion.
Pupil Disciplinary Guidelines

School District Responsibilities

A pupil shall not be disciplined, suspended or recommended for expulsion unless the superintendent, a designee or the principal of the school in which the pupil is enrolled determines the pupil has violated one or more parts of the California Education Code. A pupil may be disciplined, suspended or expelled for acts enumerated in the California Education Code that are related to school activity or school attendance occurring at any district school or within any other school district, including, but not limited to, any of the following: while on school grounds; while going to or coming from school; during the lunch period whether on or off campus; during, while going to or coming from a school-sponsored activity.

Student Responsibilities

All pupils shall comply with the regulations, pursue the required course of study, and submit to the authority of the teachers of the schools (California Education Code section 48908).

Parent or Guardian Home Interventions

When Pupil is Suspended

Please make the home suspension a teachable moment for your student. Consider the following strategies: Request homework and missed assignments for the period of suspension (it may take teachers a day or two to put this work together for you). Make sure the pupil completes any missed assignments. During the suspension, try to make this time as boring as possible so they won’t want to be on suspension again. Provide adult supervision on the day(s) of suspension. Limit or restrict access to television, phone, Internet, video games and friends. Help the pupil think of other ways they could have dealt with the situation. Pupils are less likely to get into trouble when they are involved in positive activities. Find something the pupil likes and get them involved (sports, arts, youth groups, drama, etc.). Connect with community resources to help the pupil - see www.211Sacramento.org or ask a school counselor/administrator. The goal of suspension is for the pupil to learn from their mistakes and not repeat them.

Definitions

Suspension: is the removal of a pupil from the classroom for disciplinary reasons for a defined period of time. A principal or designee may suspend a pupil for up to five days. A suspension may be extended under certain conditions. Pupils placed on home suspension are not permitted on or near the school campus, nor are they allowed to participate in any school activities during suspension.

Expulsion: as ordered by the board of education, is the removal of a pupil from all schools in the San Juan Unified School District for violating the California Education Code. The expulsion is for a defined period of time not to exceed one calendar year.

Brandishing: is to wave a weapon menacingly.

Assault: is an unlawful attempt, coupled with present ability, to commit a violent injury on the person of another.

Battery: is any willful and unlawful use of force or violence upon the person of another.

Serious bodily injury: means a serious impairment of physical condition, including, but not limited to, the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement.

Self-defense: to establish the defense, the person must be free from fault or provocation; must have no means of escape or retreat; and there must be an impending peril.

Terroristic threat: shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out.

Bullying: any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils as defined in Education Code section 48900.2, 48900.3, or 48900.4, directed toward one or more pupils that has or can be reasonably predicted to have the effect of one or more of the following:

1. placing a reasonable pupil or pupil in fear of harm to that pupil's or those pupils' person or property
2. causing a reasonable pupil to experience a substantially detrimental effect on his or her physical or mental health
3. causing a reasonable pupil to experience substantial interference with his or her academic performance
4. causing a reasonable pupil to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by a school.
Electronic act: is the transmission, originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

1. a message, text, sound or image.
2. a post on a social network website including, but not limited to:
   a) posting to or creating a burn page. (Burn page means a website created for the purpose of having one or more of the effects listed in the definition of bullying.)
   b) creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in the definition of bullying. (Credible impersonation means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed that the pupil was or is the pupil who was impersonated).
   c) creating a false profile for the purpose of having one or more of the effects listed in the definition of bullying. (False profile means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile).

Notwithstanding an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet. “Reasonable pupil” means a pupil, including, but not limited to, an exceptional needs pupil, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her exceptional needs.
The K-12 Pupil Behavior Guidelines are designed to allow school administration to assess incidents on an individual basis, and to issue pupil discipline that is age appropriate and based on a progressive discipline model.

Under California Education Code section 48900.5(a), “Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil’s record, which may be accessed pursuant to Section 49069. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended, subject to Section 1415 of Title 20 of the United States Code, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil’s presence causes a danger to persons.”

School site administrators may use discretion when warranted to provide other means of correction to suspension and/or expulsion.

Computer Use

Except as required, the use of school computers and access to the Internet is a privilege. Students who do not follow the rules may be disciplined, and may lose computer privileges. When students use school computers, they agree to follow:

- the directions of teachers and school staff;
- rules of the school and school district; and
- rules of any computer network they access.

Students also agree to be considerate and respectful of other users and to follow these rules:

- use school computers for school-related education and research only
- do not use school computers and networks for personal or commercial purpose
- do not change any software or documents (unless it’s a collaborative project or you have been given explicit permissions to edit or modify)
- do not produce, distribute, access, use, or store information which:
  - is prohibited by law, the district or school rules;
  - violates copyright laws;
  - is obtained by trespassing in private or confidential files;
  - would subject the district or individual to liability (such as defamatory information);
  - is obscene, pornographic or sexually explicit;
  - causes delay, disruption, or harm to systems, programs, networks or equipment;
  - is otherwise prohibited in the workplace or on a school campus.

The district has Internet safety resources available to students and the public on the district’s website. There is information about appropriate online behavior, including interacting with other individuals on social networking websites, in chat-rooms, and cyberbullying awareness and response.

Dress

Each school establishes its own dress code. Pasteur, Sylvan, and Will Rogers middle schools and Dyer-Kelly and Howe Avenue elementary schools have school uniforms. Parents may contact these principals to discuss assistance with or alternatives to school uniforms. Students must conform to the general dress code policy of the school.

All students are expected to dress appropriately for a K-12 educational environment. Any clothing, hairstyles, or hair color that significantly interferes with or disrupts the educational environment, unless protected under the freedom of speech laws, board policy or administrative regulation (see, e.g., BP and AR5145.2) is unacceptable. Clothing, jewelry, and personal items (backpacks, fanny packs, gym bags, water bottles, etc.) with language or images that are vulgar, sexually suggestive, discriminatory, obscene, or libelous, or that promote illegal or violent content, such as the unlawful use of weapons, drugs, alcohol, tobacco, or drug paraphernalia, indicates membership in or promotion of a gang, or clothing that contains threats, is prohibited. Clothing should fit, be neat and clean, and conform to standards of safety, good taste, and decency. Clothing that exposes cleavage, private parts, the midriff, or undergarments, or that is otherwise sexually provocative, is prohibited.

Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. Each school site may adopt rules that specify the types of sun-protective clothing that students will be allowed to wear outdoors and specify the types of clothing and hats that may be “inappropriate.” (Ed. Code § 35183.5)

San Juan Central has a clothes closet located on the site at 3700 Garfield Avenue in Carmichael. The San Juan Central Clothes Closet is run by parent volunteers. All clothing donations are accepted and will be provided to district families who have a need for such items. Please call 916-SAN-JUAN (916-726-5826) to confirm the hours open to the public.

Financial Liability

Parents or guardians are responsible and shall be held financially liable for acts of willful misconduct, including vandalism, by their minor children. Students known to be involved may be suspended and/or expelled and subject to criminal charges. In addition, the district may withhold a student's grades, diploma, and transcript until restitution for damages is made or, if the minor and parents are unable to pay, upon completion of the performance of voluntary work in lieu of payment of monetary damages.

Parents or guardians shall be liable to the district for all property belonging to the district that is loaned to the minor student and not returned upon demand for return.

Consent Procedures

Emergency Cards (Ed. Code § 49408)

Your child’s school must have information on file to assist staff in contacting the appropriate persons in an emergency. Parents or guardians must fill out the cards completely on both sides, including all pertinent health information and telephone numbers to call in an emergency. Please fill out and return the cards to your child’s school as soon as possible.

The information on emergency cards will be treated as confidential, except for student directory information. If there is a change of address or phone number for any person listed on the card during the school year, please notify the school immediately.

Military Recruiters

Federal law permits military recruiters access to the names, addresses and telephone numbers of secondary school students. Parents may request that this information not be released without prior written parental consent. Such a request is usually made at the point of enrollment, but may also be submitted in writing to the Department of Admissions and Family Services/Records Division. Attention: Custodian of Records.

Health Instruction Which Conflicts with Religious or Moral Beliefs
(Ed. Code §§ 51240-51246)

The educational program in some classes at some grade levels may include instruction about health. If topics covered during this instruction conflict with your religious or moral beliefs, you may advise the principal of your school, in writing, not to include your child in this phase of the instructional program.

Students’ Right to Refrain from Harmful or Destructive Use of Animals
(Ed. Code § 32255; Board Policy 5145.8)

Students may, with written parental consent, ask to be excused from participation in activities they feel would constitute the harmful and destructive use of animals. If possible, the teacher will develop an alternate way for the student to obtain the same knowledge, information, or experience.

Photos & Media Access to Students

Parents or guardians may opt-out of having their students’ photograph or video recording used in district materials including newsletters, brochures, websites and video used on the Internet or in other venues by completing an opt-out form available online (http://www.sanjuan.edu/photopolicy) or at school offices. The opt-out form must be filed with the school principal each school year and remains valid through the end of the school year.

If you file an opt-out form, we will also request news media not interview your student or film/photograph your student. While our local news media typically honors such requests, the district does not have the legal authority to prevent your student from talking with media before or after school or dictating who media outlets film or photograph. You are encouraged to have a discussion with your student about your wishes should the media wish to interview them about controversial subjects.

Students, parents and visitors should be aware that public events such as athletic competitions or student performances may be filmed by news media or other parties.

Please refer to the section on student directory information located on page 48 for additional information.

Sex Education, Venereal Disease & AIDS
(Ed. Code §§ 51930-51938 and 51202; Board Policy 6142.1)

Family life education programs are offered in grades 4, 5, and 6 at the elementary level, as part of 7th grade science/health and P.E. instruction at middle school, and in health and safety classes in high school. Individual schools determine the time of year that these programs are presented. Prior to providing instruction in the areas of health or sex education, parents will be notified in writing by the school. You have the opportunity to review and evaluate the written and audiovisual materials in advance.

No child in grades 4-6 may attend instruction unless a signed consent form has been received by the school. No child in grades 7-12 may be excluded from instruction unless the parents or guardians have requested in writing that their child not receive sexual health education or HIV/AIDS prevention education.

Movies/Videos

Only approved movies or videos which further learning objectives may be shown in classrooms. No R-rated movies or movies with offensive language, violence, or sexual inference will be shown in elementary schools or middle schools. In high schools, four R-rated movies about historically significant events may be shown to
students who have obtained written parent permission: Schindler's List, Joy Luck Club, Last of the Mohicans, and Glory.

Teachers preview audiovisual materials used in class, select materials that comply with district policies, and submit a movie/video use form, which must be approved by the principal or designee prior to the use of such material.

Guidance on Constitutionally Protected Prayer in
Public Elementary and Secondary Schools

The San Juan Unified School District hereby certifies that we do not have any policy that prevents, or otherwise denies participation in, constitutionally protected prayer in public schools as set forth in the “Guidance on Constitutionally Protected Prayer in Public Elementary and Secondary Schools” which can be found online at http://www.ed.gov/policy/gen/guide/religionandschools/prayer_guidance.html

Computer Network Access

Board Policy 0440.1

This section contains important information about your student’s use of school computers and access to computer networks. Please read the information carefully and discuss it with your student(s).

San Juan Unified provides Internet access. Students using Internet may have access to e-mail, public domain software, discussion groups, university libraries, Library of Congress, information and news from research institutions and more.

However, some information on the Internet may be considered inappropriate for young people. San Juan Unified has no control over information available on the Internet and is limited in its ability to control access by students to inappropriate information. If you do not want your student to have access to the Internet, you must make that request in writing to the principal of any school your student attends.

Parents or guardians are encouraged to discuss their expectations for appropriate activities on the Internet with their children. Using computer services, it may be possible for a student to purchase goods and services for which the parent may be liable. The district is not responsible or liable for a student’s use of or access to the Internet that is in violation of the district’s rules, nor for lack of access to the Internet, nor for accuracy of information received.

Except as required, the use of school computers is a privilege which may be revoked at any time. It is important to understand that work on school computers is not private or protected. Use of district computers, computer networks, and the Internet does not create any expectation of privacy.

The district reserves the right to search any information sent, received, or stored in any format. The district is not liable for damage to or loss of students’ work maintained in computer files. Parents or guardians have the right to examine their child’s file if the information is accessible. We appreciate your assistance in ensuring that students use computers appropriately.

Information & Records

Privacy and Access

(Ed. Code §§ 49060-49078, 49408 and FERPA)

Federal and state laws grant rights of privacy and access to students and to their parents or guardians. Full access to all personally identifiable written records maintained by the San Juan Unified School District must be granted to:
1. parents or guardians of students under the age of 18;
2. parents or guardians of students age 18 or older if the student is a dependent; and
3. students who are 16 years and older, have completed 10th grade, or are enrolled in college.

Parents or guardians or eligible students may review their individual records by making a request to the principal. Requests should be made in writing by the person(s) authorized to have access to the student record. Access will be provided not later than five business days following the date of the request. The principal will see that explanations and interpretations are provided, if requested.

Parents, guardians or eligible students may seek to challenge any part of an individual record they believe is inaccurate or for other reasons specified by law. They may receive a copy of the records at the district established cost per page per page. District policies and procedures relating to types of records, logs, kinds of information retained, persons responsible for records, directory information, persons and organizations permitted access to student information, and procedures to challenge records are available through the principal or from the district’s Custodian of Records at (916) 979-8875.

When a student moves to a new district, records will be forwarded upon the request of the new school/school district. At the time of transfer to a California district, the parent, guardian or eligible student will be notified by the receiving school district and may review/receive a copy (at the district established cost per page) and/ or challenge the records.

Student records are maintained and destroyed in accordance with applicable federal and state laws and district policy and administrative regulations. It is the practice of the district to destroy all student records, except for the high school transcript and immunization records, five years after the student is no longer enrolled in the district.
If you believe the district is not in compliance with federal regulations regarding privacy, you may file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, D.C. 20202-4605.

Access to student records will also be granted to school officials within the San Juan Unified School District who have a legitimate educational interest. A school official is a person employed by San Juan Unified as an administrator, supervisor, teacher, or support staff member (including health, counseling, or psychological services staff); a person or company with whom the school or district has contracted to perform a special task (such as an attorney, law enforcement unit personnel, auditor, medical consultant, or therapist); A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

### Student Information
(Ed. Code §§ 49060-49078)

Student directory information may be released to parent or guardian organizations, the news media, law enforcement agencies, alumni associations, military recruiters, and colleges and universities. Student information which is released may include the following: student’s name, grade level, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weights and heights of members of athletic teams, dates of attendance (entry and withdrawal), degrees and awards received, the most recent previous educational agency or institution attended by the student, and other similar information. To request that student information as described above is not released, deliver written notice to the Admissions & Family Services department: Attention Custodian of Records.

In addition, photographs and video of students may be taken occasionally for district and school communication purposes, including district publications, the district website and district-produced videos. To request that images of your student not be used in district controlled publications (excluding newspapers, yearbooks and other student media) return the opt-out form found at http://www.sanjuan.edu/photopolicy.

### Cal Grant GPAs

A new law that begins this year mandates that high schools submitted grade point averages of all 12th grade student be submitted electronically to the California Student Aid Commission by March 2 to be considered for a Cal Grant or Middle Class Scholarship award with the Free Application for Student Aide or California Dream Act Application, unless opted out. Students over 18 can opt out and for students under 18, the parents or guardians can opt out. Each high school has its own policies in place to opt out. To learn more about opting out, talk to your high school.

### No Child Left Behind

1. **Teacher Qualifications** - At the beginning of each school year, local education agencies receiving Title I funds must inform parents of their right to request information regarding the professional qualifications of their child’s teacher including at a minimum:
   - whether the teacher has met state credential or license criteria for grade level and subject matter taught
   - whether the teacher is teaching under emergency or other provisional status
   - the baccalaureate degree major of the teacher and any other graduate certification or degree held
   - if a student is provided services by paraprofessionals, information on their qualifications must also be available.
   - This information is available in the school office.

2. **Parents of students attending a Title I school will be notified** if their child is taught for more than four weeks by a teacher that has not met the California definition of a highly qualified teacher.

3. **Parents of English language learners can expect:**
   - to have their child receive a quality education and be taught by highly qualified teachers
   - to know that their child has been identified and recommended for placement in an English language acquisition program
   - to be provided a description of all educational opportunities available to them and to choose a different English language acquisition program, if one is available
   - to have their child learn English at the appropriate proficiency level
   - to have their child learn other subjects such as mathematics at the same academic level as all other students
   - to have their child tested annually to assess their child’s progress in English language acquisition
   - to receive notification of annual testing results and be provided full descriptions of all educational opportunities available to them, including the opportunity to apply for parental exception waivers
   - to receive information regarding their child’s performance on academic tests
   - to participate in an English Learner Advisory Committee (ELAC) if their child’s school has 21 or more English learners.
   - to advise school officials and school site council on the needs of English learners.
4. Any Title I school that has been identified for program improvement, corrective action or restructuring must promptly notify parents as follows:

- an explanation of what the identification means, and how the school compares in terms of academic achievement to other elementary schools or secondary schools served by the local educational agency and the state educational agency involved
- the reasons for the identification
- an explanation of what the school identified for school improvement is doing to address the problem of low achievement
- an explanation of what the local educational agency or state educational agency is doing to help the school address the achievement problem
- an explanation of how the parents can become involved in addressing the academic issues that caused the school to be identified for school improvement
- an explanation of the parents' option to transfer their child to another public school, with transportation provided, or to obtain supplemental educational services for the child, as applicable.

The law requires that each of the above notifications be provided in an understandable and uniform format and, to the extent practicable, in a language that the parents can understand.

5. Protection of Pupil Rights Amendment (PPRA) The PPRA gives parents and eligible students (18 or older, or emancipated minors) certain rights regarding the district’s conduct of the surveys, collection and use of information for marketing purposes, and conduct of certain physical exams. These rights include the right to:

a. Consent to federally funded surveys concerning “protected information.” If the United States Department of Education funds any part of a survey, an eligible student or parents must consent in writing before the student may provide information relating to the following categories:

- political affiliations
- mental or psychological problems of the student or student’s family
- sexual behavior or attitudes
- illegal, anti-social, self-incriminating, or demeaning behavior
- critical appraisals of student’s family members
- privileged or similar relationships recognized by law such as with attorneys, doctors, and ministers
- religious practices, affiliations, or beliefs of the student or student’s parents
- income other than that required by law to determine program eligibility

b. Opt out of certain surveys and exams - Parents and eligible students will receive notice of any of the following activities and will have the right to opt out of them:

- activities involving collection, disclosure, or use of personal information obtained from students for purposes of marketing or selling or otherwise distributing the information to others
- any protected information survey, regardless of funding
- any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent and scheduled by the school, and not necessary to protect the immediate health and safety of a student or of another student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law.

c. Inspect certain material - Parents and eligible students have the right to inspect the following, upon request, before the district uses them:

- protected information surveys of students (including instructional materials used in connection with the survey)
- documents used to collect personal information from students for any of the above marketing, sales, or other distribution purposes
- instructional material used as part of the educational curriculum.

Report Violations - Parents, guardians and eligible students who believe their rights have been violated may file a complaint with: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.

6. Notice Regarding “Persistently Dangerous” Schools:

A parent or guardian of a student in any school designated as a Persistently Dangerous School under No Child Left Behind may request the transfer of the student to another school within the district.

Persistently Dangerous Schools are designated based on state determined criteria including expulsion rates for certain offenses, gun-free schools violations, and violent criminal offenses committed against an individual student on school property. No San Juan Unified District school has been designated as a Persistently Dangerous School.

7. Education of Homeless Children. Families living in a shelter, motel, campground, or vehicle, with friends or family due to economic hardship, in a trailer park with substandard housing, a public or private place not designed for sleeping, or children awaiting foster care placement, have rights or protections under the McKinney-Vento Act, Title X, Part C of the No Child Left Behind Act. Children have the right to:
The governing board is committed to equal opportunity for all individuals in education. District programs and activities shall be free from discrimination based on actual or perceived sex, race, color, religion, ancestry, national origin, ethnic group identification, marital or parental status, physical or mental disability, sexual orientation, gender, gender identity or expression, or the genetic information, or perception of one or more such characteristics, or association with a person or group with one or more of the these actual or perceived characteristics. The board shall promote programs which ensure that discriminatory practices are eliminated in all district activities.

Annually, the superintendent or designee shall review district programs and activities to ensure the removal of any barrier that may unlawfully prevent an individual or group in any of the protected categories stated above from accessing district programs and activities, including the use of facilities. He or she shall take prompt, reasonable actions to remove any identified barrier. The superintendent or designee shall report any findings and recommendations to the board after each review.

District programs and facilities, viewed in their entirety, shall be in compliance with Americans with Disabilities Act and any implementing standards and/or regulations and readily accessible to individuals with disabilities.

The superintendent or designee shall ensure that the district provides appropriate auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program or activity. These aids and services may include, but are not limited to, qualified interpreters or readers, assistive listening devices, notetakers, written materials, taped text, Braille or large print materials.

Individuals with disabilities shall notify the superintendent or designee if they have a disability that requires special assistance or services. Reasonable notification should be given prior to the school-sponsored function, program or meeting.

Pursuant to 34 CFR 104.8 and 34 CFR 106.9, the superintendent or designee shall notify students, parents or guardians, employees, employee organizations, applicants for admission and employment and sources of referral for applicants about the district’s policy on nondiscrimination and related complaint procedures. Such notification shall be included in each announcement, bulletin, catalog, application form or other recruitment materials distributed to these groups.

The district’s nondiscrimination policy and related informational materials shall be published in a format that parents or guardians can understand. In addition, when 15 percent or more of a school’s students speak a single primary language other than English, those materials shall be translated into that other language. (Education Code section 48985, 20 USC 6211 and 6312)

As a public school district, the district is committed to maintaining neutrality toward religion, neither promoting/encouraging student participation in religious activities nor discouraging students from observing the tenets of their religious faith. To that end, the board encourages district staff to be sensitive to the accommodation of students’ religious needs so that students are able to participate in school and extracurricular activities without undue burden on the free exercise of their religious beliefs.

School staffs should be familiar with the most significant religious holy days and avoid scheduling, to the extent practicable and within their control, important school activities on those days. The superintendent or designee shall annually provide to all school
sites a calendar of major religious holy days. The school calendar should be prepared so as to minimize conflict with these religious holy days. Where conflicts are unavoidable, care should be taken to avoid scheduling on significant religious holy days activities that would be difficult to make up.

Students whose religious beliefs necessitate accommodation in some fashion are expected to inform appropriate school staff, including teachers, coaches, extracurricular advisors, or other appropriate staff, at the outset of the school year and request, in writing, such accommodation.

Teachers will work with the student to accommodate the student’s need to be absent without being penalized academically.

Accommodation should follow the rule of reasonableness, which will depend on the particular facts of each case. School administrators are directed to inform their teaching, coaching, and extracurricular staff of the provisions of this policy and oversee its implementation.

The lack of English language skills will not be a barrier to admission and participation in the district’s programs. Additional information can be obtained from staff who are bilingual in Spanish, Russian and Ukrainian, by calling the district’s English language development coordinator at (916) 971-5382.

San Juan Unified recognizes its obligation to provide overall program accessibility throughout the district for persons with disabilities. Contact the Risk Management Department (916) 971-7062, to obtain information about the existence and location of services, activities, and facilities that are accessible to and usable by handicapped persons.

Inquiries regarding federal laws and regulations concerning nondiscrimination or the district’s compliance may also be directed to:

U.S. Dept. of Education Office for Civil Rights

San Francisco, CA 94105
Phone (415) 486-5555; Facsimile (415) 486-5570

Nondiscrimination Policy on Disability (Section 504 of the Rehabilitation Act of 1973; Title II of the Americans with Disabilities Act of 1990 and the 2008 amendments; Board Policy 6164.6)

Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 and the 2008 amendments, are federal laws which prohibit discrimination against persons with disabilities in any program receiving federal financial assistance and public education systems, respectively. A student eligible to receive FAPE under section 504 is one who:

- has a physical or mental impairment that substantially limits one or more major life activities (these include such activities as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working)
- has a record of such impairment
- is regarded as having such an impairment

In order to fulfill its obligations under Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 and the 2008 amendments, San Juan Unified School District recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination including harassment against any person with a disability will knowingly be permitted in any of the programs and practices in the school system. The district has specific responsibilities under Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 and the 2008 amendments, to afford access to appropriate educational services.

If the parents or guardians disagree with the determination made by the professional staff of the district relating to the identification, evaluation, or placement of a child, there are procedural safeguards available which include the right to an impartial hearing.

Information regarding these policies and procedures may be obtained from the district’s Section 504 Coordinator, located at 3738 Walnut Avenue, Carmichael, CA 95608 or by calling (916) 971-7122.

For complaints of disability discrimination pursuant to Section 504 of the Rehabilitation Act of 1973 and/or Title II of the Americans with Disabilities Act of 1990 and the 2008 amendments, not relating to the identification, evaluation, or placement of a child, parents may file a separate complaint utilizing the uniform complaint procedures, which may be obtained from a school site administrator, or from the district’s compliance officer/General Counsel, located at the district office, 3738 Walnut Avenue, Carmichael, CA 95608 971-7110.

Disability Harassment

Disability harassment is a form of discrimination that is prohibited by Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 and the 2008 amendments. (See the section “Nondiscrimination Policy on Disability,” above).

Disability harassment may include verbal acts and name-calling; graphic or written statements; or conduct that is physically threatening, harmful, humiliating, intimidating, or abusive toward persons with disabilities, or that creates a hostile environment by interfering with or denying a student participation in or receipt of benefits, services, or opportunities in district programs. This
behavior is illegal and will not be tolerated. Students and staff found to have committed acts of disability harassment will be subject to disciplinary action.

Parents who become aware of incidents of disability harassment should contact the principal of the school.

---

**Sexual Harassment (Board Policy 5145.7)**

San Juan Unified Board of Education prohibits unlawful sexual harassment of or by any student by anyone in or from the district. The board is committed to maintaining an educational environment that is free from harassment. The board prohibits sexual harassment of students by other students, employees, or other persons, at school or at school-sponsored or school-related activities. The board also prohibits retaliatory behavior or action against persons who complain, testify, assist, or otherwise participate in the complaint process established pursuant to this policy and the administrative regulation.

Any student who engages in the sexual harassment of another student or anyone from the district may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in sexual harassment may be subject to disciplinary action up to and including dismissal.

Any student who feels that he or she is being harassed should immediately contact the principal or designee or another district administrator in order to obtain a copy of Administrative Regulation 1312.3-Uniform Complaint Procedures. Complaints of harassment can be filed in accordance with these procedures. Teachers shall discuss this policy with their students in age-appropriate ways and should assure them that they need not endure any form of sexual harassment.

The board expects students or staff to immediately report incidents of sexual harassment to the principal or designee or to another district administrator. In any case of sexual harassment involving the principal or any other district employee to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall report to the nondiscrimination coordinator or the Superintendent or designee.

The district prohibits retaliatory behavior against any complainant or any participant in the complaint process. Each complaint of sexual harassment shall be promptly investigated in a way that respects the privacy of all parties concerned. The District's Title IX coordinator has been identified as the District's General Counsel, 3738 Walnut Ave., Carmichael, CA 95608, (916) 971-7110.

**Legal Notices / Policies**

**Pest Management**

**Healthy Schools Act of 2000**

**Annual Notification Letter**

Dear Parent or Guardian,

The Healthy Schools Act of 2000 requires all California school districts to notify parents and guardians of pesticides they expect to apply during the year. San Juan Unified School District and its pest management contractors practice Integrated Pest Management (IPM) for pest problems occurring on school premises. IPM is a pest management strategy that focuses on long-term prevention or suppression of pest problems. If management of pests is required, treatment methods may include using mechanical, cultural, biological pesticides of the least toxic category.

Due to the low toxicity of most of these pesticides, many are exempt from the reporting process. It is the long-standing practice of the San Juan Unified School District to use the least toxic means available to prevent or eliminate pest control problems. When pest populations are not appropriately controlled with these exempt pesticides, the following non-exempt pesticides may be used. The pesticides listed below are in the least toxic category, category 3, Caution label only:

Name of Pesticide (Active Ingredient) Cy-Kick (Cyfluthrin); Suspend SC (Deltmethrin); Wasp-Freeze (d-trans Allethrin); Merit (Imidacloprid); Premise 75 (Imidacloprid); Termidor (Fipronil); BP-100 (Pyrethrin); Roundup (Glyphosate); Zenith 75 WSP (Imidacloprid) CB 80 Extra (Pyrafluthrin).

The district will not apply Toxicity Category 1 (Danger) or 2 (Warning) pesticides, organophosphates or carbamates, or those pesticides listed on the Proposition 65 list. A site registry will be established for those students or staff who have a medical condition or require notification prior to the use of the above materials. To receive prior notification about application at your site, please contact the Maintenance & Operations Department at (916) 971-5740 during regular work hours (school hours) and tell us you will need notification of pesticide application.

Except in emergencies, everyone on this registry will receive at least 72-hour notification prior to pesticides being applied at their school. You can find out more information regarding these pesticides and pesticide use reduction at the Department of Pesticide Regulation's website at http://www.cdpr.ca.gov. If you have any questions, please contact Bill Dunn, the District’s IPM Coordinator at (916) 971-5740.
Request for Pesticide Application Notification

School Name: _________________________________

I understand that, upon request, the San Juan Unified School District is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified before each pesticide application at this school during the 2015-2016 school year.

AHERA School Notification / Availability of Management Plans

San Juan Unified School District has a district wide asbestos containing building material (ACBM) assessment management plan. This asbestos management plan is in compliance with rules and regulations of the United States Environmental Protection Agency (EPA) and, more specifically, Asbestos Hazard Emergency Response Act (AHERA), enacted October 1987.

The management plan was developed from the physical inspections and surveys conducted from 1988 thru present, of all schools/site facilities within the San Juan Unified School District. All ACBM has been posted with warning labels to alert building occupants and maintenance personnel, who in the course of their work, may disturb the ACBM. The inspection survey and sample data was compiled into a management plan for each individual district school/site location. Each management plan is available for review at the following location:

Each school office OR
SJUSD Maintenance & Operations
6135 Sutter Avenue
Carmichael, CA. 95608

While performing 2011/2012 modernization projects, (authorized by Measure J, Measure S, and Deferred Maintenance programs) Maintenance & Operations, Facilities & Planning, and various private contractors will be disturbing ACBM throughout the district. To ensure the safety of the employees, students, and community, AHERA-certified environmental consultants and San Juan Unified School District AHERA-certified inspectors/contractors/supervisors monitor the projects where asbestos is disturbed.

Extensive documentation of all asbestos projects throughout the District can be seen at the above address at the Maintenance and Operations facility.

Any person who may have question or concern in regards to the AHERA management plan or documentation on any abatement project is welcome to call Maintenance & Operations at (916) 971-5740.

Student Rights

Students have rights, as do all citizens, under the Constitution, as well as state law and district policy. Their rights include:

• the right to be heard - students are encouraged to voice constructive criticism through appropriate channels, such as student government, student advisory committees, school newspapers, teachers, counselors, administrators, and any other channels of communication as long as that process does not substantially disrupt the orderly operation of the school. (Ed. Code § 48907, Board Policy 5145.2)
• the right to an education in a safe, clean environment
• the right to full use of class time for receiving instruction and for learning
• the right to fair, consistent, and respectful treatment by staff members and other students
• the right to a meeting before a penalty is imposed. When a student has been referred for some wrongdoing, that student should be afforded the opportunity to offer his or her version of the incident to school authorities. (Board Policy 5144.1)
San Juan Unified Board of Education is committed to equal opportunity for all individuals in education. District programs, activities and services shall be free from unlawful discrimination, harassment, intimidation and/or bullying based on actual or perceived sex, race or ethnicity, color, national origin, nationality, religion, age, sexual orientation, sexual preference, ancestry, ethnic group identification, gender, gender expression, gender identity, physical or mental disability, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics, or sexual harassment in any district service, program and/or activity that receives or benefits from state financial assistance. The board shall promote programs which ensure that unlawful discriminatory practices are eliminated in all district activities.

Any student who engages in discrimination, harassment, intimidation, and/or bullying may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in unlawful discrimination, harassment, intimidation, and/or bullying may be subject to disciplinary action up to and including dismissal.

Sexual Harassment

The district has adopted a strict policy containing rules and procedures for reporting sexual harassment and pursuing remedies and is committed to maintaining an educational environment that is free from harassment, including school, or school-sponsored or school-related activities.

The board prohibits unlawful sexual harassment of or by anyone (including students and employees) in or from the district. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical contact of a sexual nature made by someone from or in the work or educational setting. Any student who engages in sexual harassment of another student or anyone from the district may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in sexual harassment may be subject to disciplinary action up to and including dismissal.

Pupil Fees

The district shall follow uniform complaint procedures when addressing complaints alleging a failure to comply with state or federal law or regulations, including allegations that a student has been required to pay a pupil fee for participation in an educational activity, other than those fees, deposits, or other charges allowed by law.

To File a Uniform Complaint

The district is primarily responsible for compliance with federal and state laws and regulations, including allegations that a student has been required to pay a pupil fee (as defined in Education Code section 49010), for participation in an educational activity (as defined in Education Code section 49011), other than those fees, deposits or other charges allowed by law. Any student, staff member, or parent who feels that unlawful discrimination, harassment, intimidation, and/or bullying or sexual harassment has occurred should immediately contact a teacher, the school principal, or district Title IX/Compliance Officer. Copies of the complaint procedures shall be available free of charge.

Filing a Complaint: Obtain a copy of the Uniform Complaint Form from the school or Title IX/Compliance Officer. Submit the complaint form to the school principal or Title IX/Compliance Officer.

2. Investigation: The district will investigate the complaint and provide a written report of the investigation and decision within 40 days of when the complaint is filed.

3. Mediation: Mediation is optional. It involves a third party who assists the parties in resolving the dispute. If mediation is used, the time lines are extended by 30 days.

4. Appeals: If the person making the complaint disagrees with the District’s decision, he/she has five days to appeal the decision to the school district Board of Education; or alternatively, 15 days to appeal the decision to the California Department of Education.

5. A person filing a complaint may also seek civil law remedies, subject to certain time lines.

6. At any time, a complainant has the right to file a complaint alleging violations of federal laws or regulations, prohibiting unlawful discrimination, harassment, intimidation, and/or bullying based on actual or perceived sex, race or ethnicity, color, national origin, nationality, religion, age, sexual orientation, sexual preference, ancestry, ethnic group identification, gender, gender expression, gender identity, physical or mental disability, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics with the United States Department of Education, Office for Civil Rights, 50 Beale Street, Suite 7200, San Francisco, CA 94105.
Complaints will be kept as confidential as appropriate.

The district prohibits retaliation against any participant in the complaint process. Each complaint shall be investigated promptly and in a way that respects the privacy of all parties concerned.

If you have a complaint, contact a teacher, principal, site administrator, or;

Title IX/Compliance Officer
Linda C. T. Simlick
General Counsel
P.O. Box 477
Carmichael, CA 95609-0477
Telephone: 916-971-7110

For concerns that do not meet Uniform Complaint guidelines, parents can contact the Family and Engagement Department at (916) 971-7929 for assistance.

The Williams Settlement is a settlement of a class action lawsuit against the State of California claiming the State failed to provide poor and underprivileged pupils with equal educational opportunities. The Williams Settlement applies to all schools in California and addresses sufficiency of textbooks and instructional materials, facility conditions, the vacancy or misassignment of teachers, and interventions for students who have not passed the exit exam by the end of Grade 12.

Complaint Notice - Each classroom has posted the following notice:

NOTICE TO PARENTS, GUARDIANS, PUPILS, AND TEACHERS - COMPLAINT RIGHTS:

Education Code section 35186 requires that the following notice be posted in each classroom:

1. There should be sufficient textbooks and instructional materials. For there to be sufficient textbooks and instructional materials, each pupil, including English learners, must have a standards-aligned textbook or instructional materials, or both, to use in the class and to take home to complete required homework assignments.

Sufficient textbooks or instructional materials means that each pupil, including English learners, has a textbook or instructional materials, or both, to use in class and to take home, but does not require two sets of textbooks or instructional materials for each pupil.

A shortage of textbooks or instructional materials may not be addressed by providing pupils with photocopied sheets from only a portion of the textbook or instructional materials. (Education Code section 60119(c))

2. There should be no teacher vacancies (positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester) or misassignments (placing a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold). (Education Code section 35186(h)(1) and (2))

3. School facilities must be clean, safe, and maintained in good repair. Good repair means that the facility is maintained in a manner that assures that it is clean, safe, and functional as determined by the Office of Public School Construction.
4. Pupils, including English learners, who have not passed one or both parts of the exit examination by the end of grade 12 are to be provided the opportunity to receive intensive instruction and services for up to two consecutive academic years after the completion of grade 12.

5. A complaint form may be obtained at the school office, district office or downloaded from the San Juan Unified School District's website at http://www.sanjuan.edu. You may also download a copy of the California Department of Education complaint form from the following Website: http://www.cde.ca.gov/re/cp/uc/index.asp

Williams Complaints
(Administrative Regulations 1312.4)

Complaints regarding noncompliance with the Williams Settlement provisions are addressed by the district’s uniform complaint process outlined in Administrative Regulation 1312.4. Pursuant to this process, a complaint alleging any condition(s) specified in the Williams Settlement shall be filed with the school principal or designee.

Complaints may be filed anonymously. The principal or designee shall make all reasonable efforts to investigate any problem within his/her authority. He/she shall remedy a valid complaint within a reasonable time period not to exceed 30 working days from the date the complaint was received.

If the complainant has indicated on the complaint form that he/she would like a response to his/her complaint, the principal or designee shall report the resolution of the complaint to him/her within 45 working days of the initial filing of the complaint. At the same time, the principal or designee shall report the same information to the district superintendent or his/her designee.

If a complainant is not satisfied with the resolution of the complaint, he/she may describe the complaint to the governing board in open session at a regularly scheduled board meeting.

For complaints concerning a facility condition that poses an emergency or urgent threat to the health or safety of students as described above, a complainant who is not satisfied with the resolution proffered by the principal, district superintendent or his/her designee, may file an appeal to the Superintendent of Public Instruction. Complaints and written responses shall be public records.
Title I Schools
Each year the superintendent or designee shall identify specific objectives of the district’s parent involvement program for schools that receive Title I funding. He or she shall ensure that parents and guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program. (Education Code 11503)

(cf. 6171 - Title I Programs)

The superintendent or designee shall ensure that the district’s parent involvement strategies are jointly developed with and agreed upon by parents or guardians of students participating in Title I programs. Those strategies shall establish expectations for parent involvement and describe how the district will carry out each activity listed in 20 United States Code 6318 which sets criteria for developing local policies. (20 USC 6318)

The superintendent or designee shall consult with parents/guardians of participating students in the planning and implementation of parent involvement programs, activities, and regulations. He or she also shall involve parents or guardians of participating students in decisions regarding how the district’s Title I funds will be allotted for parent involvement activities. (20 USC 6318)

(cf. 3100 Budget)

The superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent involvement policy in accordance with 20 USC 6318.

Non-Title I Schools

The superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. (Education Code 11504)
