Sensational Science (6)

Fun-damental Forces  
What do gravity, inertia, and centripetal force have in common? They are all part of the fun in this introduction to physics. Feel the pull of precession with the bike wheel gyroscope, and strike the perfect balance with the Gravity Game kit.

Glow Show  
Amazing discoveries come to light with things that glow bright in the dark! Probe the properties of light and explore unusual uses of glow-in-the-dark technology—even printing money! Get a Blacklight Writer™ to make secret messages that only you can see!

Junior Reactors  
Learn to recognize chemical reactions and mix up a few reactive ingredients for some sensational results! See how matter sticks together with our hands-on tools. Create a tiny world of atoms with your own Atomic Coins take-home kit!

Science of Magic  
Learn the science behind illusions, read minds, and perform a Houdini-style escape! Amaze and amuse friends and family with the Curious Cube kit. It’s not magic—it’s science!

Science of Toys  
Discover the science behind some of your favorite toys! You have energy to play, but your toys are packed with it too! This explains yo-yo tricks, the amazing "String Thing," and much more! Further physics fun awaits you at home with your new Yo-yo!

Tantalizing Taste  
Exercise your sense of taste! Magnify your taste buds and unplug your nose. Compare flavors with your friends and try a carbonated test challenge. Sort out the scents in the Scratch ‘n Match game!

* We reserve the right to substitute equally exciting classes when necessary. *
