Principals Report

Mr. Ginter updated the council on plans for construction, which have not changed from a March start date. Parking and traffic patterns will need to change once the staging and construction begins. More information will be distributed once the specifics are worked out. Finals will be held on December 16, 17, and 18 with school being let out at 12:25 each day. Some technology leases are up next year and the site will need to determine how to proceed with the technology on campus to maximize student exposure to what we have.

Mr. Ginter had no update on the budget for the remainder of the year.
