BRIDGES is offering a 5-week summer session allowing students to engage in enrichment activities that reinforce Science, Technology, Engineering, Arts, and Math (S.T.E.A.M.) learning.

Students will also have opportunities to participate in recreation activities, service learning projects, literacy enhancement, exploring the arts, and much more!

**Power your summer with S.T.E.A.M.**

---

**Eligibility:** Students currently attending San Juan Unified School District are eligible to apply for the Bridges After-School Summer Program at one of the participating schools. Enrollment is limited and determined on a first-come, first-served basis, with priority given to students who attend the site during the regular year.

**Summer Program Fees:** A $30 registration fee and a one-time participation fee for the summer session is due at the time of enrollment confirmation. The participation fee of $30-$50 is determined using a sliding scale based on a student’s free, reduced or full lunch rate eligibility. Scholarships are available.

---

**Participating Schools**

- **Grand Oaks Elementary** (transportation is available from Carriage to Grand Oaks upon request)
- **Skycrest Elementary** (transportation is available from Kingswood K-8 and Mariposa to Skycrest upon request)
- **Starr King K-8**

---
