Important Notice

Fall 2013 Term: The priority application filing period for fall 2013 is October 1, 2012 through November 30, 2012. All CSU campuses will accept applications for admission during this period.

CSU campuses will hold all applications until the end of this initial application filing period on November 30, 2012. The reason for this action is because there is a measure on the November ballot (Proposition 30) which requires voters to decide whether to provide additional funding to help the state address the ongoing structural deficit. If Proposition 30 is not approved, the CSU budget will be cut an additional $250 million.

Enrollment capacity on the CSU campuses is necessarily tied to the amount of available state funding. Therefore, if Proposition 30 is not approved, the CSU will have to admit fewer students. Admission decisions are therefore being postponed; students will begin to receive admission notices after the application deadline of November 30, 2012.

If you would like more information about Proposition 30, it can be found at the Secretary of State’s website: www.sos.ca.gov.
What is CSUMentor?

CSUMentor is a website designed to help students and their families learn about the California State University (CSU) system. The CSU is comprised of 23 excellent campuses. CSUMentor assists students in planning for college, in selecting the appropriate CSU campus to attend, in planning how to finance their education, and in applying for admission.

CSUMentor has four sections that are important for students to be successful in preparing for college. Under the "Plan for College" tab, students are able to map their college path as early as the 6th grade and follow their plan through high school, and community college. Students will learn about the CSU requirements, tests, and application deadlines. The "Explore Campuses" tab allows students to determine which campus is best for them based on interests and needs. The "Apply Online" tab is the standard CSU application process that all campuses use for admission. Students must submit this online application during the announced application filing periods in order to be considered for admission to the campus of their choice. Once a student submits an application, campuses communicate with the student directly and inform them of upcoming deadlines. The "Financial Aid" tab describes the different types of financial aid available and provides students with information on how to apply for aid. Students wishing to be considered for aid must fill out the Free Application for Federal Student Aid by March 2.

CSUMentor is free to use. The student will only pay the application fee charged by the CSU campus when an application for admission is submitted. All personal data entered by the user is not released without the user's express consent, and data entered in a planner can be transferred easily to an online application for admission. For more information about your privacy rights on CSUMentor, be sure to read the CSUMentor Privacy Statement.

Fall 2013
SDSU will begin accepting applications for fall 2013 admission from first-time freshmen on October 1, 2012. The application deadline is November 30, 2012. SDSU expects to receive more applications from qualified applicants than there are spaces available. All applicants are strongly encouraged to have alternate education plans.

Freshman applicants for fall 2013 must take the SAT Reasoning or ACT test (regardless of high school GPA) no later than the November 2012 SAT test date, or October 2012 ACT test date. Admissions criteria can be found at www.sdsu.edu/admissions

California resident freshmen who are admitted for fall 2013 and have remediation needs in English or math will be required to enroll in summer 2013 course(s) prior to attending SDSU in fall 2013. This summer enrollment is mandatory and students should make their summer 2013 plans accordingly.

Majors with special instructions:
Students that request the Music, Dance, or Theatre Arts (Performance) major and meet the CSU admission requirements will be required to audition as part of the admissions process. Auditions will be held in February 2013 for fall admission.
