Community Service Guidelines

1. Community service activities may be performed in any combination of hours, days, or weeks beginning the first day of freshman year and concluding the end of the senior year.
2. Records should be kept. It is recommended that this be done yearly.
3. No activity for which the student received compensation or school credit of any kind may be used to satisfy community service hours.

Recipient Certification of Community Services Provided

Name of Organization: ________________________________________________
Address: ___________________________________________________________
City: ____________________________ State: ________ Zip Code: ________
