

Eligibility for Enrollment in Discovery Club (full-fee)

The following conditions reflect compliance with State/Federal mandated regulation and district policies.

The program welcomes and is prepared to serve all children when the program meets the needs of the child in the least restrictive environment. A child shall not be enrolled in more than one program for the same time period on the same day.

Discovery Club (full fee program):

Discovery Club is a 12 month program for children, kindergarten through 12 years of age. To be eligible for a specific Discovery Club, children must be enrolled and attend the elementary school on campus.

Children are enrolled according to program waiting list guidelines. Enrollment must take place within two weeks of being offered a space in the program. If parents decline the space offered, they are removed from the list but may call again to see if space is available at a later date. Children who will start kindergarten in the fall are eligible to start Discovery Club the first day of summer prior to their first day of kindergarten.
