Friday Memo

March 9, 2018

Happy Friday, I hope you've all had a great week!

Please join me in welcoming Administrative Assistant Kellie Fujimoto to our team! Kellie comes to us from the San Juan Unified purchasing department and brings a wealth of knowledge with her. We look forward to formally introducing her at the next Bond Oversight Committee meeting on April 17 at Del Paso Manor Elementary School.

Wednesday night our Design-Build entity of Clark/Sullivan and Lionakis hosted an informational session about the new Dyer-Kelly Elementary campus at the school's family night. The team provided snacks and the opportunity for students and families to experience a virtual reality tour of the campus. It was a great night to connect to our Dyer-Kelly community and generate excitement for the campus.

We are extremely proud to unveil the initial concept of Casa Roble Fundamental High School's signature project from the Design-Build entity of Flint Builders and JK Architects & Engineers (JKAE). The project is going to provide an amazing "front door" to Casa Roble and showcases a modern student union, media center and administrative services. I'd explain further, but I can't do it justice. So [click here](#) to see a video put together by JKAE.

I'm on vacation next week, so there will be no Friday Memo.

Have a great weekend,

Brett A. Mitchell
