### *Friday Memo*

Aug. 17, 2018

Happy Friday, I hope you've all had a great week!

Thursday was a very busy day for San Juan Unified as students returned back to class. Our facilities team did our part to pitch-in and help out at as many sites as possible. Several of our staff helped out at Greer Elementary where construction does have an impact on students and families. Our Construction Manager Josh Jacobson really got into it – dressing up as the school's mascot!

Speaking of Greer, our Design-Build contractor Otto Construction has been taking drone footage of the project's progress. Check out this video their public relations team put together: <https://www.youtube.com/watch?v=wEJ2wh-8JL8>

At the Aug. 14 Board of Education meeting, the board unanimously approved the Bond Oversight Committee application of Timothy Slape. Timothy will attend his first meeting as a committee member next quarter.

Finally, I want to note that we held interviews for our third Construction Manager position. It was a great applicant pool, and we're hopeful and excited to be announcing a new hire in the very near future.

Have a great weekend,

*Brett A. Mitchell*
